

Mayor Turner will resign to head Ford in Venezuela

Thomas A. Turner will soon submit his resignation as mayor of Plymouth to become president of Ford Motor Co. in Venezuela.

Turner made that surprise announcement at the close of Monday night's city commis-

sion meeting, catching city officials and political observers off-guard.

The 47-year-old Ford Motor Co. executive said the decision "has been a matter of great consternation" over the past three weeks, but that his move to South America would be "just one more chapter" in his rise through Ford.

Turner, who has served as supply and distribution manager for Ford's parts and service division the past two years, joined the company in 1956 as a financial analyst. Effective Sept. 1, he will head the \$1-billion-a-year, 5,000-employee Ford company in Venezuela which runs two assembly plants, a trim plant and is in the process of developing an engine plant.

He and his wife, June, will live in Valencia—a "long commute" to stay as mayor, Turner said. The mayor was just completing his

first four-year term on the commission and was headed towards reelection this November. "I had absolutely no knowledge of this (appointment) at the time petitions were submitted on my behalf for the commission election," Turner explained.

Will write-in join race?

BY W. EDWARD WENDOVER

Lack of interest may make this November's Plymouth City Commission race interesting, yet.

When only four candidates filed for the four seats up for election, the race seemed automatic. The sole decision left to voters

Where do your school tax \$ go?

BY PATRICIA BARTOLD

Where do your tax dollars for the Plymouth-Canton schools go?

A comparison of school budgets from the 1978-79 and 1976-77 school years shows that, while student enrollment has grown from 14,410 to 16,100 students in the district, the cost of educating each student has also risen by almost \$400 -- from \$1,481 per student to \$1,835 per student.

The number of mills levied in the school district (\$1 per \$1,000 state assessed value for your home) has also increased from 33.76 mills to 38.63 mills.

Under expenditures, the amount of money allocated for instructional purposes -- teachers' and administrators' salaries, pupil services, staff services, and other classroom services -- has risen from 68.2 per cent of the budget to 75 per cent.

This increase is partially due to a new accounting system used in the school system since the 1976-77 school budget was adopted, said Ray Hoedel, assistant superintendent for business in the district.

He explained: "Fixed charges which in-

Truck in the trunk

A CRUSHED TRUNK. A truck, driven by a 21-year-old Belleville man, collided with two cars late Monday afternoon at the intersection of Ann Arbor Road and Main Street in Plymouth. Charles Hatfield, 35, of Plymouth, was driving the 1968 Dodge, pictured above, and

Edmund Mag, 66, of Birmingham, Ala. was driving a second vehicle, said the Wayne County Sheriff Department. Hatfield was taken to the hospital. No tickets were issued, said a sheriff's spokesman. (Crier photo by Bill Brooker.)

Project's developer unsure of next course

The developer of a large, subsidized-income housing project adjoining Pickwick Village subdivision in Canton said Monday that he doesn't know whether he will fight the Board of Trustees decision to block the project.

Last Tuesday, the board denied a request for site-plan approval for the 168-apartment complex on the east side of Lilley Road south of Warren.

Dave Berry, attorney for the township, said the project would violate the PUD (plan-

ned unit development) agreement of Pickwick Village.

He said the PUD, an agreement between the landowner and the township, stipulates that the apartments in the subdivision must be built before the single-family homes.

Since the single-family homes were obviously constructed first, the zoning of the proposed site reverts to single family, he said.

"We have not decided whether to go to court," said Kim Wilkerson of Amurcon.

"The alternatives are either to drop our plans (for the apartment complex) or go to court."

"There has certainly been a loss in value of the land if the township maintains only single-family homes can be built there," he added. "The landowner may want to collect back taxes. The township was willing to collect the (higher multiple) taxes, but not let us build apartments."

At last Tuesday's meeting, a lawyer for Amurcon disagreed with Berry's assessment of the case. "The township approved

the sequence of development, and the time lag (since the approval) would make it wrong to deny us," he said.

The board's unanimous vote to deny Amurcon's site plan for the project was met with loud applause from the 50 or so Pickwick Village residents in the audience.

Clerk John Flodin, who made the motion to deny, cited the breach of the PUD mentioned by Berry, adding that the project was not in the "best interest" of the nearby residents' property values.

Local officials paid their property taxes on time

BY CHAS CHILD

Did you ever wonder whether public officials who make fiscal policy in the Plymouth-Canton Community pay their property taxes on time?

In 1979, anyway, they all did. A Crier survey of the public tax records in the City

of Plymouth and Canton and Plymouth townships showed that all top officials paid their property taxes before the deadline in late February.

Here are the officials surveyed. In the City of Plymouth: City Manager Fred Yockey; Ken Way, clerk-treasurer; City Commis-

sioners Beverly McAninch, Mark Wehmeyer, David Pugh, James Houk, Eldon Martin, and Mary Childs; Mayor Tom Turner; Plymouth-Canton school Superintendent John M. Hoben; and school board member Richard Arlen.

In Canton Township, the following persons

were checked: Supervisor Noel Culbert; Treasurer James Donahue; Deputy Treasurer Maria Falkiewicz; Trustees Robert Greenstein, Eugene Daley, Stephen Larson, and Carol Bodenmiller; Clerk John Flodin; John Zeck, assistant to the Plymouth city manager; and Flossie Tonda and Elaine Kirchgatter, Plymouth-Canton school board members.

Plymouth Township officials checked were: Supervisor Tom Notebaert; Treasurer Joe West; Clerk Esther Hulsing; Trustees Maurice Breen, Lee Fidge, Gerald Law, and Barbara Lynch; 35th District Court Judges Dunbar Davis and James Garber; Plymouth-Canton school board members Carol Davis, Stephen Harper, and Sylvia Stetz; Circuit Court Judge Thomas Foley; Assistant School Superintendents Raymond Hoedel, Michael Homes, and Norm Kee; County Commissioner William Joyner; U.S. Representative Carl Pursell; Maurice Roach, Jr. director of the County Planning Department; and Orville Tungate, deputy county clerk.

Twp. studies bike paths

Expansion of the bike path system in Plymouth Township came a step closer to fruition this week when the Planning Commission decided on what Chairman Smith Horton called "an intermediate plan to develop a relatively inexpensive system" that will connect township residents with six specific areas.

Horton identified these as being the: (1) existing Middle Rouge Park bike path system; (2) I-275 bike path system; (3) City of Plymouth bike path system; (4) Plymouth Central Business District; (5) the Centennial Educational Park complex where

DETROIT EDISON OFFERS EIGHT IMPORTANT TIPS TO HELP YOU GET THE MOST OUT OF YOUR AIR CONDITIONER THIS SUMMER.

Fortunately, Detroit Edison customers have plenty of electric power available. Now and in the future. It's the result of planning, development and investment and the fact that over 84 percent of Detroit Edison's power is generated

from coal, the nation's most abundant fuel. The balance is generated from other fossil fuels.

Even so, none of us should waste energy. So follow these tips and stay cool and comfortable all summer long.

1 Keep your air conditioner on a moderate setting. When leaving home, set the temperature higher.

2 Pull down shades and close draperies to keep out the hot sun.

3 Be careful not to block the flow of cool air.

4 Shade windows from outside with ventilated awnings, solar screens, trees or shrubs.

5 Keep air filter, coils, registers and return ducts clean.

6 Flush out hot attic air with a powered ventilator.

7 Use heat and humidity-producing appliances — such as your oven, washer and dryer — early in the morning or in the evening.

MODEL NUMBER ACR20674F		
VOLTS 115	CYCLE 60	PHASE 1
COOLING BTU/Hr 7000	AMPS 7.5	WATTS 860

8 If you're buying a new air conditioner, you'll save electricity if you select one with an energy efficiency rating (EER) of 8 or higher. The EER is figured by dividing the BTUs by the watts.

KEEPING THE POWER IN YOUR HANDS

Let's Talk Real Estate

by Barbara M. Olson

Choose a real estate firm with care! Look for one who can be trusted implicitly. Tell him/her how much money is available for the purchase, the type of home in which you are interested, and approximately where that home should be located. Most real estate firms keep in touch with other brokers in the area who might have the type of property for which you, the buyer, are looking. If not associated in a formal system of broker cooperation, most have prearranged agreements with other brokers to enable most homes in an area to be available for showing.

For answers to your real estate related questions, choose the people with the answers, the professional real estate people at REALTY WORLD-COLONIAL VILLAGE INC., 42142 Ford Rd., Canton, 455-7790. Our experience, knowledge of real estate and our familiarity with the community affords us the opportunity to serve our clients in a knowledgeable and sincere manner. When considering buying or selling real estate don't settle for less, come to REALTY WORLD-COLONIAL VILLAGE INC.

Is Canton dump polluting our ground water?

THE WOODLAND MEADOWS LANDFILL, above, may be polluting ground water. (Aerial service courtesy of A.J. "Woody" Lynch)

Strong indication that a Canton Township dump may be polluting surrounding ground water has been found by the township's engineering firm.

Tested was ground water of Woodland Meadows Landfill on Hannan Road, located east of I-275 and south of Michigan Avenue, where Detroit treated sewage has been dumped for months.

It is this same treated sewage (sludge) which Bi-Products Systems of Michigan plans to turn into fertilizer in a plant in Canton. At this point, however, this is no evidence that the possible pollution found at the landfill was caused by the sludge, said Bob Wade of Wade, Trim & Associates, the township's engineering firm, which made the pollution tests.

The township administration ordered the tests at Woodland Meadows over concern that the sludge at the fertilizer plant may pollute surrounding ground water.

"Our test are only what we call indicator tests," said Wade. "What we need to do now is go back to the landfill and make specific tests for bacteria and heavy metals which we know the sludge contains."

Wade said yesterday (Tuesday) that he hopes to obtain permission from township officials to make these specific tests today.

"Only after we make these further tests can we be on solid enough ground to possibly shut the landfill down," he added.

In anticipation of just such findings, the township board recently passed an emergency ordinance which would give it power to shut down landfills if they were polluting local ground water.

Wade said tests were made of ground-water uphill and downhill from Woodland Meadows. In the test for organic carbon, for example, 250 milligrams per liter were found uphill or upstream, while 560 were found downstream.

In another test, 16 mgs/l of chloride were found upstream, and 535 were found downstream. Also 39 mgs/l of sulfates were discovered upstream, 950 downstream.

"Numbers can be misinterpreted, but we've definitely got something," said Wade.

Bi-Products is still seeking approval from the township for its fertilizer plant, proposed for a site off Morton-Taylor Road, south of Michigan Avenue, according to a Bi-Products spokesperson.

Can Omnicom follow through?

BY CHAS CHILD

Does Omnicom Inc., a firm proposing to install cable television service in the Plymouth-Canton Community, have the financial backing and experience to follow through on their plans?

Canton Township officials, anyway, aren't sure. "On paper they look good," said Treasurer Jim Donahue. "But this is their first venture and they don't have the resources of a major cable company."

Recently formed to bring cable television to Plymouth-Canton, Omnicom is backed by a cable TV consulting firm from Toledo, Hoarty & Raines, Associates, which provides management expertise.

Financial backing for the firm is provided by Black Hawk Communications, a broadcasting firm from Waterloo, Iowa, that operates a cable television system in Ft. Worth, Texas, said Jeff Dorn, vice president of Omnicom.

Dorn was given a good recommendation by City Manager Steven Shutt of Ypsilanti

for his two-year management of that city's cable system, said Donahue.

Despite all these credentials, Donahue said he would still feel more comfortable with a second bid from another company.

Supervisor Noel Culbert, in fact, has contacted an Atlanta, Ga. cable firm, Cox, about a possible bid. "I think Omnicom's proposal is good, but we will welcome other bidders," he said.

The Board of Trustees was scheduled last night to consider Omnicom's request for a franchise to offer cable service to township residents. "At this point," Donahue said Monday, "I'm not sure whether I'm going to approve it (Omnicom's request) or delay it and seek a proposal from another company."

Donahue called "palatable" an agreement reached between Omnicom and a township cable-television commission. This part included a \$10,000 bond to insure "faithful performance of all undertakings" of Omnicom, and a guarantee of three local channels: one for use by the township govern-

ment, another for the Plymouth-Canton schools, and a third for local programs produced by a staff of two full-time Omnicom staffers.

The township committee also stipulated that the township be able to approve, not just review, service fees.

Initially, the committee's report said, the service should cost \$7.95 per month, with additional outlets at \$4 per month.

City approves cable television agreement

Cable television is coming to Plymouth.

The City Commission and Omnicom entered into an agreement Monday night to have the cable television company provide service in the city within two years.

A similar agreement was granted by the city some years ago to another company but the system was never developed.

Omnicom plans to use existing utility poles to string its lines which in addition to carrying 21 television channels and several sports, entertainment and public service channels, may also be used for fire and burglar alarms or medic alert systems.

According to Jeff Dorn, Omnicom of Michigan vice president, Plymouth will be one of several surrounding communities tied into the same cable system.

The commission voted unanimously to approve the Omnicom agreement after first unanimously supporting an ordinance change to remove a now-illegal provision banning pay television from the city's existing cable television law. Commissioners Bev McAninch and Mark Wehmeyer were absent.

Near drowning injures man

PLYMOUTH TOWNSHIP RESCUERS assisted Richard Burger following a near-drowning accident Friday afternoon. Burger, 18, was pulled from the pool by his sisters, Sandy and Debbie, about 12:55 p.m. Friday. Debbie and an unidentified woman working at a nearby home were attempting to assist Burger with cardio-pulmonary resuscitation when rescuers arrived, according to the Plymouth Township Rescue Squad. He was taken to St. Mary Hospital in Livonia and then transferred to St. Joseph's Hospital in Ypsilanti Saturday. He was listed in "stable" condition late Monday afternoon. According to his mother, the accident may leave him permanently paralyzed. Burger, a June graduate of Canton High School, is the son of Mr. and Mrs. William Burger of 11500 Burger St. in Plymouth Township. (Crier photo by Bill Brecker.)

Canton flooding blamed on clogged sewers

BY CHAS CHILD

Clogged sewers and drainage ditches seemed to be the cause of the widespread basement flooding in Canton Township last Wednesday, according to Supervisor Noel Culbert.

About 200 basements were reported flooded in Windsor Park, Carriage Hills, Willow Creek, Willow Trails, and Sunflower subdivisions. It was the second bad flood in three months, as generally the same houses in the township filled with water during a similar rainstorm on April 13.

"We've found that there's a lot of mud in the catch basins in the storm sewers," said Culbert. "This backs water up into the sanitary sewers, which fill and back up into the houses."

Secondly, he said, the open ditches in some subdivisions were poorly designed and are clogged with debris.

In addition, Township Engineer Bob Wade said the main culprit in the infiltration from the storm sewer system to the sanitary sewers is leaking manholes in the sanitary system.

"The manholes are damaged by frost cause a lot of water to leak into the sanitary system and then into basements," he said. "We are surveying them and fixing the, the worst ones first."

Because it would take a massive, multi-million-dollar effort to expand the storm sewer system to handle a rain like last Wednesday's, said Wade, he is concentrating his efforts on sealing the sanitary system.

Part of this effort is applying for federal funds to fix the broken manholes, which is now underway. "The township may have as many as a couple of thousand which need repair," he said.

Dye-water testing around homes to gauge how much water is getting through the foot-

ABOUT 200 basements flooded in Canton last Wednesday, including this one on Brandywyne in Windsor Park. (Photo by Keith Saley.)

ing drains will also be done soon as part of the federal application process, he said. Footing drains, located at the foundation of houses, can, if saturated, over flow basements.

In the northwest corner of the township, 4.6 inches of rain fell during the storm, he said. At Metro Airport, which was disrupted by the flooding of Merriman Road, one of its main feeder roads, 2.88 inches fell, he said.

A representative of Wade, Trim & Associates, the township's engineering consultants, was expected to give further details on the flooding at last night's Board of Trustees meeting.

What can be done to prevent future erosion? Culbert outlined a number of steps under consideration as of Friday: "We're

thinking about requiring subdivision developers to post five-year bonds to insure that they maintain the catch basins," he said.

The basins would be checked regularly by the township, he said. If the developer fails to maintain them, the township will clean it and draw from the bond to pay for it, said the supervisor.

To prevent erosion during construction, the township is considering an ordinance

to require builders to take such measures as spreading hay along drains, Culbert added.

It is run-off dirt from construction sites that has contributed greatly to the clogged sewers, he said.

"The Wayne County Road Commission is supposed to clean the catch basins, but they haven't done it," Culbert said. "I guess we'll have to do it."

If basement flooded, telephone township...

In order to apply for state or federal disaster aid, Canton Township officials ask residents to inform them of details of household or crop damage from last Wednesday's flooding.

The information is needed as soon as possible, said Police Chief Jerry Cox. Residents who suffered damage should call Nancy Longwell at Township Hall, 397-1000.

...and save info for tax

Taxpayers who suffered casualty losses of business or personal property as a result of the recent heavy rains and subsequent flooding may be eligible to deduct some or all of their losses on their federal income tax returns, says the Internal Revenue Service.

Losses to business property are generally deductible in full. Personal property loss deductions, however, are limited to the amount of loss exceeding \$100 for each occurrence, the IRS said.

To claim a casualty loss, a taxpayer must be able to substantiate the loss, the IRS said. The taxpayer should compile a list of those items damaged or destroyed and determine their value immediately before and after

the loss occurred. Photographs of damaged property, as well as photographs of the property before it was damaged, if available, are helpful. Judgments of independent appraisers will also help substantiate losses.

The IRS said that the portion of a loss which is subsequently reimbursed by insurance is not deductible.

Further information for taxpayers is available in two free IRS booklets -- Publication 547, "Tax Information on Disasters, Casualty Losses, and Thefts," and Publication 584, "Workbook for Determining Your Disaster Loss," which are available for local IRS offices. Taxpayers can also call the IRS weekdays from 8 a.m. to 4:30 p.m. The phone number in Detroit is 237-0600.

In Old Village

Dearie Day coming

Clowns, singers, and artists will dot the streets of Plymouth's Old Village at the "Dearie, Do You Remember When?" festival Saturday, July 21. The eighth-annual fest will begin at 10 a.m. and continue until 6 p.m.

Featured during the festival will be arts and crafts exhibits, a raffle, games for the kids, an antique flea market, sidewalk sales, and lots of good food to eat.

During the evening, you can dance under the stars from 8 p.m. to 1 a.m. Dance tickets are on sale from Old Village merchants.

To open the Dearie Days festivities, Bill Ruehr, president of the Old Village Association, will send balloons off in front of the Old Village fountain at 9:45 a.m. Saturday.

From 2:30 to 3:30 p.m., kids can participate in tug-of-wars, sack races, and games on Division Street.

Bands to gather for benefit

Fifteen bands will gather for a preview show of the Muscular Dystrophy Jamboree Aug. 15. The jamboree will be held at Canton's Center Stage and will feature bands such as the onestar Band, Freddie Butis, Mike Kelly, and Deep South. The show will open at 6 p.m. and continue until 2 a.m.

The preview show will help promote the Aug. 26 jamboree for muscular dystrophy at the UAW Hall on Michigan Avenue. The show will begin at noon and continue until 2 a.m. Mary's Fabulous Chicken, a new business opening in Canton, will donate food for the musical fest.

All proceeds from the jamboree will be donated to the Muscular Dystrophy Association, said Gary Roberts, who is co-ordinating the event with Jim Bridenhol. Both are residents of Canton.

To donate your time or help, call 453-2105.

Do ESY kids awake too early?

Kids on the extended school year program (ESY) go to school too early in the morning and get out of classes too early in the afternoon, according to Nancy Reed of Canton.

Under summer hours recently started in the Plymouth-Canton ESY schools, children start classes between 7:20 a.m. and 8 a.m. and are dismissed at either 2 p.m. or 2:30 p.m.

She complained to the Board of Education at its public forum Monday night at Field

Elementary School.

"It would be more beneficial if kids could sleep an extra hour in the morning," said Reed.

School administrators said the early starting and closing times were enacted so that students could participate in special summer activities and programs not usually offered in the fall. Earlier starting and closing times are based on a recommendation by ESY principals, said Superintendent Mike Hoben.

Do you remember when?

DEARIE DAYS. Merchants and residents of Plymouth's Old Village are getting ready for the "Dearie, Do You Remember When?" festival Saturday, July 21. The all-day fair will feature a barbershop quartet, flea market, pony rides, and arts and crafts sales. It will begin at 10 a.m. until 6 p.m. (Crier photo by Steve Settles.)

CONSUMER TIPS**

Here's how to get that Long Distance number (and a free Personal Directory to keep it in) so you can dial it yourself and save.

If you've ever forgotten how to get a needed phone number for a distant city — outside your own area code — you may want to clip this ad and keep it near your phone as a reminder. Here's all you do: First, dial "0" and ask the operator for the area code, if you don't already know. Then, for Long Distance directory assistance, dial "1," plus the area code for that city, then 555-1212. You will reach a Long Distance directory assistance operator who will give you the number. Once you have the number, write it down so the next time you need it, you can dial it direct and save. If you don't have a good place to write it down, we have a place for you... your Personal Telephone Directory — a handy book for keeping your personal list of local and out-of-town phone numbers. It's free. Just call your Michigan Bell business office and ask for a copy.

With Turner's resignation

Wanted: city commission write-in candidates

community opinions

Wiedman parking idea deserved Bev's support

Behind unification and solving the railroad delays the city has spent more hours "studying" parking than any other topic. (The Loop Road comes a close fourth.)

So, why can't they DO anything about it, the addage asks.

Mostly because it would cost big money and our "City of Homes" commission is unable -- or unwilling -- to sell the need and benefits to city voters.

Ask, who is it, after all, that parks in those parking spots? Votes.

The current push to deck the Central Parking Lot is a fair approach.

If businesses affected can bear the initial chunk of financing, the city can justify the remaining effort. It sounds like a simple solution, but it will take much complex planning.

Similarly, the proposal for the hotel paying half the Wiedman Parking Lot fares is at least a small step towards removing the general tax fund's parking burdens.

That's why it was curious that Commis-

sioner Beverly McAninch voted "no" on the issue. She has been the champion of keeping the general fund of the city away from helping commerce in the past.

So what was her problem this time? It appears that her negativism came only because Hotel Owner Ralph Lorenz was involved. There certainly is little love lost between the commissioner and the restaurateur.

Isn't that a silly way to act in government? Mrs. McAninch spends much time as the city's representative in regional governmental efforts on long-range solutions. (that, as yet, have borne little fruit for our community)

Yet, when it comes to her own backyard, Mrs. McAninch can't even see the end of her nose.

City voters will lose representation when Mrs. McAninch steps down from the commission this fall, she has championed her views well. But let's hope her replacement will be able to act with less pettiness and more vision on local problems.

Now look at the city commission race.

As if it weren't bad enough that only four candidates filed for four seats, Mayor Tom Turner's surprise transfer and pending resignation means there won't even be enough candidates to fill vacant terms.

This is a sorry state of affairs.

According to the city clerk and city attorney, Turner's name will still appear on the ballot even though he will be living in Venezuela by then. That will mean the new commission must face the task of appointing a member.

Unless...

A write-in candidate could mount a serious campaign and poll enough votes to beat out even Turner.

We urge city residents who wish they'd filed for the commission to give serious thought to such a move. Details are available at City Hall. With the help of Turner in asking voters not to pull his lever down, a write-in candidate can win. That would be better than an appointment.

THE COMMUNITY CRIER

Canton Commons needs summer program bus

EDITOR:

We read an article in your paper, Thursday July 5, about a bus needed for a summer rec program in Canton Twp. As parents of the children in Canton Commons, we would like to speak.

The program director has talked to us on several occasions about the transportation situation for this year's activities.

The local churches and schools in our area, for one reason or another, are incapable

of providing needed transportation services.

We thought the churches cared about our children! These buses come in on Wednesday and Sunday to take our kids to their churches, so that all the seats are filled there. So why not let the kid fulfill his/her summer, and keep them out of trouble?

UNHAPPY KIDS AND CONCERNED PARENTS OF CANTON COMMONS.

Letters TO THE EDITOR

The Community Crier welcomes letters to the editor. However, to insure space for as many opinions as possible, we ask that they be to the point and concise. Also, letters must be signed, although we will withhold names upon request.

After 2 summers, we ask: Where is Village gazebo?

EDITOR:

Two summers ago, the Plymouth City Commission approved federal monies to build a gazebo in Plymouth's "Old Village." It was to be built within the park that lies on Farmer St. between Starkweather and Mill Street. What happened?

I personally know just how hard the merchants and residents of O.V. worked to bring

about the construction of this gazebo. It was a long, tough fight with certain city commissioners before the park took shape and became a reality.

But here and now, two years later and still no gazebo, at least not where it should be and God knows I don't have it. Any insight would be greatly appreciated.

There are surveys and there are surveys . . . most rely on a tiny sampling of what respondents SAY they do.
But to really measure the effectiveness of advertising, a coupon test is the most accurate gauge.
Advertising in The Crier reaches nearly 19,000 homes and businesses in the heart of your local marketing area.
As the exclusive medium offering only local news, opinions, features and sports, The Crier is read cover to cover by majority of customers patronizing Plymouth-Canton businesses.
And that translates into advertising impact.

Will Twp. rutabaga raisers ride affluence?

A major problem often faced by the nouveau riche of this world is found in their tendency to ride off in all directions at once in distributing alms to the heathens.

The rutabaga raisers who administrate Plymouth Township's government have had no time this year to be vaccinated against this pox, and their corral shines with gold leaf.

An auditor recently hung a sign on the front gate of that corral which said that over recent years a cash surplus of more than \$900,000 has accumulated. What to do with loose change such as that is such a rare governmental topic that Our Leaders can find little in the archives to guide them.

Since March, the devout who sit in on Township Board of Trustee meetings have heard about all sorts of ways to spend money in large chunks, the kind that only the saddle bags of the dollar-snoiting stallions in that corral can carry.

There was a proposal to remodel the entire Teledyne Building next to Township Hall and turn the two structures into one entity. Then just a connecting link was decided upon. The township this week bought 33 additional acres to expand Hilltop Golf Course to 18 holes, but no one yet has any idea where the 10th tee will be.

The Water and Sewer Department wants new quarters, and other departments also complain of lack of space. That says nothing

by Fred DeLano

through bifocals

to the inadequacy of staffing and equipment. Nor is it by any means the end of the list of needs.

Some trustees have cooed how devine the triangle formed by Powell and Beck Roads and Ann Arbor Trail would be as the site for the seat of government, leaving the present township hall to other uses.

A third fire station also has been talked about, and it brought this gem from one of the decision makers:

"Why build a third fire station on the west side when we don't have enough firemen even to properly staff the two stations we now have? The way we're staffed, we wouldn't even have a man to answer the phone out there."

Well, enough of the amenities. Last week, the township board decided it is so rich it has no need to ask the people for permission to levy an extra mill to pay for the long-discussed police protection plan being worked out with the Wayne County

Sheriff's Department.

Some residents who are boosters both of the plan itself and the theory of paying for it through special taxation may consider that a betrayal. They are the same folks who supported the concept of a change in the form of government to that of a charter township, and who are unalterably opposed to annexation of any portion of the township by the City of Plymouth.

The thinking runs like this, as it has been pieced together in several backyard conversations and chance encounters with residents while involved in their weekly social outing at the supermarket:

Inasmuch as no referendum petitions were filed against the charter township proposition in the time allowed, the one last opportunity electors might have had to register an objection (because of the significance of the police measure in an anti-annexation sense) would have been in the Sept. 11 special election.

Now that has been canceled. Which governmental quarterback conceived that maneuver is not clear, but it may be among the issues the next time township voters go to the polls to elect their officers. That will be in November, 1980.

Inasmuch as Township Attorney Donald Morgan himself has questioned legality of the recent charter status step through board resolution, maybe it should be challenged in court to clear the air. In fact, perhaps peaceful, placid Plymouth Township needs a governmental comeuppance.

The timing of the latest maneuver, this gratuity of giving what is expected to be nine-man, 24-hour, two-car sheriff's service without a vote of the people as to the price, couldn't have been worse.

The township board's seven darlings seem to be operating on the theory that the cash flow and mounting surplus will have no end. This will permit them to seek re-election on a platform of affluence, not privation or efficiency. Neophytic electioneering such as that could bring one of the biggest changeovers in local history.

Well, it's a line of thought good for conversation when the rocking chair philosophers gather for coffee, or whatever they sip. Township government always has been the funny-bone of the community, but also its gristle. I don't know what we would do without it.

community opinions

CANTON FLOODING—photo by Keith Saley

Canton needs flood answers - not excuses

Few things are as frustrating as watching your basement fill with muddy storm water. Especially when it happens twice, as it did to hundreds of Canton Township residents in the last three months (April 13 and last Wednesday).

So it is not surprising those with flooded basements have deluged Township Hall with requests for explanations, demands for quick solutions, and old-fashioned snarled upper lips.

There are no quick solutions, as Township Engineer Bob Wade, himself a township resident (not flooded, by the way) is quick to point out. And he's right.

There should be, however, a sure plan to find a solution. Sewer systems are not all that complex; the cause of the flooding should be concretely identified.

If Wade, Trim & Associates is overworked, as they seem to be, then township officials should call in another consulting firm for help. April 13's flood caught the township by surprise. But there's no doubt now that flood control should be on the front burner.

A step-by-step plan in plain English to solve the problem should be prepared by the township administration as soon as possible. If not, we'll see flooding in 1980, 1981, 1982 . . .

THE COMMUNITY CRIER

County needs executive

Although the decisions of Gov. William Milliken usually don't directly affect us, his recent action to hold back funds designed to prop up the Wayne County government is worth noting.

Wayne County is limping along with a form of government left over from the horse-and-buggy days. With little accountability (except to labor-union bosses) and burdened with political hacks who owe their jobs to patronage, even basic services such as drain cleaning in Plymouth-Canton are non-existent.

Milliken has refused any more state financial aid until county leaders and state legislators devise a plan for reform. So far, after months of warning by the Governor, county officials are still sitting on their hands.

One plan, in part initiated by County Commissioner Bill Joyner of Plymouth Township, calls for by-passing the County Commission altogether by putting a proposal for a county executive on the ballot. An elected county executive would be accountable to the public, unlike the dozen or so petty barons in charge now.

A petition drive is underway to put the county-executive plan before the voters, but so far it has only about one-half the required number of signatures.

We support Joyner's efforts and urge citizens to sign the petitions. And we urge the Governor not to buckle under to the substantial clout of Wayne County officials.

THE COMMUNITY CRIER

Pay your paper carrier

EDITOR:

After my daughter's disillusioning experience as a Crier carrier, I feel compelled to speak, not only to the editor, but the readers as well.

My daughter has faithfully delivered the paper for six weeks, many of which, I was with her. Because she was at camp, I made collections for her and was appalled at the rudeness and lies I was met with, concerning the delivery of the paper.

I realize the cost is voluntary, but I feel people who do not wish to pay should be honest and admit it, rather than accept and enjoy the paper and then become indignant and make up excuses for not paying.

These carriers depend on 25 per cent of the collections as the bulk of their wages for the labor they perform. Perhaps the fault lies with the voluntary pay system itself. A mandatory charge for subscribers may alleviate the problem of the carrier being put in the middle at collection time. An increase in the amount for each paper delivered, to make up for what the carriers are unable to collect, may make it a more profitable and enduring job for those youngsters who are working to earn extra money.

But I feel that regardless of the wage

earned, there is no excuse for, nor should the hard working carriers have to contend with, the guilty excuses and abuse from the people they are working to serve.

I think all parents strive to teach their children to grow into responsible, caring adults. Please remember the simple rules of common courtesy and honesty the next time any carrier is at your door. Someday it may be your own child who is collecting.

ANN DUNNING

EDITOR'S NOTE: The "voluntary pay" newspaper delivery system relies on customers' good will to produce extra rewards for a carrier's efforts. While it is true that not everyone will pay, The Crier has found that with good service, most subscribers pay their carriers. Advertising clients of a newspaper like The Crier prefer to reach all the community's residents and thus bear the cost of paying the carriers to deliver the newspaper. (It is because of The Crier's advertising support that we are able to pay the highest delivery fee among papers serving this area.) While Crier carriers earn on the job, they also learn about conducting business in the real world. We hope you will enrich your Crier carrier's first business experience.

What is...

"VOLUNTARY PAY?"

The Crier is a "voluntary pay" newspaper. That is, you may receive The Crier whether you choose to pay your carrier or not. Let's consider, for a moment, what happens when you DO pay. Your carrier keeps 25% of his or her collections, 100% of his or her tips and in addition, is paid 2 cents for every paper delivered. This first-job experience teaches these youngsters valuable lessons in money management and budgeting, and provides them with

an opportunity to develop personal motivation. Crier carriers strive to do their very best. Next collection your carrier would be more than grateful if you pay 70 cents for the past four weeks, but a friendly "I'd rather not pay," would be accepted. Either way, a valuable lesson is learned . . . and you can be assured of continuous, conscientious delivery of local news, sports and advertising.

THIS IS COLLECTION WEEK...
Be Sure to get your Money Saver

ABOUT 15-20 KIDS take advantage of the summer playground program offered at the Fire Station No. 2 Park in Plymouth's Old Village every day, according to Tony Vitale, on the far left, and Karen

Craddock, in the background. Both are adult supervisors there. Friday afternoon the kids took a spin on the merry-go-round.

friends & neighbors

WINDSOR PARK IN CANTON

STICKY LIPS. Lots of concentration and wind got 7-year old Mark Stack a pair of sticky lips and a blue ribbon. Mark was the winner in the "Who Can Blow the Biggest Bubble" contest Friday afternoon at canton's Windsor Park. The contest was part of the Canton Township Parks and Recreation Department's summer playground program. It's free and open to all kids.

Whiling summertime away at Plymouth-Canton parks

Poison ivy is "in" at Old Village.

That's a game which eliminates all players except the most sure-footed and quick-witted. The last one left on the playground wins.

To help kids wile summer days away constructively, both the City of Plymouth and Canton Township Parks and Recreation Departments sponsor poison ivy and many other activities under adult supervision at various playgrounds.

Friday afternoon about 15 kids sent the ball skyward and began playing at Firehouse No. 2 Park across from Starkweather School. They played under the supervision of Tony Vitale and Karen Craddock who are employed by the Plymouth Parks and Recreation program.

Meanwhile, youngsters in Canton's Windsor Park East stuffed pink bubble gum into their mouths for the bubble-gum blowing contest. Mark Stack was the winner.

Adult supervisors Nancy Jimenez and Pat Mitchell pinned a blue ribbon on his shirt.

The following Canton parks participate in the program: Windsor, Pickwick, Willows, Wagon Wheel, Carriage Hills, Griffin, Fiegel, Canterbury Mews, and Canton Commons. Plymouth parks are: Hamilton, Sutherland, Elm Street, Auburn, and Firehouse No. 2 in Old Village. Both programs will continue until Aug. 10.

Summertime days are still filled with baseball, swimming, games, and carousing with the neighborhood gang. Much to the lament of working adults and kids attending school year-round, the lazy days of summer were made for kids.

PLAYING ZIM-ZAM. Giving the ball some mighty whacks Friday afternoon at Windsor Park in Canton were David Sanabria, left, and David Synalowski. All the kids were participating in the Canton Parks and Recreation Department summer playground program.

AT OLD VILLAGE'S Fire Station No. 2 Park, poison ivy is popular. Actually that's the name of the game kids are playing above. Tony Vitale, pictured on the far left, is an adult supervisor for the Plymouth Parks and Recreation Department's summer playground program there. Karen Craddock also works at the park. The weekday program will continue until Aug. 10.

Special T-Fal Cookware Offer

A T-Fal square Roaster \$11.71
 A T-Fal 5 quart Dutch Oven \$12.99
 A T-Fal 12 inch Fry Pan \$5.99
 A T-Fal 8 inch Fry Pan \$5.99

Use only one coupon per household. Offer good from August 14, 1979 to September 14, 1979. While supplies last. Offer good at all Security Bank branches. See store for details. Offer good at all Security Bank branches. See store for details. Offer good at all Security Bank branches. See store for details.

We have opened another branch office in Canton and we are having a week-long celebration to introduce ourselves, Friday, July 13 through Friday, July 20, 1979. You could be the winner of a week-long Hawaiian vacation or one of twenty-four T-Fal cookware runner-up prizes.

The winner will receive a one-week Hawaiian vacation for two. Your trip includes round-trip air transportation from Detroit and you can choose any Monday, Tuesday, Wednesday or Thursday prior to December 14, 1979 as your departure date. Also included are airport-hotel transfers and baggage handling in Hawaii, seven nights at the Sheraton Walkiki Manor Wing on Walkiki Beach, discount coupons for sightseeing and a free rental car for one day and \$350 in cash.

If for some reason Hawaii doesn't offer the vacation you've dreamed about, we still want this to be a prize you'll remember. So, in lieu of the Hawaiian trip for two, the first prize winner may choose \$1,500 in cash. Also, if the first prize winner is under 18 years of age, the trip is conditional upon the winner being accompanied by a parent or guardian.

The second through thirteenth winners have their choice of either the T-Fal rectangular roaster or the 5-quart dutch oven. And the fourteenth through twenty-fifth

winners may select either of the T-Fal fry pans. And there's more, because every adult visitor will receive a combination pocket knife/file/opener/screwdriver gift, a very practical item for pocket or purse. In addition, there will be balloons for the kids and refreshments for everyone.

Most exciting of all . . . you'll have the opportunity to buy the fabulous T-Fal Cookware at the very special prices shown in the caption above. Just deposit \$100 or more to a new or existing savings account, or open a new checking account, and you may purchase any one of the four items pictured. T-Fal is the non-stick cookware that lets you cook the modern, low-calorie way, without fats or oils. It's different from other non-stick cookware, because T-Fal's super-slick surface is forced into the metal base of the pan by a patented process . . . so there's no flaking, no peeling and no sticking and it cleans with just a rinse. Buy one item or the whole set, for yourself, your family or your friends. Just open a new checking account, or deposit \$100 to a new or existing savings account for each T-Fal item you purchase at the special price.

SENIOR TRIP TO TORONTO
 The Canton Senior Citizens will be traveling to Toronto for a three-day, two-night trip on Aug. 20. Anyone interested in joining the group may receive more information by calling Delores Edwards at 397-1000, ext. 278.

CHURCH SING
 The John Mathews Family, a gospel singing group, will be at the Plymouth Church of the Nazarene, 41550 E. Ann Arbor Trail, on Sunday, July 22, at 6 p.m.

CANTON SOFTBALL TOURNNEY
 A softball tournament for muscular dystrophy will be held at Canton's Griffin Park from Aug. 16 through 19. Both men and women's teams are encouraged to enter. For more information, call 453-8637 or 453-9149 or 397-1000 ext. 212.

DEARIE DAYS AT OLD VILLAGE
 On Saturday, July 21, Plymouth's Old Village will present its eighth-annual "Dearie, Do You Remember When?" festival from 10 a.m. to 6 p.m. All-day events include: arts and crafts shows, dog cart rides, horse shoe contests, flea markets, a barber shop quartet, and old-fashioned costumes.

Director, producer, actors needed for opening show

The Plymouth Theatre Guild has announced its calendar for the 1979-80 season and the call is out for a director and a producer for its opening show.

The melodrama, "Love Rides the Rails" will open the season with performances scheduled for Nov. 2, 3, 9 and 10. Tryout dates are Sept. 11 and 12. Deadline for applications for producer or director of the show is Aug. 24.

To apply, a resume listing experience in theatrical productions should be submitted to Plymouth Theatre Guild, PO Box 451, Plymouth, 48170.

Neil Simon's comedy, "The Sunshine Boys," will have a four-night run Feb. 1, 2, 8 and 9. Tryouts are set for Dec. 19 and 20.

The final production of the season will be the musical, "Godspell." Tryouts for actors and musicians will be Jan. 22 and 23. Play dates are two consecutive weekends, March 21 and 22, and March 28 and 29.

The Guild also is planning a children's show which will be performed during the holiday season. Information about this production will be announced at later date.

Producer and director applications for all four shows are being accepted.

The Board of Directors for the new season are: Robin Galick, president; Clemmie Cyburt, vice president; Kathy O'Mara, recording secretary; Richard Brown, treasurer; Ralph Kelley, corresponding secretary; Roscoe DeMars, publicity chair-

person; Dave Ide, script chairperson; Joe Marsh, membership chairperson; and Irene Troth, house chairperson.

Persons interested in joining the guild are urged to attend the first meeting of the new season which will be at 7:30 p.m. Sept. 18 in Central Middle School, Main Street at Church, Plymouth.

Locals hail birthdays

The Plymouth Business and Professional Women's Club is launching its sixth-annual "Plymouth Community Birthday Calendar" fund-raising program. Sarah Haas is the program chairperson.

The calendar will list the birthdates and the wedding anniversaries of each family that contacts BPW members. A color photograph of the Plymouth Fire and Drum Corps will also be featured.

The 1980 calendar campaign will continue until Aug. 10. Committee members are Norma Cassady, Kathy Kastreba, Lois McAllister, Betty Mende, Grace Rix, and Kathy Salla.

Money raised from the calendar campaign will be used to sponsor scholarships for Salem and Canton high school graduates. In June, \$3,000 was awarded in scholarships to local graduates.

Jeanne skates for \$1,509

After 18 hours of skating in June, Jeanne Climie of Plymouth rolled to a stop.

Her marathon performance at the Riverside Arena in Livonia earned \$1,509 in the Jerry Lewis Skate-a-thon for muscular dystrophy. She collected her pledges based

on how many hours she could skate from more than 250 merchants and individuals in the Plymouth-Canton area.

Jeanne, who finished in second place in the 18-hour marathon, said she wanted to thank the merchants and people who sponsored her skate-a-thon efforts.

DRESSED IN HER SAREE. Nina Sartori, a graduate of Plymouth High School and Olivet College, will return to India in September to complete her third year as a music teacher. Nina, above, is dressed in a saree, a traditional Indian robe for women. (Crier photo by Bill Bresler.)

Sartori visits family, friends after 2-year stay in India

BY PATRICIA BARTOLD

If Nina Sartori rolls her head back and forth slightly in response to a question, don't be surprised. She's answering "yes."

Nina picked up that cultural gesture over the past two years whole living and working in India. Nina's back in town now, but she's planning on returning to India in September.

She's already bought a t-shirt for her return trip. "I'm no tourist -- I live here" blares across it, indicative of her re-action to life in India.

"The culture shock of returning to the United States is harder to accept than the initial shock of getting used to life in India.

"It took me about 10 days before I got used to watching television or having a newspaper to read," she commented.

Nina was a member of the Plymouth High School Class of 1972. Following her graduation from Olivet College in 1976, she applied and was accepted as a music teacher at the Kodaikanal School in southern India.

She began teaching both vocal and private music lessons to kindergarten through 12 grade students in July, 1977. The private, boarding school houses a flock of 375 students. Many students are the children of both foreign and American diplomats. The 60-odd faculty members represent an international blend of American, Canadian, and Indian teachers as well as teachers from other countries.

Because it is a boarding school, Nina said some of her spare time is spent chaperoning dances and taking students

on field trips. "Being on call 24 hours a day as both a teacher and a counselor can be frustrating sometimes," she commented.

The town of Kodaikanal is located on a high hill about 7,000 feet above sea level. The altitude lends spring-like temperatures almost year-round except during the two monsoon seasons each year.

Known as a banana and sugar-cane producing area, farmers produce an abundance of fresh fruits and vegetables, although Nina admits she's had bouts with dysentery. Oddly enough, she said the cow, traditionally considered a religious symbol in India and not killed outright, is seen around her village. Beef, she said, is readily available. However, she added that both alcohol and beer are banned in the state in which she lives.

During school vacations, Nina travels around India. Boasting hundreds of regional dialects, India features enough English-speakers. "Travelers rarely find themselves in situations where someone doesn't speak English," she said.

Describing the Indian people as "very friendly and hospitable," Nina said she's been invited into private home occasionally while traveling.

Ironically enough, Nina has never traveled further west than Chicago in the United States. When she returns after her third year of teaching during the summer of 1980, she said she'll fly from India to Asia and then onto California.

"One of my pet peeves is people who have traveled the whole world, but don't know about their own countries," she admitted wryly.

Floods on Friday the 13th

Last year they said it was the worst flood Plymouth has seen in a 100 years. This year on Friday, April 13 it was the second time in less than a year the Plymouth Canton Community had experienced a 100-year flood. Now I'm, waiting to see what the monsoons we went through last Wednesday will be called.

If Canton's Supervisor Noel Culbert didn't like being stuck in an elevator with his family, he should see what it's like spending a couple of hours in a flooding basement with his family. There is that same desperate feeling of knowing nobody will hear your cries of help should you drown or break a leg falling over some paraphernalia on the basement floor -- all the neighbors are also in their basements trying to move things to drier ground.

For some unknown reason the floods seem to start around dinner time. Indigestion runs high as you grab a sandwich with one hand and carry boxes of junk out with the other.

Once the first puddle of water has been sighted around the floor drain, total bedlam sets in. What one family member considers a treasure, is junk to someone else.

I'm going to move what is most important to me first, and if my husband doesn't like it, tough. If he doesn't like where I put some of his things, then he can darn well move them himself.

By the time we've moved everything we can, the water level is at about three inches and continuing to rise. With the rain slowing to a drizzle, all the neighbors are out comparing damage. The men congregate in one group and the women in another, since by this time most husbands and wives are not on speaking terms. A mobile divorce unit could make a million over night.

Now that Canton has their Township Hall elevator back in working order, maybe they can figure out what's happening with the sewers.

Shannon Townsend, daughter of David and Carol Townsend of Mayflower Drive in Plymouth recently returned from spending two weeks at Blue Lakes Camp. Shannon plays the violin and will be attending Interlocken Music Camp later this summer.

Jim and Carolyn Anulewicz were guests of honor at a couples baby shower recently. They are expecting twins sometime in September. Hostessing the shower were Connie and Frank Santorelli, and Jane and Neal Boyle. Also attending the party were Tom and Gerry Bing, Cy and Nancy Trainor, Marue and Jim Biggs, Helen and John Belser, Geri and Lew Allison, Charles and Rose Schrader, Jaki and Stu Mathis, Sharon and Jack Neville, and Chris and Bill Merchant.

To support hockey program,
dance with Art Mooney

The Plymouth-Canton Hockey Association will present an evening of big band dancing at the Plymouth Cultural Center, Saturday, Aug. 4, to help raise funds to support their hockey program.

Art Mooney and His Orchestra, one of the handful of big bands who gained fame during the "golden music" days, will play for dancing from 9 p.m. until 1 a.m. Doors will open at 7:30 p.m. and refreshments and beverages will be served throughout the evening.

The Art Mooney Show plays music made famous by the likes of Miller, the Dorseys, Goodman, Shaw, Ellington, Lombardo, and, indeed, by Mooney himself.

Advance tickets for the Art Mooney Big Band Dance are \$7.50. (At the door they'll be \$1 more.) Advance tickets are available at the Plymouth Cultural Center, Anderson Music Company (Plymouth), Realty World-Decker (Plymouth), Griffin's Sports Shop (Livonia, 5-Mile & Farmington).

Finlan raises questions

Is city's Wiedman Lot run right?

BY-W. EDWARD WENDOVER

While the city and Mayflower Hotel Owner Ralph G. Lorenz are looking for long-term changes in the Wiedman Parking Lot, one of the lot's co-founders is raising questions about its operation.

Charles P. Finlan, who owns the building on the south side of the lot, has asked the city to clarify several points about the Wiedman Lot operation. He asked:

● Does Napoleon's Restaurant currently meet the city parking code since it originally qualified for parking by leasing parking spaces it no longer has leased.

● Why the city has not prepared an annual accounting statement on the lot's operation

as called for in the agreement with the eight businessmen who formed the Wiedman Lot and gave it to the city.

● Why the city has not provided a sidewalk on the southern portion of the lot.

● If the city comingles parking meter funds from the Wiedman Lot with other parking meter monies.

"The city has been in non-compliance with the Wiedman Lot agreement since its inception," he said. "I hate spending the taxpayers' money going to court, but I think they're dead wrong."

Finlan raised his questions in a letter to the City Commission and in an interview by telephone with The Crier.

In his letter to the city, Finlan said, "In view of the Wiedman contractual violations . . . I hereby request the deeding of 18 parking spaces in the Wiedman (lot) as the city did not exercise good faith from the initial construction."

Although the city has not prepared a complete response to Finlan's questions, the following answers were available:

● Wiedman Parking Lot meter funds have been kept-separate for some years back, although an annual reporting statement has not been compiled, said City Treasurer Ken Way.

● Napoleon's Restaurant parking enforcement has been temporarily suspended pending the outcome of litigation which was started by Finlan, said City Manager Fred Yockey.

Two weeks ago, the city entered into a "lease" arrangement with Lorenz to rescind a parking rate doubling in the Wiedman Lot if the hotel will make up the amount which would have been generated by the rate increase.

Lorenz, in proposing the idea to the city, termed the move a "temporary" solution to the parking problems in the Wiedman Lot. He said the six-month agreement would give him and the city time to work out other arrangements for the lot.

Among the suggestions considered in the past for that lot is a parking deck. Lorenz once asked the city to construct such a deck, which he would then lease, but that idea was rejected. Finlan said he opposes such a move "because first of all, they'd be blocking off my building for light."

Did you know that the Willow Tree is open evenings—Thursday & Friday til 9⁰⁰ well it is!

Main at Pennington, Plymouth

NINE MORE HOLES. The Hilltop Golf Course will expand to 18-holes in the near future. Signing the legal papers allowing the township to add nine holes to the golf course are (from left to right): Esther Hulsing, Plymouth township clerk; Tom Notebaert, Plymouth Township supervisor; Bill Sempliner, attorney; and, Arthur F. Amrhein, land owner. (Crier photo by Bill Bresler.)

Twp. buys golf property

Plymouth Township gained official ownership Monday of 33.26 acres of vacant land adjoining Hilltop Golf Course and it will be used to expand Hilltop from nine to 18 holes.

The land was purchased from Arthur Amrhein and others of his family at a total price of \$307,350. The first of four equal payments was made at the time of closing Monday, with remaining installments to be paid in January of each of the next three years.

It is the second major purchase made from the Amrhein family during the 1970s. The township earlier obtained 63.06 acres of the old Amrhein farm on Ann Arbor Trail which then was redeveloped as Township Recreation Park.

The acreage which was added this week lies immediately north of the golf course, which was purchased by the township nearly 10 years ago.

Hilltop contains 51.71 acres and jointly the two sites will offer within a fraction of 85 acres for an 18-hole layout bounded by Ann Arbor Trail and Powell Road on the south and Beck Road on the west.

Participating in the necessary signing of papers in Monday's closing were Arthur Amrhein and his attorney, William Sempliner, plus Supervisor Thomas Notebaert and Clerk Esther Hulsing on behalf of the township.

Notebaert said it is hoped preliminary site work can be started this year. Construction will cost at least an additional \$90,000 above the purchase price, he said. No target date for completion of the work has been set.

Hilltop will continue under management of John Jawor, who is in the first season of a five-year contract with the township.

Halmhuber named

Nancy Halmhuber, a school psychologist in the Plymouth-Canton school system and a teacher of emotionally impaired children, was appointed administrative associate II in the Department of Special Education at Eastern Michigan University by the EMU Board of Regents at its June meeting.

Halmhuber earned a bachelor's degree from Central Michigan University in 1972 and a specialist's degree from Eastern in 1975. Prior to her appointment at Eastern she worked as a psychologist in the Plymouth-Canton schools from 1975 to 1979.

Career info available

High school students who are interested in exploring career options and college alternatives are urged to sign up for an appointment with the MOIS computer terminal.

The terminal is located at Salem High School and students can make an appointment by calling 453-3100 ext. 230 between 7:30 a.m. and 3 p.m. on weekdays.

"During the school year, there isn't enough time to schedule all the students who want to take the one-hour career program test," said Byron Richardson, a Salem teacher.

Furthermore, he added that there are still some job openings for disadvantaged students under the SCORE program who would like to work this summer.

To apply for SCORE jobs, students between the ages of 14 and 21 can call Richardson at 453-3100.

Disadvantaged youth include handicapped students and students whose parents have a low income.

THE HOOVES AND NOSE came out first and Mike Smith, the school farm manager, quickly wiped the new calf's mouth out with a towel.

AFTER SHE WAS BORN, Heather instinctively began cleaning her new calf off with her tongue.

A Rose blooms at school farm

A birth is always an event, a reason to celebrate. At the Rotary School Farm Sunday afternoon, Heather, a rather cumbersome cow, gave birth to a calf.

Mike Smith, the school farmer, and Kathy, his wife, had been keeping a watchful eye on Heather since Friday, her due date. Mike stayed up with her until 1 a.m. Sunday and then checked her again at 3 a.m.

Late Sunday morning Heather chased Tasha, the farm collie, out of her pen, and Mike knew that was a sure sign that the calf was on its way. Baby Rose arrived about 2:05 Sunday afternoon.

Mike was there to help her if she needed it, but the birth "was quite normal." Rose was the second calf Heather has given birth to in the past three years.

If you'd like to visit Heather and Rose, the school farm is open to the public on Monday and Fridays from 8 a.m. to 3 p.m. and on Sundays from noon to 4 p.m.

ROSE TOOK HER first step about one hour after she was born. After her birth in an outside pen, the new calf and mama were taken to a clean bed of straw inside so that Heather could clean her 'daughter' off well.

MIKE SMITH, FARM MANAGER

SOON AFTER her first faltering steps, Rose wanted milk from Heather's udder. Heather nudged her gently to steer her in the right direction.

DIANE FARBER

Service gets chief

Diane Farber has recently been appointed the supervisor at Plymouth Family Service which is housed at 880 Wing St., 453-0890.

Farber has a BA from Boston University and a Master's Degree in Social Work from the University of Michigan. Farber sees Plymouth Family Service, which is a participating member of the Plymouth Community Fund, as providing a variety of counseling services to those in the community including marital counseling, family therapy, alcohol counseling, and working with adolescents and adults.

Growing areas support school bonds, millages

BY PATRICIA BARTOLD

Which precincts in the Plymouth-Canton school district tallied more "yes" votes when millage renewals or bond proposals are on the ballot?

According to a millage-election report, precinct-by-precinct charts show new growth areas tend to have more positive votes than older areas, where fewer parents of school children vote.

The report, compiled by Florence Beier, administrative assistant for community relations, was presented to the Board of Education at its meeting last Monday night.

The report also stated additional operating millages and bond issues have passed 50 per cent of the time since 1967. Millage renewals have passed 90 per cent of the time, according to the report.

"Targeted campaigns appear to have had a favorable effect on positive votes, especially as evidenced in precincts 6 and 10 during the June 11 election. Publications, low-cost and low-key, were judged to be quite effective,"

Twp. studies expansion of bike paths

Cont. from pg. 2

Salem and Canton High Schools are located; (6) Plymouth Township Recreational Park.

Following a public hearing held Saturday in Township Park, Horton said the next step for the Planning Commission will be to prepare recommendations for the Board of Trustees as to what the priorities should be "on the basis of input from the public hearing and best interests of the overall township."

"Given the fact that only limited funds are available, we must recommend what part of the plan should be developed first," said Horton.

He emphasized that the ultimate goal is for a "Class I dual system" that could be used by pedestrians and cyclists alike. Such paths would be concrete strips six feet wide, built 12 inches off the right-of-way line for most major thoroughfares.

"Class I systems cost between \$26,000 and \$40,000 per mile, not counting acquisitions of land, where necessary, or extensive clearing of growth. We simply can't afford that," said the commission chairman.

"We also can't justify them throughout the township because there is insufficient population in some parts of the township

Stop growth, says Canton residents

BY CHAS CHILD

Almost 70 per cent of Canton residents who responded to an informal survey by the township planning department favor limiting residential growth in Canton.

Concurrently, 69 per cent wanted the township to pursue a farmland preservation program. The survey was answered by 118 persons while they waited in line for tree seedlings given away by the planning department on April 28.

Residents reacted most strongly when asked if they thought fast-food restaurants should be limited in the township. Seventy-five per cent said "yes," while 8.5 per cent said "no."

Generally, residents said they were satisfied with government services in Canton, with a glaring exception: street maintenance. A full 57 per cent said they were "not satisfied" with the condition of the township's streets, while only 8 per cent said they were "very satisfied," and 20 per cent said they were "satisfied."

Police and fire protection received high marks. A total of 77 per cent were either very satisfied or satisfied with police protection, and only 5 per cent indicated they were not satisfied. Seventy-nine per cent said they were either very satisfied or satisfied with fire protection, and 0.8 per cent listed "not satisfied."

Dog control, on the other hand, was seen as a problem by the respondents. Thirty-two per cent were not satisfied, and a total of 47 per cent were either satisfied or very satisfied.

The residents also believed there should be more play areas for children. Thirty-three per cent said they were not satisfied with play areas, 32 per cent were satisfied,

and 13 per cent were very satisfied.

In other issues, residents were divided on whether to approve a request by Bi-Products of Michigan to build a sewage composting plant south of Michigan Avenue off Morton-Taylor.

Twenty-two per cent favored the plant, 38 per cent were against, 14 per cent didn't know and 8.5 per cent said they needed to know more.

Also, 51 per cent said they wanted township officials to limit commercial growth in Canton. Twenty per cent indicated that commercial growth should not be limited.

Almost two-thirds (64 per cent) of the respondents said they were "getting enough information about government activities in the township," while 29 per cent said they weren't.

East MS in line for ESY

If a second middle school adopts the extended school year program (ESY), East Middle School would be chosen, Superintendent Mike Hoben told about 45 persons at a public forum Monday night.

The forum, sponsored by the Plymouth-Canton Board of Education, was held at Field Elementary School.

"East would be chosen because the schools that feed into it are ESY schools," said Hoben, adding that the cost of converting East to an ESY school would be about the same as the cost of converting West.

Restaurant loses liquor

After recommending approval of a liquor license for the Canton House Restaurant nine months ago, the Canton Board of Trustees reversed itself last Tuesday.

Treasurer Jim Donahue, in his motion to rescind the board's motion, cited numerous reasons:

*Since many young people visit the restaurant's shopping center at Ford and Lilley, alcohol should not be available;

Man arrested for burglary

A 19-year-old Canton man was arrested Saturday in connection with three breaking and enterings in the township.

Arrested was Robert Grandell, 6647 Paul Revere, Canton. With a description of his car obtained from a witness of one of the burglaries, police stopped Grandell in traffic. He was connected by fingerprints to one of the burglaries, said Sgt. Dennis Joker of the Canton force.

Recovered so far are two guns, a CB base station, coins and a watch, said Joker, adding that the search for stolen property is still underway.

The burglaries occurred between July 5 and 14 on Carriage Hills, Barchester and Hanford roads, he said.

City to sell parking credits

A new ordinance allowing the City of Plymouth to sell parking credits to businesses found deficient in parking has been passed by the city commission, which also rescinded the old ordinance found by the courts to be illegal.

By a unanimous vote at Monday's meeting, the commission approved second reading

of the new law, after some changes from its first reading of the law.

The changes extend the period of time a business may make installment payment on city parking credits from 10 to 20 years and grant the credits in perpetuity to be owned with the property.

The price of the parking credits has not yet been set by the city commission.

New Canton trustee chosen at last minute

BY CHAS CHILD

Stephen Larson, Canton's newly appointed trustee, was a last-minute choice -- literally.

Not until a cigarette break about 45 minutes into the meeting did the necessary four board members arrive upon Larson as a compromise candidate, said Supervisor Noel Culbert.

Going into the 7 p.m. meeting, the board was still deadlocked 3-3, despite intense politicking by trustees and candidates in the previous days, he said.

According to the supervisor, three members of the board (Bob Greenstein, Carol Bodenmiller and Jim Donahue) all favored either Diane Neihengen or Jerry C. Williams. The three other members, Culbert, John Flodin, and Eugene Daley, leaned toward Bob Padget or Doug Ritter, he said.

Culbert joined Greenstein, Bodenmiller, and Donahue to give Larson the necessary four votes. The seat opened in June when Lynne Goldsmith resigned to move to California.

"Larson wasn't my first choice, but I think in the next couple of weeks he will show his independence," Culbert said.

Larson, himself, agreed. "I didn't promise

to line up with anyone," he said. "I hope to make the best choices for Canton."

"I was surprised that they chose me, but I knew that my only chance of getting the job would be as a compromise choice."

To speak out confidently on the issues, such as sign regulation and police protection, Larson said he needed to do a lot more study. He did say, however, that he was against the proposal to build a sewage composting plant south of Michigan Avenue near Morton-Taylor Road.

"The sewage has too many toxic chemicals to use it as fertilizer," he said.

Larson grew up in McPherson, Kansas, and graduated from Emporia State College with a major in business administration.

After a stint with Sears in Denver, he was hired by Ford Motor Co. in 1973. He moved to Westland in that year and in 1976 joined the "westward migration" to Canton. He lives at 2457 Brookfield in Forestbrook subdivision and is the vice president of the sub's homeowners association.

"From my service with the association, I'm going to work on programs in which the township can aid the homeowner associations more," he said, "but I'm not ready to go into specifics yet."

Will City regulate bars?

The Plymouth City Commission will, in the future, apparently discuss and direct city approval of establishments with liquor licenses.

State law requires local governing bodies to approve issuance of a liquor license, but the city charter does not require commission approval of charges in the operation of such establishments.

In January, City Manager Fred Yockey granted permission to Napoleon's Restaurant to remain open until 4 a.m. to serve dinners.

At Monday's pre-commission meeting, Mayor Tom Turner asked, "Does that not require commission action?"

Administrative Assistant John Zech, filling in for Yockey who is vacationing

in Florida, replied, "It does not."

He added that "it's something that could be discussed (by the commission)."

Turner said, "Something as sensitive as that should have come to the commission."

The city administration revealed Monday that it has asked the state Liquor Control Commission (LCC) to investigate the Napoleon's operation of a new dinner theater program. A similar presentation by the Mayflower Meeting House brought an LCC warning.

Neither establishment has an entertainment license required by the LCC to serve alcoholic beverages during entertainment. Other than a small band or musical act.

community deaths

Crackel

James Crackel, 32, and his wife, Bonnie Jewell Crackel, 31, of Canton, died July 9 at St. Mary Hospital. Funeral services were held on July 12 at Schrader Funeral Home with The Rev. Hadley Thweatt and Dr. Frederick Vosburg officiating. Burials were at Riverside Cemetery.

They are survived by their children, Jennifer, James, and Scott. Mrs. Crackel is survived by her parents, Mr. and Mrs. David S. Ingall of Plymouth; sister, Marie Van Vleck of Plymouth; and brother, David L. Ingall. Mr. Crackel is survived by his sisters, Linda Comis of Milford, Anna Marie Kimmel of Gary, Ind., Arlene Carter of Northville, Judy Gibson of Detroit; and brother, Robert H. Crackel of Union City, Tenn.

Mr. Crackel was the manager of Tuff Kote Dino and a member of the Plymouth Elks and Plymouth Area React Team. Mrs. Crackel was also a member of the Plymouth Area React Team and a homemaker.

Gaeko

Loe Bernard Gaeko, 63, died July 15 in Bucyrus, O. He was a member of the Masonic Lodge of Plymouth and lived in the city from

1942 through 1957.

Memorial services will be held at 2 p.m. on Saturday, July 21, at the Wise Funeral Home in Bucyrus.

He is survived by a son, Dr. John C. Gaeko of Bay Village, O.; a daughter, Mrs. James (Patricia) Strayer of Warren N.J.; a brother, Edward C. Gaeko of Mt. Carroll, Ill.; and three grandchildren.

Mr. Gaeko owned and operated Gaeko's Tool Room in Bucyrus and had formerly lived in Castalia, O., and had been employed by the Lower Lake Dock in Sandusky, O. He was born in Sault Ste. Marie, Ont.

Those who desire may make memorial contributions to a charity of their choice.

Storrie

Addie Estelle Storrie, 89, of Plymouth, died July 11 at West Trail Nursing Home. Funeral services were held on July 14 at Schrader Funeral Home with The Rev. Philip Rodgers Magee officiating. Burial was at Riverside Cemetery.

She is survived by her daughter, Mary Swanwick of Pelham, N.Y.; son, James A. Storrie of Fern Creek, Ky.; and, four grandchildren.

Mrs. Storrie came to the community in 1950 from Detroit. She was a member of the First United Presbyterian Church of Plymouth, Plymouth Grange, and Plymouth Senior Citizens.

For Canton fest

Start your corny costumes now

For everyone who likes to dress up in corny costumes, here's your chance.

As part of the Canton Chicken and Sweet Corn Festival, the Chamber of Commerce is sponsoring a Corn Costume Contest.

Contestants must dress like corn in its natural state, that is either like kernels, a stalk, ear, husk, cob, etc.

A king and queen will be crowned in each of the five following age categories: 1-10, 11-20, 21-50, and 50 and above.

The winners will also receive trophies and a savings bond donated by bank of the Commonwealth and Security Bank.

Contestants will be judged on the day of the festival, Aug. 13, at 3 p.m. at Griffin Park.

Applications for the contest are available at all participating merchants, the Chamber office, 5773 Canton Center Rd., and Bank of the Commonwealth, 44300 Warren Rd. There is no entry fee.

For further information, call the Chamber office, 453-4040, or the Bank of the Commonwealth, 459-2840.

Citizens question need for lawyer negotiators

BY PATRICIA BARTOLD

"Why have school administrators hired a private law firm to represent them in teacher-contract negotiations?" asked Robert Kowalczyk of Canton.

He spoke to the Plymouth-Canton Board of Education at its public forum Monday night at Field Elementary School. About 45 persons attended.

Kowalczyk added: "If the contract takes 200 hours to negotiate plus 200-300 hours for the lawyers' preparation time, the total fee for the lawyers could escalate up to \$150,000 of the taxpayers' money."

Superintendent Mike Hoben responded: "School administrators have allocated about \$10,000 for lawyers' fees in negotiations."

He said the fee was based on previous years' experience on the number of hours spent in negotiations.

Board president Tom Yack defended the decision to hire the firm of Clark, Hardy, Lewis, Fine and Asher to represent them. "School administrators need to be working as administrators and they can't if they're tied up at the negotiating table for weeks," he said.

Asked the number of tentative agreements that have been reached since negotiations started in May, Hoben said, "I don't know." The contract for the more than 800 teachers in the Plymouth-Canton schools will expire in August.

"Seven contracts expire for various

employe groups this summer. Five are being handled by school administrative teams. Two contracts, the teachers and school administrators, are being negotiated by the law firm. The expense of negotiating seven (contracts) would be far greater," said trustee Steve Harper. "I am convinced that the time and money of a private law firm is well spent," he said.

Bruce Alatalo, a teacher at Field Elementary School, criticized the board for including executive director of elementary education, Barbara Bowman, on the negotiating team for administrators.

"Why place a key curriculum person such as Bowman in an adversary position?" he asked. Furthermore, he said Bowman was

needed to work on coordinating curriculum for the goal-based program which is at a "critical stage now."

Yack said administrators needed the full support of the staff. "Bowman's role as an administrator is on the support team at the negotiating table," he said.

Kowalczyk, a Canton resident since February, said he was disappointed to see "outsiders coming in to settle school disputes."

One example of such outside intervention happened last winter when an arbitrator ruled that schools should start 45 minutes later one day each week after teachers filed suit claiming that new starting and closing times weren't negotiated in their contracts, he said.

Mayor to quit; to head Ford in Venezuela

Cont. from pg. 1

would be who got the shorter two-year term awarded the fourth-place finisher.

But now that Mayor Tom Turner has announced his resignation, the race may be on yet.

Despite his resignation, which will probably take effect in August, Turner's name will still appear on the Nov. 5 ballot, according to City Clerk Paul Brumfield.

But with Turner's resignation and the possibility of a vacancy, the city could see a write-in campaign win the race. A write-in candidate, said City Attorney Charles Lowe, must still garner more votes than Turner to win a seat. If Turner beats any write-in candidates, he would technically be elected even though he'd be living in Venezuela by then. His vacancy would be filled by the new commission.

The vacancy created in the remainder of Turner's term now (which runs until November), must be filled by the current commission, which must also select a new mayor. It can do either one first, according to Lowe.

It is too late, however, for an appointed commissioner to file for the November ballot.

LORI MCALLISTER

Lori engaged

Mr. and Mrs. Elton A. McAllister of Plymouth announce the engagement of their daughter, Lori Jean, to Randy G. Hutchinson, son of Mrs. Irene Hutchinson of Westland.

The bride-elect is a 1975 graduate of Canton High School and attended Central Michigan University. She is currently employed by Ford Motor Company in Dearborn.

Randy is a 1972 graduate of Franklin High School and currently attending Madonna College with a double major in Criminal Justice and Sociology. He is employed by the Wayne County Sheriff's Department.

An Aug. 11 wedding is planned in the First United Presbyterian Church of Plymouth.

School enrollment up, along with cost per pupil

Cont. from pg. 1

clude insurance and other fringe benefits are now included in the total package under instruction." This means that fixed costs are spread out throughout the entire budget and are included under each expenditure, he said.

He added that the school district has recently adopted a "zero-based budgeting" approach for each program in the district. "We prefer to reduce some departments and then hire additional staff in others rather than simply adding on more staff," he said.

Under revenues, the comparison shows that the school district derived about 3 per cent more of its money from the state in 1978-79 than it did in 1976-77. Local taxes accounted for 73.3 per cent of the budget in 1976-77 compared to 70 per cent of the budget in 1978-79.

School Budget Expenditures	1976-77	1978-79
Instruction	68.2%	75%
Operations, maintenance, and utilities	15.4%	16%

Call now for brush pick-up

In an effort to conserve time and fuel the City of Plymouth Public Works Department has adapted a new schedule for brush pick-up.

In the last full week of each month brush will be picked up at curb side on a call-in basis only, beginning July 23.

Twp. contracts with Livonia schools for computers

Plymouth Township will enter the computer age cautiously, tying in with a system operated by Livonia Public Schools instead of going whole hog by purchasing equipment of its own.

The Township Board of Trustees has approved a plan whereby the Livonia hookup will process more than 5,000 water and sewer statements each year for an annual payment of \$13,332 plus postage.

An earlier decision to buy computer equipment from the Burroughs Corp. for more than \$60,000 and then train person-

nel to use it exclusively for township purposes has been rescinded. Rejected, also, was a tie-in plan offered by Accounts Computer Service Co., of Plymouth Township.

The City of Livonia also uses the Livonia schools' computer installation for water and sewer billing, and the decision to join the system was approved unanimously by the Plymouth trustees.

"It's the least expensive way to go in the long run," said Supervisor Thomas Notebaert.

Schools to patch driveways

A bid of \$43,971 for asphalt paving and sealing was approved by the Plymouth-Canton Board of education in a special meeting Monday night.

Because of rapidly rising costs in petroleum products which are used for asphalt paving, Ray Hoedel, assistant superintendent for business, recommended the board vote on the bids Monday night. The bid was awarded

to the Apollo Asphalt, Inc. by a vote of 6-0 with trustee Carol Davis absent.

A list of the asphalt and resealing projects to be done in the school district includes: Canton and Salem high schools; Central, East, West, and Pioneer middle schools; Allen, Eriksohn, Fiegel, Field, Tanger, Hulsing, and Miller elementary schools; and the bus maintenance garage on Mill Street.

If you drive a pickup, 4x4 or van, you should know why bigger is better.

\$22.50 each

THE SPILLWAY AT PHOENIX LAKE

LAUNCHING. Bob Morrison, pictured in the foreground, built a U-1 Atlas Van Lines boat which is controlled by radio. He launched it on Saturday afternoon at Phoenix Lake in Plymouth Township.

Relax and enjoy the Rouge

Mention the Rouge River, and most people think of the lower Rouge -- an industrial sewer. Certainly no place to go on a picnic or ride a bike or relax on a Sunday afternoon.

Yet the upper reaches of the Rouge, in the Plymouth-Canton Community, run through some very quiet country, some unchanged for a hundred years.

Hines Park, in the Rouge Valley, is still pleasant, despite the rowdies. And in Canton, the south branch wanders through meadows under an occasional bridge, and past farms.

So in these days of expensive gas, pleasant spots close to home are more valuable. To get you better acquainted, here are a number of scenes from the Rouge. Enjoy.

MAKING FINAL ADJUSTMENTS. Bob Morrison, above, is tightening the tiny gas engine of his radio-controlled boat which he tried out on Phoenix Lake Saturday afternoon.

National League wins in G Senior All-star game

The National League all-stars of the Plymouth-Canton Junior Baseball G Senior League proved to be the better team Saturday at Canton High school when it beat the American League all-stars, 15-5.

American League players enjoyed their only lead of the game after scoring two runs in the first inning. The lead soon turned around as the National League came through in the second inning with three runs to jump in front, 3-2.

After four innings of play the score was deadlocked at 5-5. From then on the National League shutout the American League and scored their remaining 10 runs.

Laura Arnold of the Braves and Carolyn Roberts of the Phillies were the winning pitchers. Ronda Stoner and Jahna Hennika of the Red Sox and Jeanine Carpenter combined to take the loss.

Top 20 finish under 34 minutes

Following are the top 20 finishers in the Plymouth Jaycees Fourth of July five-mile run.

Starting behind Northville Downs at 10 a.m. the five-mile route followed Edward Hines Drives and ended at Point Park on the corner of Starkweather and Mill Streets in Old Village.

Mike Spits was the overall winner (25:37), Kathy Weyand was the first female runner to cross the finish line (32:20) and David Stoffer came in with the low time for runners 40 years old and over.

Name	Time
Mike Spits	25:37

Greenleaf plans marathon

As a project to become an Eagle Scout, Keith Greenleaf must plan, develop and give leadership to others in a service project that will benefit the community. Greenleaf has decided on a swim marathon that will help pay the existing debt on the electric timing equipment at Canton and Salem high schools.

Any Salem or Canton swim team member (boys and girls) interested in participating in the marathon should contact Greenleaf at 453-6699.

The marathon will run from 9 a.m. to 9 p.m. on Aug. 6 in the Canton pool. The marathon is also open to the public at no charge but donations will be accepted. Any additional money raised will be contributed to local charities.

Great Lakes Soccer League plans fall registration

Registration for the fall season of the Canton Soccer Club will be held on Saturday July 21 and 28 from 12 p.m. to 4 p.m. at the Canton Township meeting room. The meeting room is located next to the fire station at Canton Center Road and Cherry Hill.

A pee wee instructional program is available for children under eight years old for an \$8 fee. Boys and girls over eight years old can participate in league games within the Great Lakes Soccer League (GLSL) for a \$12 fee.

Proof of age is required at the registration sight.

An open men's division will also be formed by the GLSL if enough players over 19 are interested.

For more information on the soccer programs in Canton and on the GLSL contact Dave Monk at 455-4225 after 6 p.m.

A Delightful Evening Of Big Band Dancing With

ART MOONEY And His BIG BAND

A Montage of Memorable Hits of the Great Dance Bands Presented for Your Dancing Pleasure by One of the Greatest of All, Art Mooney!

Plymouth Cultural Center
Saturday, August 4
9:00 P.M. - 1:00 A.M.

Mooney takes you back to the theatre days — the Roxy, the Strand, the Capitol — and, to the ballroom days — the Glen Island Casino, the Rose-land, the Aragon, Frank Dailey's Meadowbrook — with the likes of Miller, the Dorseys, Goodman, Shaw, Ellington, Lombardo, Kenton, Krupa, and, indeed, Mooney himself!

SAVE! BUY IN ADVANCE!

Plymouth Cultural Center, Anderson Music Company (Plymouth), Realty World-Decker (Plymouth), Griffin's Sports Shop (Livonia, 5-Mile & Farmington) — All of the Star Stop Party Stores (Ford & Sheldon, Ford & Lilley, Newburg & Beechwood).

In Advance, \$7.50 (\$1.00 More At Door)

Art Mooney features the "music of yesterday," turning the clock back to the beautiful memories of the big band era — but, ever mindful of the "music of today," his band swings easily and often into the latest rock and disco. An evening with Art Mooney is a delightful musical blend, a something-for-all performance. Audiences love it!

"I'm Looking Over a Four-Leaf Clover" — "Baby Face"
 "Saturday Night Fever" — "Crusing Down the River"
 "Rhapsody in Blue Disco"

Presented by the Plymouth-Canton Hockey Association

Betty's Bench

BY BETTY DeLANO

During a recent Sunday afternoon drive through Edward Hines Drive, between all the softball games, picnics and the tossing of frisbees the most common activity was the number of joggers running alongside the road.

Although the thermometer practically read 90 and the humidity seemed worse this didn't stop the men and women that made it a point to get out and jog whether it be five miles or a half mile.

As I drove along with the window rolled down and the radio blaring out some new disco hit I couldn't understand why anyone would want to put their body through such physical torture.

During my high school career as a volleyball player we did an extensive amount of running before practices. Short distances are fine and a few laps around the second floor at Salem High School I can manage without too much difficulty. But just thinking about running five miles in the grueling heat makes my legs cramp.

After a few days of training I'm lucky if I can crank out one mile under 10 minutes without experiencing excruciating pain. For a few weeks last summer I worked myself up to almost two miles without too much discomfort. But then I made the mistake of stopping for a few days and then never started again.

That has to be the hardest part of the jogging -- getting started. While watching those runners along Hines Drive I really wanted to get out and join them. The same feeling surfaced at the Plymouth Jaycees five-mile run on the Fourth of July when an eight-year-old crossed the finish line (where I was waiting) under 30 minutes.

It would be great if all I had to do was walk out the door and be able to go the full five miles without stopping. But I guess that the reason so many people job is the self-satisfaction they receive from going one step farther or one mile longer than the day before.

With the Canton Township Sweetcorn Five Mile Run coming up on Aug. 12, maybe I can be in good enough running condition to join them. Or at least leave the starting line with everyone else. All I have to do is get up enough steam to get out the door the first time. Maybe tomorrow I'll start.

WSSL registration starts July 23

Registration for the Western Suburban Soccer League will be held July 23 through August 3 at the Plymouth Cultural Center daily Monday through Friday from 8:30 a.m. to 5 p.m.

The league is a branch of the Plymouth Parks and Recreation Department and is open to any boy or girl between the ages of 6 and 19. Cost per child is \$12 with a maximum cost of \$30 per family.

Jr. Olympics is Thursday

Youngsters between the ages of 10 and 15 will have the chance to exhibit their athletic abilities in the first annual Canton Township Youth Fitness Day Program.

Sponsored by the Canton Township Parks and Recreation Department, the event will take place tomorrow (Thursday) on Canton High School's field and track. The events will run from 6 to 8 p.m.

Kids living in the Canton Township area are eligible to compete in the program and may register at any one of the nine park sites in Canton.

Park sites include Windsor, Pickwick, Willows, Wagon Wheel, Carriage Hills, Griffin, Fiegel, Canterbury Mews and Canton Commons.

Derived from the pattern of the world olympics, participants have the opportunity to improve their bodies as well as being introduced to the aspects of fair play and competition.

The program follows the basic concept of President Eisenhower's original council on Youth Fitness and stresses physical activities recommended by succeeding presidents and their councils on youth fit-

ness. Winners in each event will have the opportunity to compete in the state meet at Metro Beach Metro Park in Mt. Clemons on Thursday, July 26. The state meet starts at 9 a.m. and runs until 2 p.m. A total of approximately 3,000 youngsters will be participating in the state meet from around the Detroit metropolitan area.

Age divisions will be broken down into three groups. Division A includes 14-15 year olds, division B is 12-13 year olds and 10-11 year olds will make up division C. Age determination is Sept. 1, 1979.

According to Gene Smith, playground director for Canton Township, 270 kids from Canton are expected to participate.

"If 30 kids from each park sign up, we'll have a pretty good turnout," said Smith.

Events that will be included in the junior Olympic program are chin ups, softball throw, standing long jump, hop, step and jump contest, shuttle relays and 50, 60 and 75 yard dashes.

For additional information call the Parks and Recreation Department at 397-1000, ext. 212.

Rotten sneakers go on show Friday, July 27

The Canton Township Parks and Recreation Department announces its first annual "Rotten Sneakers Contest" to be held Friday, July 27 at 4 p.m. on the third floor of the township administration building.

Similar to a beauty contest, participants must model their sneakers in front of a panel of judges. Winners of the pageant will receive a new pair of sneakers compliments of Canton Sports Store and Racquets Unlimited of Livonia, a trophy symbolic of a rotten sneaker and the title of "Rotten Sneakers of the Year."

Awards will also be given to second and third place finishers. Judges will be looking for the worst pair of sneakers in Canton that have been worn from use not abuse. Rules of the contest are that all contestants must be wearing their sneakers, one pair of sneakers per contestant, sneakers must fit the foot of the wearer and the sneakers can be of any age. Anyone is eligible to enter.

For more information on the contest call the Recreation Department at 397-1000.

Are most athletes superstitious? Find out in next week's Crier.

Real Estate

BY WILLIAM DECKER REALTOR

OUT-WITTING HUMAN NATURE

An escrow account is, normally, money which is held by a third party to pay off a future debt. When you make your monthly mortgage payment, you are probably paying money into an escrow account over and above the loan installment for hazard insurance and property taxes.

In one way, the escrow account helps you out-wit human nature. It is said that the first thing that gets cut when the budget has to be balanced is the monthly savings deposit.

Here's how your escrow account is set up. At the beginning of each year, your account is reviewed and your costs are estimated for the next year. The total is divided by 12 to get the monthly payment. This payment could increase for one or a combination of three main reasons: 1) Your tax rate or premium rate has increased; 2) Your assessed valuation has increased; 3) Additional funds are needed to make up a deficit in your escrow account.

If there is anything we can do to help you in the field of real estate, please phone or drop in at REALTY WORLD, Wm. Decker, Inc. Realtors, 670 S. Main St. Plymouth. Phone: 455-8400. We're here to help!

THE CRIER-City of Plymouth Tennis Tournament will be held on the tennis courts at Canton High School August 3, 4 and 5. Entry blanks must be received by the City Parks and Recreation Department no later than Friday, July 27. Be sure to state which age category you will compete in.

to form a team.

A coaches meeting has been slated for July 27. If enough women haven't signed up from Plymouth, the formation of a Plymouth team then being added to the Livonia-based league will be highly unlikely.

Women more than age 19 are eligible to play. The Plymouth team will be coached by semi-professional Rick White.

"The majority of the players so far are all housewives and have kids at home to take care of," said Kay Stoupenburg, an active member in the formation of Plymouth's squad.

"We would like around 30 women to sign up so there will be enough back up players if some of them can't make it to a game or practice because of their families."

Cities that already have teams in the league are Canton, Grosse Pointe, Ann Arbor, Farmington and two teams out of Livonia.

For information on how to join the Plymouth league call Rick White at 261-6493 or just show up at one of the practices between 6:30 and 8 p.m. on the soccer field in front of Phase 3 at Canton High School.

Jawor & Robinson miss cut in Michigan Open by 1

Two area golfers competed Thursday and Friday in the early action of this year's Michigan Open at the University of Michigan Golf Course in Ann Arbor.

John Jawor and former Plymouth resident Gary Robinson shot scores of 156 for the opening two rounds of the annual event, missing the cut by one stroke.

Jawor opened his bid on the Open title with an 80 on the par 71 course and then came back to fire a 76 during the second round.

Robinson took an 81 in opening day action and followed with a 75 on Friday.

Now living in Grand Rapids, Robinson is the assistant professional to Lynn Janson at Greenridge Country Club. Robinson is the former teaching professional at Oasis Golf Center in Plymouth Township.

Jawor has just taken over the management of Hilltop Golf Course which is also in Plymouth Township. Jawor used to hold the lease on Brae Burn Golf Course.

NOTICE TO PROPERTY OWNERS WEEDS AND GRASSES TO BE CUT ON LOTS IN CITY OF PLYMOUTH, MICHIGAN

On or before August 1, 1979, it shall be the duty of every owner, occupant or person having charge of any land within the City of Plymouth, Michigan, to cut and destroy noxious weeds and grasses upon said land, or shall cause the same to be done. Failure to comply with this notice and Article 6 of Chapter 106 of the City Code of the City of Plymouth, Michigan, means that the City will enter upon said lands and mow the weeds and grasses and bill the property owners for the service.

The City will begin mowing all unmowed lots or plots of land on August 6, 1979, without further notice to the property owners.

Paul V. Brumfield City Clerk

Publish: July 18, 1979.

ADVERTISEMENT FOR BIDS ROOF REPAIRS TO RIVERSIDE CEMETERY MAUSOLEUM AND DUNNING-HOUGH LIBRARY PLYMOUTH, MICHIGAN

The office of the City Clerk of the City of Plymouth, Michigan, will receive sealed proposals until 2:00 p.m., E.D.S.T., August 1, 1979, at which time all proposals received shall be publicly opened and read aloud for: Re-roofing the Riverside Cemetery Mausoleum having a roof area of 4800 square feet and re-roofing the Dunning-Hough Library having a roof area of 4200 square feet. Specifications, Proposal Forms, and other Contract Documents may be obtained at the office of the City Clerk during regular office hours.

A certified check, cashier's check or bid bond in an amount not less than five percent (5%) of the bid must accompany the proposal.

The Commission reserves the right to accept or reject any or all bids and waive any irregularities.

Scaled bids may be mailed or personally delivered to:

Paul V. Brumfield City Clerk 201 S. Main Street Plymouth, Michigan 48170

Envelopes should be plainly marked:

SEALED BID: ROOF REPAIRS TO RIVERSIDE CEMETERY MAUSOLEUM AND DUNNING-HOUGH LIBRARY. FOR OPENING: AUGUST 1, 1979.

Paul V. Brumfield City Clerk

Publish: July 18, 1979.

CHARTER TOWNSHIP OF PLYMOUTH BOARD OF TRUSTEES -- REGULAR MEETING JULY 10, 1979

The meeting of the Charter Township of Plymouth Board of Trustees was called to order at 7:30 p.m. by Supervisor Notebaert followed by the Pledge of Allegiance to the Flag. All members were present.

Mr. West moved that the minutes of the Regular Meeting of the June 26, 1979 Board of Trustees for the Charter Township of Plymouth be approved as submitted. Supported by Mr. Brown. Motion carried unanimously.

Mrs. Hulsing moved approval of the bills for the General Fund and Water and Sewer Department in the amount of \$29,784.45 plus the amount that is due the Board of Trustees for Board meetings during the month of June, 1979. Supported by Mr. West and carried unanimously on a roll call vote.

Ayes: Notebaert, Hulsing, West, Brown, Law. Absent: Lynch and Fidge.

Mr. Notebaert wished to add a couple of items to the agenda: "Confirmation of the United Services Committee" under New Business as Item No. 5 and Item No. 6 under New Business, Re: Home Services YMCA and Mr. Gould's communication regarding back yard drains in Hidden Heights Subdivision as Item No. 10 under Old Business. Mrs. Hulsing asked to add an oral report regarding the negotiations with the Wayne County Sheriff for the interim and the final contract that the Charter Township of Plymouth is going to sign with them as Item No. 6 under 'Communications and Reports.'

Mrs. Hulsing moved approval of the agenda with the suggested additions. Supported by Mr. West. Ayes: Lynch, West, Hulsing, Law, Notebaert. Nays: Fidge and Brown.

Mr. Law gave a brief synopsis of the civil action discussed at the Public Hearing of the Planning Commission held on July 5, 1979. Mr. Law moved that the recommendation of the Planning Commission of the Calvin C. Rock Property as a good and suitable site for Office-Service designation as noted be accepted for the five reasons given by the Planning Commission. Supported by Mrs. Lynch.

Mr. Brown commented that he assumed that the Board in accepting the recommendation concurs in their rationale as contained in their communication. Mr. Law agreed. Mrs. Hulsing read the following recommendations:

"reaffirming from a sound planning standpoint that the land described as Outlot B, Arbor Village Subdivision No. 2, according to the plat thereof as recorded at Liber 87, pages 32 and 33 of Plats, Wayne County Records is a good and suitable site for an office service designation and that the rationale for this reaffirmation by the Planning Commission is as follows:

1. The variables at this date indicate that there is a distinct demonstrable need for this kind of office service zoning in the area.

2. Our Future Land Use Plan indicates that the Township of Plymouth is committed to limit existing, and/or the starting of new, strip commercial development.

3. Our Future Land Use Plan further indicates that the Township of Plymouth is trying to employ the concept of "step downs" from higher to lower intensity zoning wherever it impacts markedly on existing adjacent residences, as is the case with the subject property.

4. No demonstrable need, such as a marketing survey, has been shown to indicate that C-1 is any more in dire need in the subject area than other office services.

5. It is the perception of this commission that when it changed the zoning for this property from R-1 to O-S, it is evidence recognized, perhaps ahead of its time and perhaps anticipatorily, the concept of "Mid-Satisfactory and certainly O-S is mid-satisfactory between R-1 and C-1.

Motion carried.

Mr. Law reported that the Planning Commission had reviewed the zoning along both sides of Joy Road between Plymouth Township and Canton Township to see whether or not there were any large discrepancies.

Mr. West moved that the Charter Township of Plymouth Board of Trustees take the Planning Commission's Report and a copy of the attached letter be forwarded to the Canton Township Board of Trustees. Supported by Mr. Brown. Motion carried unanimously.

Mr. Brown moved the Resolution submitted by the Township Attorney relative to the order of business be adopted by the Charter Township of Plymouth Board of Trustees. Supported by Mrs. Hulsing. Ayes: Lynch, Fidge, West, Law, Brown, Hulsing, Notebaert. Nays: None (A copy of the Resolution is affixed to the Official Minutes).

Mr. Brown moved to authorize the Township Supervisor and the Clerk to enter into the agreement with Livonia Public School District for Computer Service for Water and Sewer billing pursuant to their proposal as submitted under the date of July 9, 1979 subject only to review by the Township Attorney as to form and legal form. Supported by Mrs. Fidge. Motion carried unanimously.

Mr. Brown moved the request for a replacement clerk in the Treasurer's office be tabled until such time that the Board of Trustees receive the opinion the Supervisor requested from the Township Attorney as to confusion over rights of hire and fire of the Board and Administration. Supported by Mrs. Fidge. Ayes: Lynch, Fidge, Law, Brown. Nays: West, Hulsing, Notebaert.

Mr. Brown moved that the 19 trees requested for the school yard proper at Farnum School as indicated on the map beginning at the northeast corner and running to the rear portion of the school yard immediately adjacent to the houses on the rear of the school yard be authorized at the cost of \$2,300.00 and that amount be taken from Contingency Account. Supported by Mrs. Fidge. Ayes: Law, Brown, Hulsing, Lynch, Fidge. Nays: West and Notebaert.

Mrs. Lynch reported that work had started on the Club House and the Teledyne Building but no money had been allocated for these contractors so they can obtain draws.

Mr. Brown moved the amendment as submitted by the Township Clerk for the change of fees be approved: "P.U.D. DEVELOPMENT PROPOSED FEE, for Township \$600.00 "under item No. 4" and P.U.D. REVIEW: SITE PLAN REVIEW FEE FOR THE P.U.D. will now be the same as the Mid-Rise fee on the schedule. Supported by Mrs. Fidge. Motion carried unanimously.

A Special Meeting was established for July 30, 1979 at 7:30 p.m. to discuss contract negotiation with Local 1496. Mr. Law pointed out that the excess of income over expenditures for the past two years had yearly exceeded the estimated yearly cost of the Sheriff's services. Mrs. Hulsing felt that accumulated excess funds should be used for Capital expenditures rather than current expenses.

Mrs. Hulsing moved that the Board of Trustees write the Wayne County Election's Commission that the Township of Plymouth no longer desire to put a hold on September 11, 1979 as an Election Date. Supported by Mr. Law. Motion carried unanimously.

Mr. West said that if Mr. Gould would make it a part of the Subdivision Restrictions that the homeowners association would be responsible for maintenance than he would move that we give consideration to accepting the maintenance of rear yard drains in Hidden Heights Subdivision. Supported by Mr. Brown. Ayes all.

Mr. West then offered the following Resolution:

BE IT RESOLVED, that the Charter Township of Plymouth will accept the rear yard drains of Hidden Heights Subdivision for maintenance, subject to that maintenance being added to the Subdivision Restrictions so that the homeowners association will be responsible for said maintenance. Supported by Mr. Brown. Ayes: Lynch, Hulsing, Brown, Law, Notebaert, West. Nays: Fidge.

Mrs. Lynch moved that the Township of Plymouth participate in the cost of the Handicapped Playground Program based on percentage of children in program from Plymouth Township the amount to be transferred from contingency 101-941 to account 101-691-698. Supported by Mrs. Hulsing. Motion carried unanimously.

Mr. Law moved that the Board of Trustees re-appoint Mr. Donald Skinner effective August 1, 1979 thru July 31, 1982 and that Mrs. Lee Fidge be appointed as the Board of Trustees' Liaison to the Planning Commission for her term on the Board. Supported by Mr. Brown. Motion carried unanimously.

Mr. Brown moved that the Fire Chief, Larry Groth be authorized to purchase the dictaphone call check unit at the cost of \$1,548.00 as quoted with the money coming from account number 336-979. Supported by Mrs. Lynch. Motion carried unanimously.

Mr. West moved that Mr. Groth be authorized as per his recommendation to hire two applicants for the position of volunteer Bremen; Mr. Steve Raposa and Mr. James Barron. Supported by Mrs. Lynch. Motion carried unanimously.

Mrs. Fidge moved approval of the transfer of \$368.00 from Contingency Account 321 in Water and Sewer Department to Account Number 457.6. Supported by Mrs. Lynch. Motion carried unanimously.

Mrs. Fidge moved approval of transfer \$175.00 from Contingency Account 321 to the Water and Sewer Department to Account Number 515-Advertising. Supported by Mr. West. Motion carried unanimously.

The confirmation of the United Services Committee was tabled to the July 24, 1979 meeting.

Mr. West moved to authorize the Clerk to write a resolution to the effect that the Charter Township of Plymouth will join the other three communities under the Senior Citizen's Home Services, title III with no financial commitment from the Township. Supported by Mr. Law. On a roll call vote: Ayes: Law, Brown, Hulsing, West, Fidge, Lynch, Notebaert. Nays: None.

Mr. Law reported that four firms had responded to date to his request for an attitudinal survey. He anticipated one more. Mrs. Fidge and Mrs. Hulsing will work with him to select the firm to do the survey. Their report will be in by July 26, 1979. No later than the first meeting in August.

Mr. Law emphasized that action by our State Representatives often brought faster response by state agencies. e.g. fencing of the pedestrian overpass on Robinwood. He suggested that Mr. Joyner would be of help in getting a response from Wayne County re road condition petitions to get on the agenda.

Mr. Brown reported that Mr. Notebaert, Mrs. Hulsing and he had met with a representative from the Sheriff's Department several times and had worked out several drafts. The final draft will be subject to the approval of the Board of Commissioners and the Board of Auditors. Hopefully a draft can be presented to the Board at the July 24, 1979 meeting.

Mr. Salla passed out for review the job description packets to the Board of Trustees. Mr. Brown suggested that the Board should have a Special Meeting for the purpose of discussing this particular report relating to personnel. At the meeting the Board can consider at the proper time whether or not it should be a closed meeting. A special meeting was established for July 23, 1979 for that purpose.

Moved by Mrs. Hulsing to adjourn the meeting. Supported by Mrs. Lynch. Ayes all. Supervisor Notebaert adjourned the meeting at 10:40 p.m.

Approved, THOMAS G. NOTEBART, SUPERVISOR Respectfully submitted, ESTHER HULSING, CLERK

These minutes are a synopsis. The official minutes are on file in the Clerk's office.
