

## Solutions to jammed classes sought

BY PATRICIA BARTOLD

Growth -- particularly at the high schools -- continues to be a critical problem for the Plymouth-Canton schools, according to enrollment projections released to the Plymouth-Canton Board of Education at its workshop Monday night.

According to the projections, enrollment at Salem and Canton high schools is expected to soar to about 8,100 students by 1987-88 and then gradually decline. "It's apparent that by 1983, we'll have to house students in another facility," said Superintendent John Hoben. The combined building capacities for Salem and Canton high schools is about 4,400 students.

The huge increase in the number of high school students is due to the "bulge" of students who are presently enrolled in the third and fourth grades now, said Hoben.

At the middle school level, enrollment is expected to peak at about 5,200 students in 1984-85, according to the projection figures.

That number, 5,200, is beyond the middle school capacity even if all four middle schools were on an extended school year (ESY) program, said the projection report. The ESY capacity for all four middle schools is about 5,100 students, according to the projections.

The elementary school population is expected to peak at about 8,100 students in 1980-81, said Hoben. If ESY were extended to all elementary schools, the district would be able to house the students, said Hoben.

At its workshop Monday night, the board discussed alternatives for housing students in the future. They include: building a 40-classroom annex at the high schools; renovation of Central Middle School to be used as a high school annex for alternative education students; renting schools from Livonia; and, building a middle school using mostly portable classrooms.

"The biggest issue (for the board) is to decide if you want to stay with the same grade configuration, that is, kindergarten through fifth grades at elementary schools, sixth through eighth grades at the middle schools, and ninth through twelfth grades at the high schools," said Hoben. Ninth grade could be pushed back to middle school to house more students at the high schools said Hoben.

Some board members objected to the idea of building an annex at the high schools. "We have problems with 4,700 students at

the Centennial Educational Park now," said Steve Harper, a board member. If more students go there, the high schools will become an "education factory," he added.

"I see total disruption from now on," said Board President Thomas Yack, in reference to anticipated problems with busing, boundaries, and ESY.

The school board is currently considering a bond issue to be placed before the voters next spring. Asked if the board should wait until June to place the bond proposal before voters, Hoben said: "Let's leave the date at Feb. 28 (as the board is aiming for now). The timing is critical in terms of the lead-time needed for any construction (of schools)

to take place."

Buying or renting schools in Livonia will be discussed by the board at future workshops. "We could use Webster Elementary (which is near the intersection of Five Mile and Newburgh roads) by next year. But, do we want busing or ESY? Which students will go there?" asked Hoben.

SWINGING INTO the upcoming season for the Plymouth Symphony Orchestra is Mark Flint, above, who is directing the strings section during rehearsal Monday evening. Flint is the first guest conductor for the symphony. Its opening concert will be held Sunday, Oct. 14 at the Salem High School Auditorium at 4 p.m. (Crier photo by Bill Bresler.)

### Tuning up

## Did Canton violate bidding rules?

BY CHAS CHILD

Auditors from the state of Michigan last week finished reviewing Canton Township records looking for alleged discrepancies in the bidding procedures used to construct the new courtroom in the basement of Township Hall.

Gary Roberts, who failed in a bid for a trustee seat in last year's election, said he provided the information to the state which prompted the investigation.

"They (township officials) didn't follow

the proper procedure," Roberts said. "And I don't want it to happen again. I pay taxes and I don't feel like getting ripped off."

The auditors spent five days reviewing township records last week, and their report on their investigation is due in about two months, Finance Director Mike Gorman said.

The state is also looking into whether the township mispent funds used to hold the Canton library millage election, said Gorman.

According to Supervisor Noel Culbert, the Board of Trustees decided it could save money by awarding the remodeling work to Bill Heinzman, who had done work for township before, rather than seek formal bids from union carpenters.

"The union requires blueprints, which for the courtroom would have cost about \$5,000," he said. "Also, the hourly wage for a union carpenter is \$25-\$30. Heinzman did it for \$12 per hour.

"There was the time element, too," the supervisor added. "We had to get the court done, and Heinzman was the fastest way to go."

Overall, the township paid Heinzman about \$25,000 for the job, said Gorman.

Although no other carpenter besides Heinzman was contacted about the work, said Gorman, the township did seek a price on how much it would have cost to put up pre-fabricated walls for the courtroom. "It was much more than Heinzman," he said.

Informal bids were also taken for electrical equipment, carpeting and air conditioning for the courtroom, he said.

Why weren't formal bids, which include advertising and sealed offers, taken for these items? Gorman said that since there were no blueprints, formal bids were impossible. "We estimated the charges as best we could. The men worked with us. The quality didn't suffer," he said.

The state Auditor General's office does not reveal who requests audits, said Gorman. Anyone in the township can ask for one, added Culbert.

### After strike

## Make-up days plague ESY schools

BY PATRICIA BARTOLD

Negotiators for both the school board and teachers will compare contracts at the end of this week to "see if they agree," said John Ryder, president of the Plymouth-Canton Education Association.

Teachers went on strike for 10 days beginning Aug. 27. The dispute was settled after a state fact-finder was called in. The two contract agreements to be reviewed by both parties later this week are based on the fact-finder's report.

Then the contract agreement must be ratified by both teachers and the school board.

Meanwhile, the Plymouth-Canton Board of Education is scheduled to consider the make-up days for students on the extended school year (ESY) calendar at its next meeting on Monday, Sept. 24. According to Norm Kee,

assistant superintendent for employe relations, ESY make-up days will probably be added on at the end of the school year for each track.

"ESY make-up days may be an issue," said Ryder. "The students won't have much time from the end of one school year until

## Community fund to kick off drive

The Plymouth Community Fund will kick off its 36th year with a dinner Monday, Sept. 24.

Dinner will be served at 6:45 p.m. at the Mayflower Meeting House on Main Street in downtown Plymouth.

For ticket information, call 453-6879.

the beginning of the next year -- if classes begin before Labor Day as they were scheduled for this year," he added.

Kee said that contract negotiations are still progressing for five of the six employe groups in the district whose contracts expired last summer. "We've reached a tentative agreement with one group -- the custodians," said Kee. After its workshop Monday night, the board met with Kee and school administrators to talk about the custodians' contract agreement.

Representatives of the other five groups -- cafeteria workers, teachers aides, bus drivers, educational secretaries, and principals -- are meeting on "a regular basis" with school administrators to iron out a new agreement, said Kee. All groups are currently working under a contract extension now, he said.

# Will sewer capacity limit future growth?

BY CHAS CHILD

The future sewer capacity of the Plymouth-Canton Community, which is a prime determinant of growth, will be aired at a meeting of Wayne County's Board of Public Works on Thursday, Sept. 20.

The board will present its recommendations on the latest report on the long-planned

super sewer by the federal Environmental Protection Agency. (EPA).

In a report issued three weeks ago, the EPA said it would include Canton Township, but not Plymouth Township, in its super sewer plan.

That is, the sewer, originally planned to run from the mouth of the Huron River, up the Huron to Belleville, and from there north to Commerce Township in Oakland County, would stop in Canton.

This plan excludes Plymouth Township. However, the EPA is not ruling out service to the township altogether.

The EPA recommends that the Wayne County DPW "conduct the additional facility planning for the northern area (which includes Plymouth Township) so that the most cost effective alternative for providing adequate wastewater capacity for that

area can be determined," said Duane R. Egeland, deputy managing director of the Wayne DPW.

If, after study of the needs of the northern area is finished, it is found that the super sewer should be extended to these communities, it will be authorized; said Egeland.

As for Canton, the EPA tacked on a proviso before it will approve including it in the

southern section of the sewer. The agency said the township must transfer its capacity in the existing Rouge River system to Plymouth Township and the other communities in the northern section, Egeland said.

Staff recommendations of the Wayne BPW were scheduled to be presented to the board at its meeting yesterday, and the board's position on the matter will be presented to participating communities and the public at tomorrow's meeting at Van Buren Township Hall, 1:30 p.m., 46425 Tayler Rd., Belleville.

"This meeting could be the most important of the long list of meetings held on the Huron Valley Wastewater Control System (super sewer)," Egeland wrote in a letter to the municipalities.

The City of Plymouth has already opted out of any super sewer plan.

## WSDP taps directors

The new student directors of CEP's radio station, WSDP, for the 1979-80 school year are: Marc Breckenridge, news; Debi Johnson, music; Mike Radwick, engineering; Ross Rhinehart, sports; Bruce Ruttenburg, programming; and Michelle Wegienek, promotions.

# Canton trustees increase taxes by 1.25 mills

BY CHAS CHILD

The special assessment for Canton's police Department was raised 1.25 mills by the Board of Trustees last Tuesday.

The hike was a compromise between the two-mill increase sought by Police Chief Jerry Cox and a request for no increase voiced by many members of the audience.

Two years ago, "the board pledged to limit the levy to two mills," said resident Robert Miller. "The citizens have a right to expect a maximum of two mills." The present assessment is two mills, but the board supplemented the police budget with funds equal to about one mill from the general fund.

To expand his "understaffed" department, Cox asked the board for four total mills, all from the special assessment, which was approved by the voters in August, 1977.

"I don't think we can survive with less than four mills," said Cox. Four is even a compromise from my point of view." He added that the FBI estimates there should be about 1.8 to 2 policemen per thousand residents in a community. Canton's force, he said, has 0.5 persons per thousand.

One resident, Alfred Lockbestal, who opposed a two-mill increase in the levy, asked Cox if police act as a deterrent to crime.

"A police department is only a deterrent to crime if it has visibility and is effective at getting convictions. We can't do that half staffed," replied the chief.

"What we'd like to work on is crime, prevention, with programs like neighborhood watches, but we don't have enough manpower to respond to all our calls and to do these things," Cox said.

Bob Fortune, representing the Smokler-Tracadale homeowners association, strongly supported a four-mill levy. "If your loved ones get hurt, will you think about the millage?" he asked.

## Police, library, general fund up Canton taxes by \$120

An average homeowner in Canton will pay about \$120 more in township taxes this year.

The increase is due to hikes in the police and general fund millages imposed by the Board of Trustees last Tuesday, and a 1.0 mill levy approved by voters in the spring to fund a new library.

A jump in the State Equalized Valuation (SEV) factor from 1.23 to 1.31 will also contribute to the increased assessments.

The police levy was raised from 2.0 to 3.25 mills by the board, and the general fund levy was upped 0.5 mills, from 4.5 to 5.0.

With the increases, the township will collect \$343.87 from a house valued at \$50,000 (assessed at \$25,000) this year. In 1978, the owner of the same house paid \$222.93 in township taxes. The difference is \$120.94.

These figures, of course, do not include school, county, or other taxes.

Trustee Bob Greenstein echoed Fortune's comments: "In some situations, your wife wants a cop now. We (the board members) have an obligation to protect your wife."

And Trustee Carol Bodenmiller agreed that the police department needs to expand. "Our present force is stretched thin now. What will it be like when the new subdivisions are finished?"

Asked why the Wayne County Sheriff's

Department couldn't help patrol the township, Cox replied that the sheriff's department recently received federal funding for traffic control only. "They don't respond to the subdivision calls, which keep us busy," he said.

Ken Smith, a resident, told the board, "We have a fine police force, but there must be a limit. You have to listen to the public. Go ahead and do it (raise the millage) and we'll meet you at the polls."

"You may be against an increase," replied Supervisor Noel Culbert, "But I've received a vast number of calls in support of the millage."

Trustee Stephen Larson moved to set the assessment at 3.25 mills. He, Clerk John Flodin, Greenstein, Culbert, and Bodenmiller voted "yes," while Treasurer James Donahue and Trustee Eugene Daley voted "no."

Township officials said Monday that there is a chance that the board of trustees may supplement the police budget with money from the general fund, like it did this year. "It's been talked about briefly," said Finance Director Mike Gorman. The board is scheduled to review the general-fund budget in October.

With the equivalent of four mills, about \$1,200,000, Cox said he could hire six more police officers and six cadets.

## Twp. contract talks for firefighters progressing

Plymouth Township firefighters will submit a tentative contract to township officials today (Wednesday, Sept. 19), according to Chuck VanVleck, president of the firefighters' association. Township firefighters have been working under an extension of the old contract since March.

"We're coming to a pretty good meeting of the minds," said VanVleck about progress on the talks. He said the two teams were "very close on economic issues, however the residency requirement for fire-

fighters must still be worked out."

Township officials are seeking a clause requiring firefighters hired after April 1, 1976 to live in the township, whereas the firefighters union is seeking a residency requirement within the area bounded by Eight Mile, Farmington, Geddes, and Curtis roads, said VanVleck.

After the firefighters submit their contract proposal, township officials will either accept it or come back with a counter-offer, said VanVleck.

## Crier wins 4 awards

The Community Crier won four awards in the 1979 Michigan Press Association newspaper contest, the MPA announced Monday.

The Crier's local news coverage was judge second best in the state among major weeklies -- those with circulations of 15,000 or above.

Another second was won in the single best advertisement category. The Crier's entry was a full-color, two-page ad for Forest Place Mall.

The Crier also earned two thirds, one for best overall use of graphics, and another for a spot news photograph taken by Crier Editor Chas Child. The photo was of two Canton firemen reviving a dog with oxygen during a house fire.

"It's encouraging to note that The Crier was honored not only for news and photos, but for advertising also, which means we are serving well all segments of the community," said Crier Publisher W. Edward Wendover.

The contest, entered by 70 weeklies in Michigan, was judged by the Wisconsin Newspaper Association.

## City buys new riding mower

Taking the second-highest bid out of four bids, the City of Plymouth voted unanimously to purchase a new riding lawn mower Monday for \$4,875.

After rejecting the lowest bidder for not meeting specifications, the commissioners

found that Saxton's Garden Center bid for a mower was \$105 more than the next bidder -- a Birmingham firm.

Commissioner Dave Pugh suggested that for the \$105 it was better to keep the business in town where service would be more readily available.

## City hall becomes a family affair

With the appointment of two acting department heads, City Hall is becoming a family affair.

Tapped as Acting Fire Chief is Charles Groth while his wife, Carol Groth has been

named acting treasurer.

In addition to the family connections at City Hall, the appointments run even deeper in the firefighting business since Larry Groth, Plymouth Township's fire chief, is Charlie's son.

## Cantonites cut weeds

THE FRUSTRATION OF TRYING to see through high weeds at the corner of Lilley and Greenwood in Canton prompted Willowdale subdivision to take the law into their own hands Saturday. They cut the weeds themselves. "It was a very dangerous corner," one resident said. "There almost have been many accidents."

Edwin Mills, Wayne County parks and recreation superintendent, who is charged with cutting roadside weeds, said his department tries to cut weeds along roads like Lilley once or twice per summer. "But if there is a special problem along primary roads, residents should call us and we'll try to get to it as soon as possible." The number to call is 234-7732.

Above, Cantonite Jim Bushman mows weeds along Lilley, just north of Ford Road. (Crier photo by Bill Bunker.)

# Heavy traffic on Gregory Lane spurs residents' complaints

Residents of Gregory Lane in Plymouth Township have objected to the temporary closing of nearby Mayflower Drive which has resulted in heavier traffic on Gregory Lane, they say. About 20 residents attended the Plymouth Township Board of Trustees

meeting to complain last Wednesday night. "Closing Mayflower Drive solved the traffic problem there, but it has increased our traffic tremendously," said Judy Breault, a spokesperson for the group. Mayflower Drive will be closed for about

six months, said Supervisor Thomas Notebaert. He added that Mayflower residents had asked the street be closed because of heavy traffic there and the Wayne County Road Commission agreed to close it temporarily.

To alleviate the traffic problem on Gregory Lane, which is partially caused by the influx of students to and from the nearby high schools, Notebaert said a "no left turn" sign would be posted on the northeast corner of Joy and Gregory and a traffic count would be taken to see if it had increased.

## Parents, drink coffee at CEP

The Centennial Educational Park will resume its schedule of parent-staff coffees. Coffees will be held on the first Wednesday and the third Thursday of each month at 9:30 a.m. in the Canton conference room.

The first coffee will be held on Thursday, Sept. 20. Administrators will be present to discuss programs and answer questions. Parents and friends are invited to attend.

## Bifocals lost at Fest

### ADS AND DISCLOSURE RULE

The truth-in-lending law became effective July 1, 1969. It's also known as the disclosure rule. It requires lenders to give customers a plain statement of the credit charges involved in any transaction.

One area where it has helped to clear possible misunderstandings is in real estate ads. Remember when ads used to read like this:

"FOR SALE - 3-bedroom home in fine location, only \$22,000 with \$3,000 down."

Now, if the advertiser mentions the down payment, he must also mention the monthly payment and the interest rate. Tell all or tell nothing! You may advertise the selling price, or terms like "low down payment" or "easy terms". But when it comes to the big three - down payment, interest rate or monthly payment -- if you mention one you have to tell all three.

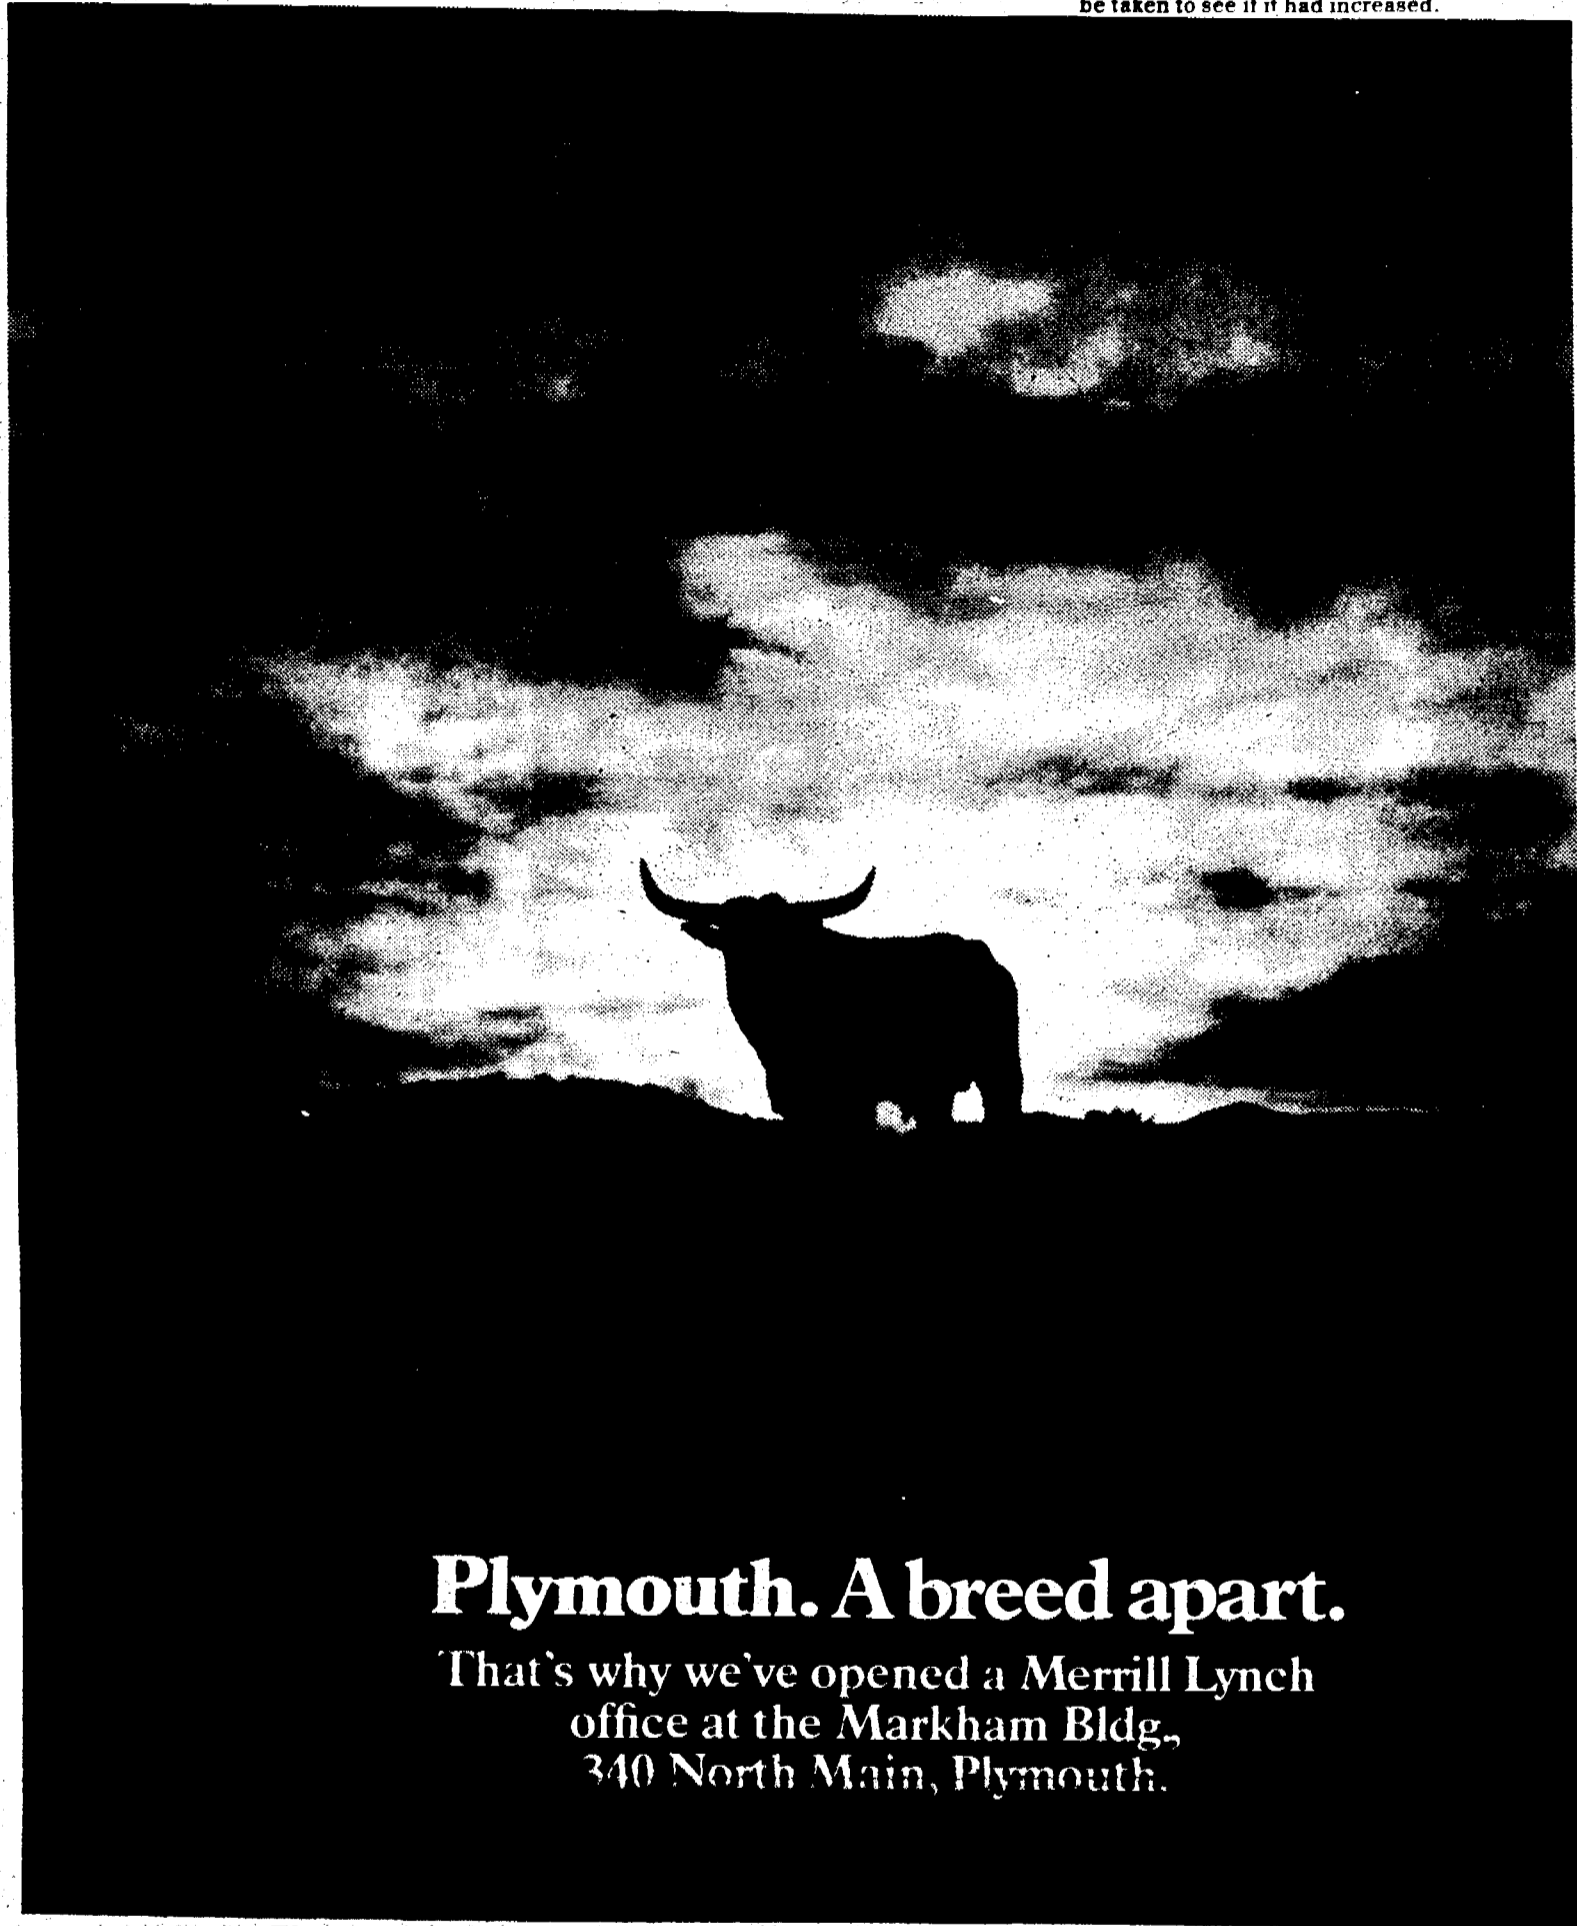

The obvious reason is so buyers can't be misled by an ad that offers \$2,000 down payment -- and then finding out that the monthly payments are extremely high.

# Twp. Hall to expand into office quarters next door

BY PATRICIA BARTOLD

In two split votes last Wednesday night, the Plymouth Township Board of Trustees OK'd a \$94,900 bid to renovate the Teledyne Building, but denied bids ranging from \$34,212 to \$54,978 for renovations of the cur-

rent township hall, adjacent to the Teledyne Building.

The Teledyne renovations called Phase I plans, include building a connecting walkway between the two buildings; finishing the electrical, heating, and air-conditioning

work; and, moving the township building department from the current township hall to the Teledyne building.

The \$94,900 bid was awarded to the Sheridan Construction Company. Trustees Barbara Lynch, Gerald Law, Maurice Breen and Lee Fidge voted to approve the Phase I plans while Clerk Esther Hulsing, Treasurer Joseph West and Supervisor Thomas Notebaert cast "no" votes.

Phase II of the plans, which earmarked funds for renovating the present township hall, was denied by a 5-2 vote. Casting "yes" votes were Hulsing and West.

Included in the Phase II project were: renovations which would create more space for the treasurer, clerk, and employees; construction of a facade for Township Hall; and creation of a small office for trustees.

"We purchased the Teledyne Building to

use, so we should finish it. But why should we change our present building?" asked Lynch.

Asked why Phase I plans were approved, but Phase II plans were denied, Lynch said: "Some trustees would like to see a new township hall built within the next 10 years or so. Our current building is adequate, but within 10 years we'll need to expand. Space will be needed for another fire station and police officers."

"I don't see why Township Hall shouldn't be an attractive place physically," said Hulsing, who voted for Phase II of the project. "More workspace is needed in township hall," she added.

Renovation work should be completed within 120 days, according to the resolution passed by the board.

### Let's Talk Real Estate

by Barbara M. Olson

There are various ways to determine the proper selling price for your house. One way is to determine how much it would cost to build your house today. Another, is to check newspaper listings and see what similar houses in similar neighborhoods are being sold for. The surest way, however, to determine fair market value is through your local real estate broker. He/she has an up to date knowledge of the real estate market and can save time and energy by helping you arrive at a proper asking price quickly and accurately.

Sell your home quickly and profitably by listing it with REALTY WORLD-COLONIAL VILLAGE INC., 42142 Ford Rd., Canton, 456-7790. Our professional staff will use their knowledge of real estate and experience in the area to make sure you receive maximum market value for your property. Hours: Mon.-Sat. 9-9, Sun. 10-6.

**DID YOU KNOW?**  
 It is smart to list your home at fair market value to begin with.

## I Owe My Life To Chiropractic

When I was six years old I fell down the basement stairs. I was completely paralyzed from the neck down. The medical doctors said I would probably never walk again and I was released from the hospital in Detroit after three weeks of spinal taps, etc., without any hope of ever walking again.

My father took me to a chiropractor as a last resort. After the first week of chiropractic care, I began to have movement of both legs and arms. After two months, I was walking and continued care for a year. I have always been thankful my parents had the courage to take me to a chiropractor.

We helped Mr. Ivey by removing nerve pressure from his spine. Many times this pressure can't be felt. Only your Chiropractor can find and remove this pressure. Chiropractic corrects the Cause of illness. Chiropractic has helped many who could not be helped by any other means. If you are sick (regardless of what condition) and have not been to a Chiropractor you haven't received every chance of getting well.

Howard C. Ivey

Four years ago, I started having trouble again. I would spend anywhere from one to two weeks out of commission and this would happen three times each year. My last attack happened a year ago, while in bed R. Mashike's paper was delivered. It jarred my memory of my childhood experience, so I went to him.

Thanks to Dr. Mashike, I have not had any problems for over a year now, and a great year it has been, working and living without trouble.

Now you may ask, why did I go through four years of trouble before going to a chiropractor? I wondered myself, seems like we all go to medical doctors first then as a last resort turn to the chiropractor. I should have known better, but I won't make the mistake again.

Howard C. Ivey

## Why be sick when you can be well?

# community deaths

## Crossmyer

Patricia Crossmyer, 38, of Canton, died Sept. 7 at University Hospital. Funeral services were held Sept. 11 at Schrader Funeral Home with The Rev. Fr. Kean Cronin officiating. Burial was at Sheldon Cemetery.

She is survived by her parents, Mr. and Mrs. Robert Clixby of Canton; daughter, Barbra Ann Crossmyer of Farmington Hills; brothers and sisters, William Clixby of Ohio, Judith Cannon of Ypsilanti; and, grandmother, Annie Avery of Canton.

Mrs. Crossmyer was a librarian at Farmington High School for 12 years. She was a member of the Michigan Education Association, National Education Association, National High School Librarian Association and department chairperson of libraries for the Farmington School District. She was also a member of Our Lady of Sorrows Church in Farmington Hills.

She was graduated from Plymouth High School in 1959 and from Eastern Michigan University in 1963.

Memorial contributions can be made to the Michigan Cancer Association.

## St. Louis

Thomas J. St. Louis, 96, of Plymouth, died at St. Mary Hospital Sept. 6. Funeral services were held Sept. 10 at St. Kenneth Catholic Church with Father William Pettit officiating. Burial was at Cadillac Memorial Gardens West in Westland. Arrangements were made by Lambert Funeral Home.

He is survived by his sons and daughters, Gilbert, Thomas, and Mrs. Ida Munroe of Florida, Elon of Plymouth, Mrs. Joan Vanderveen of Michigan; 20 grandchildren;

43 great-grandchildren; and five great-great grandchildren.

Mr. St. Louis came to the community years ago and was a retired carpenter. He was a member of St. Kenneth Catholic Church.

## Powers

Alice P. Powers, 53, of Detroit, died Sept. 10 at St. Benedict in Detroit. Funeral services were held Sept. 12 at Lambert Funeral Home with The Rev. Jack R. Williams officiating. Burial was at Forestlawn Cemetery in Detroit.

She is survived by her mother, Mrs. Mattie Carey; sons and daughters, Jerry and Richard of Canton and Ronald; sister, Mrs. Ruth Moore of Ohio; and, four grandchildren.

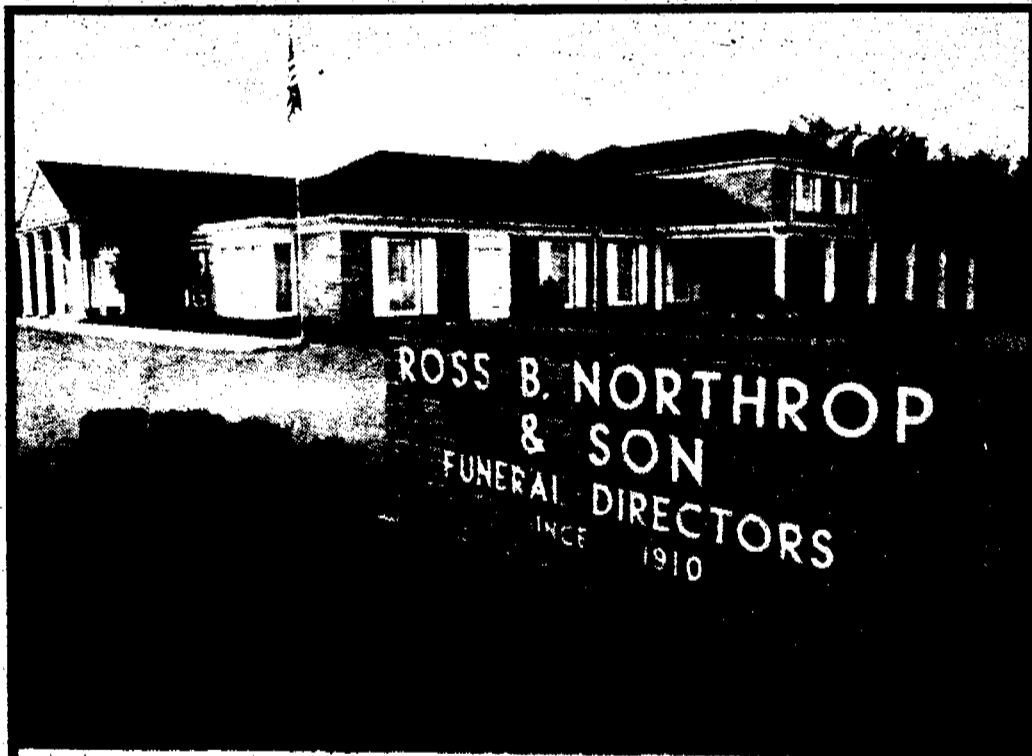

Mrs. Powers was a sales clerk.

## Albright

Frances E. Albright, 87, of Plymouth, died Sept. 11 here. Funeral services were held Sept. 17 at Mariston, Wisconsin with Father Gerard Albright and Father William Barney officiating. Burial was at St. Francis Cemetery in Juneau County, Wisconsin. Arrangements were made by Lambert Funeral Home.

Mrs. Albright is survived by sons and daughters, Paul Albright of Plymouth, the Rev. R. Gerard Albright, S.J. of Detroit; brothers and sisters, Barbara Minichien, Marie Simonick, and Clare Gracheck; and, five grandchildren.

She came to the community nine weeks ago and was a homemaker. She was a member of the Daughters of Isabella of Dearborn and the Garden Club.

### Canton violates its own ordinance

FILE THIS ITEM in the double-standard department, folks. The sign in front of Canton Township Hall violates the township's newly enacted sign ordinance because it's too large. According to township ordinance officer Bruce Phillips, the sign would not be permitted in front of any single business in the township. The Board of Trustees limited single-business signs to 18 square feet, or 25 feet, if the sign is made of natural materials, which this one is. It measures about 60 square feet. The township is not subject to its own ordinance, however, because it is considered an "essential service," said Phillips; thus, exempt. Actually, we believe the sign looks fine and congratulate Clerk John Flodin, who created the flower-bed sign, for his extra efforts. We only wonder why businesses in the township area't afforded the same opportunity? — THE COMMUNITY CRIER

### Keeping teachers healthy and happy is worth \$6,250

EDITOR:

I've just finished reading the letter concerning the cardiovascular physical fitness program for Plymouth teachers and feel I can shed some light on the rationale for spending \$6,250 on such a program.

As a Livonia teacher, I had the opportunity to participate in a similar program last year. The focus is on the health of the participants and not on recreation and games.

The teachers are screened for elevated cholesterol levels, body fat percentage, life style habits such as smoking and drinking, and cardiovascular fitness. The last item is done on an exercise bicycle while the heart and blood pressure are monitored during increasing amounts of exercise.

The program itself is held three times a week, either before or after school for 45 minutes. The exercise leaders are competent, trained people and the teachers do not use school time to participate. The exercise class is broken down into 5-10 minutes of warm-up, 20-30 minutes of aerobic training and 5-10 minutes of cool down.

The advantages to the teachers are many. The screening itself revealed a surprising amount of heart attack risk factors among those tested. Like most of us, teachers have not had a thorough physical in many years simply because they have not been sick and believe themselves to be in good health.

If your doctor is like most, they do not routinely test for cholesterol, give you an exercise test, or even inform patients of their blood pressure unless they are specifically asked for that information.

Preventive medicine is a new field. Most doctors are busy treating symptoms of disease rather than trying to head off health problems before they happen.

Most of us graduate, enter the work force and then sit on our duffs until some crisis develops. This program is aimed at education plus keeping the teacher population healthy and happy.

Teachers who "feel good" do not take sick days, have enough energy to keep up with 30 or more kids day in and day out and have

less problems with mental health and depression.

Health insurance is one of the board's largest expenditures. If even one heart attack is prevented, the money saved in lost time, teacher replacement, and doctor and hospital expenses will make up for the money spent.

This kind of savings is hard to document on paper, but an increasing number of businesses and industries are beginning to see that, in the long run, the health of their employes is truly cheaper than the inevitable lost days due to our No. 1 killer, heart attack, along with stroke and related cardiovascular diseases.

When the teachers see physical fitness as important, so will their students. We learn by example. I can't think of a better way to educate youth to the importance of lifetime activity.

Congratulations to Dr. (John M.) Hoben (Plymouth-Canton Superintendent) for taking the initiative in this important area. This program is the best kind of "in-service training" we can buy for our dollar.

W. EDWARD WENDOVER

The City of Plymouth may have a shortage of candidates for its city commission seats, but not for its city manager position.

After last weekend's buttonholing by commissioners attending the Michigan Municipal League convention in Dearborn, some 18 applicants have come forward for the job.

That's enough, says Mayor Mary Childs, to look at closing applications by the end of October -- meaning that the commissioners may select a new top administrator before the new commissioners are seated in mid-November.

Already, the commissioners are individually reviewing the applications turned in thus far. And each day brings a new batch of hopefuls to the front -- the smart ones use certified mail envelopes -- in response to the League meeting politicking and city puffery magazines' help-wanted ads.

There will be a wealth of candidates to chose from.

One possible candidate, former assistant city manager Ray Quada, was formally approached -- but is currently drafting a letter declining the job. He's now enjoying his job showboating as city manager in Lowell and says he's not interested in the Plymouth post "for a number of reasons."

Not the least of those reasons, is Quada's personal friendship with his mentor, the deposed Fred L. Yockey, who was rudely run out of town (even though it can be convincingly argued his departure was years overdue).

Another possibility for the job is the current No. 2 Honcho in the front office -- John Zech. As yet, he says, he's not decided whether he'll apply for the job.

Then there's another former assistant city manager -- Mark Wollenweber, now the top dog at Huntington Woods. His feeling about applying for the job

With those obvious folks in the race, who will the commission pick?

The current oddsmakers at City Hall are putting their money on one Kenneth Way, the acting city manager, who admits he wants the job.

"I've filed an application," he smiled. "I filed one before, between Norm Gaffney and Yockey (when Way had also served as acting city manager for nearly three months)."

Way, who just turned 53 and will complete 28 years with the city next month, says he'd

like the job on a permanent basis. "it's too young for me to be retired," at 55, when he'll see 30 years at City Hall.

The Old Dependable Warhorse, who was summoned up to the acting manager post, without having been asked first if he'd take it once again following Yockey's resignation, is regarded by many City Hallers to be the safe, neutral bet and with the current city commission -- you can see why the odds-makers favor him so highly even with 1,000 applications.

### Is Crier sports coverage fair?

EDITOR:

This letter is written by a Salem football parent of four years. I am questioning the fairness of giving equal coverage and pictures to both Plymouth-Canton High Schools on a weekly basis. It always appears to be one or the other.

Parents of both teams want to read the articles and look at the pictures of how the team did. The guys themselves look forward to the papers also.

I'm sure in many cases they save the articles and pictures for their scrapbooks and memories. Why does it seem one-sided all the time?

I can't understand what is so difficult in bringing out total fairness, pictures, coverage, and recognition to both schools in the community on a weekly basis.

CHRIS SKONE

*Editor's note: We agree with the writer that coverage of Canton and Salem and men's and women's teams should be balanced. And we take pains to insure equal coverage every week.*

*However, this is not always possible or desirable. For example, if late in the season, the Salem football team is in the race for the league title, we'll naturally give it more play than the Canton squad if it is out of contention. Also, some coaches fail to return our phone calls before our deadlines. When this happens, coverage of his or her team that week is obviously scant or non-existent.*

*As for photos, we try to publish at least one picture of every team during its season.*

### Canton ignores citizens' own desires

EDITOR:

In speaking of Canton's Proposed Master Plan, one of the Canton Board members is quoted as complaining that the citizens and the Township Board have no say in decid-

ing the fate of the township since the Master Plan is the creation of the Planning Commission.

The total citizenry of our township very seldom has an opportunity to speak up as a unit since most issues that come before the board affect only a neighborhood or a sub-division.

However, when a project that affects all Canton residents is brought before the present board they tend to ignore the citizens desires. Examples . . . (1) farm preservation was voted down by 53 per cent of the voters, but was revived and left in limbo by action of the board, and (2) self service gas stations are wanted by Cantonites as illustrated by over 4,000 signatures of people living all over Canton. Again, the board tabled this request by the people.

Consequently, I don't understand why the board member is concerned about the people having a say about the Master Plan. If the people voted for a commercial strip along Canton Center and Ford roads instead of an apartment strip, they would probably be ignored anyway. So what's new?

# Bartold ya'

BY PATRICIA BARTOLD

Before any talk of teacher-school board negotiations becomes completely passe, one idea needs to be aired: Negotiations between the two parties should be open to the public.

School was delayed for 10 days because contract talks between the two parties broke down. Only after two impartial third parties -- a fact-finder and a state mediator -- were called into the talks was the dispute settled, marking the end of the teachers strike.

After negotiations reached an impasse, the public was left in the dark about the

## Don't use competency tests!

EDITOR:

To the Plymouth-Canton school board:

I cannot imagine why the Plymouth-Canton Board of Education would concern itself with a competency test for graduation from high school.

I think it's bad enough that students are labeled "slow learner," "mentally retarded," "learning disabled," etc., throughout their school careers; but, do we have to drive their inadequacies home by stating such on their diplomas.

Does the adolescent boy or girl whose abilities are average or below work any less diligently to earn a diploma -- absolutely

### community opinions

not! Many times this student struggles desperately just to pass.

The mind which thinks in terms of specifications on a diploma is a bigoted mind. Let's put the money into new and innovative materials which will stimulate the student rather than try to scare him.

By the way, will there also be a special diploma that says, "Gifted, I.Q. 149"?

RUBY LEWIS

issues and the strategies used in resolving them. It was, however, the kids in the school district who became the butt of the situation. The disruption caused by the teachers strike will be felt in every student's home as make-up days are scheduled and lost time in the classrooms is put back into the calendar.

Because public taxes support the school district, the public has a right to know firsthand what goes on during contract negotiations.

During this past strike, both sides, at one point or another, claimed the other side's demands were unreasonable. As a result, most persons didn't know which side to believe, which side to support.

Those kinds of backbiting situations could be avoided if both teams were willing and open enough to let the public observe for itself as the two teams negotiate. Although a strike by teachers may not be averted by letting the public sit in on negotiations, at least parents would not have to rely on second-hand observations from either side.

Homeowner associations and Parent-Teacher Organizations representing various schools could report back to their respective groups -- thus alleviating the nasty rumors that were so prevalent during this strike.

The school board should take action on this proposal. It should be brought to the table, discussed, and voted upon. Letting the public sit in on contract talks could open the lines of communication in the school district. Such an opportunity shouldn't be allowed to pass without action. School board members, talk about it at least!!

## Volunteer spirit keeps Dely going

BY PATRICIA BARTOLD

"Cancer used to be a hush-hush subject," says Millie Dely, a Plymouth resident and 15-year volunteer at the Michigan Cancer Foundation's office on Main Street in Plymouth.

"Now people are beginning to talk about it," she says while folding her arms in a matter-of-fact style which compliments her grandmotherly-appearance.

Dely works at the office afternoons from 1 to 3, but her hours as a volunteer frequently extend past regular office hours and into the early morning or evening. "Sometimes

people need medical supplies in the morning or at night so I deliver them or meet them with the supplies," says Dely. Sometimes her hours add up to about 70 a month.

However, Dely is quick to say that her work isn't glamorous. "We need more volunteers now, but this job isn't for those who want a lot of activity or glamour," she says.

As a volunteer, Dely supervises 15 other workers. Activities at the office include: making dressings for cancer patients; following up on referrals from social workers, nurses, and doctors; typing cards; answering telephones; visiting patients; and, delivering medical supplies such as wheelchairs, walkers, and dressings to patients at no charge to them.

"We can -- and will -- deliver supplies to cancer patients at no charge to the patient or his family. The only piece of equipment we don't deliver is a bed, however the patient or someone in his family can pick-one up here, if it's needed," she says.

Dely says she has seen the services expand to help more patients since she began volunteer work. "Fifteen years ago, we saw only 28 or so patients a year. Last year we saw nearly 90," she reports.

"Patient care is our first priority here -- and making sure those people have the proper care and supplies as well as any services we can refer a patient to," says Dely. To help cancer victims cope with their adjustments, professional counseling is available and volunteers can refer the patient or their families to various programs in the area.

Also, volunteers schedule pap smears and breast examinations for women during the year.

"Getting along with people is the real clue to success here. Volunteers learn a lot about giving to people," Dely adds thoughtfully.

She began her volunteer work 15 years ago at the suggestion of a friend who, ironically enough, was a cancer victim four years ago. "I started by sewing dressings at home. Then gradually we expanded our office hours so that we're open five days a week instead of three. Between the Mayflower Auxiliary, St. Peter's Lutheran Church, and the cancer foundation, I keep pretty busy," she chuckles.

"It makes me feel as though I'm helping. We can always help out -- no matter how small or large someone's needs may be," she confides.

## Travelogue on Mexico is free tonight at Salem

Tonight (Wednesday, Sept. 19), the Plymouth Kiwanis Foundation will present its first travelogue of the season on Mexico. The program will be at Salem High School at 8 p.m. and there is no charge. The public is invited.

Speaker Romain Wilhelmsen has made more than 20 visits to Mexico and he will talk about the lost cities, treasures, and art of Mexico as well as show his photographs of the country.

## Mary Cleveland sings 'Brigadoon'

Mary Cleveland, daughter of Joseph and Norma Cleveland of Plymouth Township, will sing in the chorus of "Brigadoon," a musical to be presented Sept. 22, 23, 28, 29, and 30 at the Marquis Theater in Northville.

The musical is being presented by Performing Artists Unlimited, a local repertory company. "Brigadoon" is the story of two New Yorkers who, after getting lost while hunting in Scotland, encounter adventures in a small village there.

Cleveland, a 14-year old freshman at Canton High School, sang in the chorus at West Middle School. Last spring she starred as Anita in "West Side Story" at school.

For ticket information and the times of the performances, call 349-8110 or 349-8113.

# tell it to Phyllis

Home improvements at our house occur any day of any season that someone gets the urge to do something. I've given up trying to plan spring or fall projects, because that certain someone (commonly known as a husband) always has something better to do. If he decides to do something, it will get done when he's in the mood to do it. It doesn't do any good to suggest, complain, or nag -- it all falls on deaf ears.

How many husbands would wait until 9 p.m. the night before the first day of school to tear up the bathroom floor? I admit the floor needed replacing. As a matter of fact, it has been in bad shape for about six months now.

If he planned it, he couldn't have picked a worse time. The one week in over two months that the kids are in school, is the week we have only one bathroom. Why couldn't he have picked one of the five preceding weeks for the three weeks following, when the kids were on vacation?

There I was at midnight (the night before the first day of school) trying to convince the kids that daddy wasn't trying to tear the whole house down, at least I didn't think so.

You realize just how spoiled you are, when you have to run upstairs to the bathroom when mother nature calls, only to find out you have to stand there with your legs crossed, waiting for someone else. The mornings are bad enough around there with two bathrooms, but with one, it's impossible.

About mid-week, when we started talking about what kind of floor we were going to put in, I suggested that since all the bathroom fixtures were out, now would be a great time to wallpaper. After eight years of thinking and talking about it, and then coming up with excuses, we finally put-up wallpaper.

Seeing that first piece of wallpaper come in contact with the wall was such an exciting experience -- one that our marriage could never survive again.

Now that the smallest room in our house is wallpapered, Mr. Know-it-all (who ended up doing it by himself) made only one comment: "There is no way in hell that I will ever touch that stuff again." Oh well, I guess it's back to the paint brushes and rollers again.

\*\*\*\*\*

Jeanne Climie of Plymouth earned \$1,500 for the Jerry Lewis Tell-a-thon by roller skating for 18 hours at the Riverside Arena Skate-a-thon. Jeanne earned the money by getting businesses in Plymouth and Canton to sponsor her. On Sept. 2 she appeared on television with the owners of Riverside arena to donate a total of \$7,500.

Jeanne said she plans to do it again next year. "It's something I can do to help someone else," she said.

\*\*\*\*\*

Due to the teachers' strike, another registration date has been scheduled for anyone interested in skating lessons.

The additional date has been slated as Friday, Sept. 21 from 1 to 7 p.m. at the Plymouth Cultural Center, 525 Farmer. Residents of the Plymouth-Canton Community School District are charged \$14 for the seven week session and non-residents are charged a fee of \$18. There is no fee for open skating sessions if lessons are held during one of these periods.

Classes will be available for all levels and ages, adults included. For more information call 455-6620.

## Kids, go artsy in PCAC classes

Three art workshops for children from four to 14 years old will be offered through the Plymouth Fine Arts Council of the Plymouth Community Arts Council this fall.

Art for Young Children, which runs for six weeks starting the week of Oct. 1, will meet in two sessions. Kids four and five will meet Fridays from 2 to 3 p.m. and kids six and seven will meet from 3:30 to 4:30 p.m. on Fridays.

A five-week course, Pencil, Charcoal and You, will be offered for students eight to 11 years old from 4 to 5:30 p.m. on Tuesdays, beginning Oct. 2.

For students from 12 to 14 years old, teacher Barbara Bray will conduct a class called Pastels for four weeks.

For more information about the classes and fees, call the PCAC office at 455-5260, Mondays through Thursdays from 9 a.m. to noon.

**BY AHMAD JALLAD**

Sherry is one of the few wines in the world that is sold without a vineyard name or vintage year. It can range in taste from very dry to sweet and luxurious. The color runs from pale to dark brown. Serve it before or after meals, or as a sauce on ice cream of fruit. Most sherry comes from a small wine growing district in southwest Spain, principally Jerez de la Frontera. With a little bit of slurping, you will be able to tell how sherry got its name from Jerez, its major hometown.

Whatever your taste pleasures may be, you will find something to please the palate at the CHEESE & WINE BARN, 515 Forest Ave. We offer the variety of selection that will not only please the taste, but that makes the experience something interesting and unique. Stop in today and try something different. It will be an exciting and pleasurable experience you will long remember. Open daily 10-6, Th. & Fri. til 9. Tel. 453-1700. **WINE WISDOM:** Cream sheries are sweeter than dry sheries.

## Salem eludes Bentley for 10th time

BY FRED DeLANO

The offensive and defensive balance which Salem's Rocks displayed effectively in trouncing Livonia Bentley last week, 24-8, will be put to another Suburban Eight football league test by Dearborn's Pioneer Friday.

It will be a 4 p.m. game and will be played at Dearborn. Both teams are 1-1. The difference is that although the Pioneers opened with a win over Southgate in a non-league match up they then lost to Dearborn Edsel Ford in Sub 8 action, while Salem's victory at Bentley puts the Rocks at 1-0 in the league after dropping a 12-9 non-league decision at Livonia Franklin.

Except for one momentary lapse which came when Salem already was leading 24-0, the Rocks' defense completely throttled a Bentley machine which only a week earlier had waltzed to an easy 20-0 triumph over Canton.

A 75-yard touchdown sprint by Greg Pierson, followed by his own two-point plunge, accounted for Bentley's only scoring as the Bulldogs were beaten by the Rocks for the 10th year in a row.

Other than on that run, Bentley crossed the 50-yard line only once and that was by virtue of a penalty against Salem. Overall the Bulldogs made only four first downs and their rushing and passing netted only 125 yards. Their lone rushing first down, which came in the waning moments of the game, is the only one Salem has allowed on the ground in two starts.

Meanwhile, the Rocks were having a field day on offense as senior quarterback Jim Anderson piloted the team almost without flaw out of the wishbone. The attack netted 331 yards and 15 first downs.

The option sweeps saw Anderson ramble for 101 yards the 20 times he kept the ball, and he also accounted for 73 yards on six completed passes in 13 attempts. Three were to Ron Schultz, two to Jeff Spencer and one to Phil Anderson. The ground attack was given added sparkle by the running of Phil Anderson, Brian Lewandowski and Craig Stack. The latter's 85 yards included a spectacular dash of 53 yards that set up Salem's second touchdown.

Salem scored the first time it had the ball Stack going the last yard for the touchdown.

Salem scored the first time it had the ball, Stack going the last yard for the touchdown after a 14-yard pass to Schultz had put the Rocks on Bentley's doorstep. Lewandowski then kicked the first of his three successful conversions from placement, making him 4-for-4 so far this fall.

The Rocks ran it to 14-0 in the second quarter after Stack's long gainer had put them on Bentley's 16. Faking a pitchout, Jim Anderson carried his 6-2, 202-pound frame those needed 16 yards himself.

Salem opened the second half by driving to the Bentley 18 where, on fourth down and two yards to go, the Rocks gave Lewandowski his season's first shot at a field goal. He kicked it from the 25, making the flight 35 yards in all, and there never was any question about its accuracy to make it 17-0.

On their very next possession the Rocks went on another scoring drive. It took 'em a dozen plays to go 51 yards, Lewandowski finally getting the touchdown from the three-yard line. His kick lit up the scoreboard at 24-0 and then Pierson's long blast erased the gooseegg.

The final margin might have been even

SALEM'S DAN HOWARD (with ball) tries to get off a pass through the arms of Bentley's Bill Blaharski during Friday night's Salem smear over the Bulldogs, 24-8. (Crier photo by Bill Breaker.)

greated had not Salem blown several scoring chances. After sputtering and losing the ball on downs four times in the Franklip game, the Rocks did the same thing three times against Bentley- twice inside the Bulldog five-yard line. They also lost the ball twice on interceptions, but in 12 possessions were

forced to punt only once.

Coach Tom Moshimer had special praise for interior linemen Scott Piper, Ken Czapl and Stan Snider as leaders of Salem's defensive charge.

"The entire defensive team played a heck of a game and the offense was a lot better than a week earlier," said Moshimer. "Jimmy Anderson was running extremely well."

Another element on the negative side was in the fact that the Rocks were assessed 105 yards on 12 penalties. Obviously as yet they have not attained perfect cohesion. The Dearborn game will be the third in a row on the road, and two more at Utica Eisenhower and Belleville will follow before they finally appear at home against St. Clair Shores Lakeview on Oct. 12.

# Canton loses to Annapolis in closing minutes, 14-13

BY MIKE HENSHAW

Dearborn Annapolis completed a two-point conversion following a touchdown with 2:42 left in the game to edge Canton 14-13 in non-league action Friday afternoon. It was the second win in a row for the Cougars, who handed the Chiefs their second straight defeat.

Canton, trying to come back from a 20-0 opening night loss to Bentley, struck first on their opening possession, with Steve Gray scoring from three yards out. Gray added the extra point, and the Chiefs led 7-0.

The teams exchanged punts, and Annapolis took over deep in their own territory. On fourth and 11, it looked like Canton would get the ball back, but a strong rush resulted in a roughing the kicker penalty and an automatic first down for the Cougars. The error proved costly as Annapolis marched downfield to narrow the Chief's lead to 7-6 with 8:24 remaining in the second quarter. Mark Shea netted the Cougar touchdown on a four-

yard run.

Annapolis coach John O'Droski elected to try for the two-point conversion, but the strategy backfired when Shea was nailed short of the goal line by the Chiefs' Jerry Norgren, and Canton maintained its one-point lead.

Neither team was able to start another drive as the defenses stiffened, and the score remained 7-6 at the half.

Canton got the first break of the second half when the Cougars' Jeff Price mishandled a Chief punt upon being hit by Norgren and the Chiefs recovered on the Annapolis 39.

The Cougars got the ball back on their own 33, however, when Vern Osborn stole the ball from Chief quarterback Greg Mallare on an option play.

After the Chiefs' Chris Koch sacked quarterback Rich McGuire on a fake punt run on the Annapolis 39, Canton mounted its final scoring drive. Gray carried seven straight times down to the one, where Mallare scored

on a quarterback sneak with 8:34 left in the game. The extra point attempt was wide right, however, setting the stage for the Cougars' winning drive.

Annapolis started from their own 39 after the kickoff and McGuire and Shea accounted for seven plays that took the ball all the way to the Chief 19. On a crucial third and 10 from that point, McGuire found tight end Joe Beavais, his favorite receiver all afternoon, across the middle for a first and goal at the Chief eight yard line with 3:44 remaining. After Shea was thrown for a three-yard loss by Doug Ward, McGuire hit flanker Bob Archibald in the end zone to make it 13-12 Canton.

On the conversion, McGuire rolled left and pitched to Shea, who just made it inside the flag for the winning margin.

Canton's last ditch effort to pull the game out ended when Annapolis recovered a mis-directed pitch by quarterback Kevin Santilli with 0:42 remaining. Santilli replaced

Mallare, who left the game with a leg cramp. Canton coach Dave Schuele, although disappointed with the close loss, said his team had improved and noted that both losses were non-league games.

"As far as I'm concerned, the important thing is that we are 0-0 in Western Six play, which begins this week," said Schuele.

Canton's next game is Friday at home against Walled Lake.

## Rock golfers devastate opening rivals

As usual, the Salem boys golf team has gotten off to an uncontested start in its season with five straight wins against no losses.

Starting off with a three-team victory in the Brighton Quad last week, the Rock golfers haven't let up on their opponents and don't intend to.

Defeating the usual line-up of Dearborn High School (342), Dearborn Riverside (349) and Brighton (339) with a score of 315 in the 18-hole tournament at Burrough Farms in Brighton, the Rocks earned a fast 3-0 record.

Being the fourth year in a row that Salem has been the leader at Brighton, medalist (low score) honors were once again found on the Salem roster. Senior co-captain Bob Jarvis earned the honor with a 76 on the par 70 layout and was followed by teammates Jeff Trim at 77 and Blake Lundberg and John Paulowit at 81.

Trim paced the Rocks in their fourth win of the season against North Farmington Wednesday, (220-240) with a 40 at Godwin Glenn, (a par 36 course). Jarvis was next in line for the Rocks with a 41, Paulowit shot a 44 and Lundberg came in off nine holes carding a 46.

Taking on Suburban Eight League rival Livonia Bentley on Tuesday in what is always considered a close contest according to Salem coach Bob Waters, the Salem squad pulled out a 160-167 win over the league competitor.

Butch Recto earned medalist honors against the Bulldogs with a 39 at Idle Wyld Golf Course in Livonia. Jarvis and Trim were next in line with a pair of 40's and Lundberg brought in a 41.

"I'm very satisfied with our performance so far," said Waters. "We're about the same

as we were at this time last year, maybe a stroke above last year's pace. Playing on the road for the first few matches takes a lot of adjusting to foreign courses. We'll start bringing in some lower scores once we start playing more matches on our home course."

The Rocks will get their chance today in non-league competition against Northville to prove themselves on Brae Burn Golf Course, Salem's home course as well as Canton's. If pre-season scores are any indication of how the team will fair, Waters is correct in his statement that the scores will be lower. Pre-season scores from both Jarvis and Trim have been consistently par or close to it.

Thursday the Salem team will play Dearborn and then be back on the home course Tuesday for the annual Salem-Canton hosted Plymouth Best Ball Tournament.

## Salem cagers uncontested; win with 80 point smear

Competition is what makes a basketball game exciting but it is also what the Salem girls basketball team has lacked in its opening two games of the season according to coach Bob Blahm.

An easy smear over Walled Lake Western last Tuesday night, 56-32 and another unchallenged victory over North Farmington on Thursday, 97-10 gave the Rocks the chance to clear the bench for starting practice and that's about all.

"Freshman Jackie Merrifield was the leading scorer against Farmington with 16 points," said Coach Blahm. "That's a freshman against a varsity ball club. Playing a team like Farmington and Walled Lake isn't much fun, all it does is give my players a chance to play and get in some shooting practice."

Senior Patty Weisman led the Rocks in both shooting and in rebounds against Walled Lake with 18 points and 21 rebounds. Junior Cheryl Sahlow followed Weisman in earned points with 14 and senior Nan Harwood added 11 to the final tally.

Besides accuracy on the boards, Blahm complimented his squad on its defensive work against Walled Lake even though

the competition wasn't as tough as he had hoped for.

"There were a lot of turnovers that made it easy for us to take such a commanding lead and to hold on to it," said Blahm.

"Neither Walled Lake or Farmington were up to our skill level so there was a lot of scoring from a lot of people all the way down the bench."

Although the Rocks managed to take an early season record of 2-0 without any trouble, they will be put to the test tomorrow against Dearborn High School in Suburban Eight League action. Picked as Blahm as one of the top contenders in the Sub 8, the contest against the Financers will get underway on the Rocks' home court at 6:15 p.m. with the junior varsity game and the varsity game at 8 p.m. Tuesday night the Salem cagers will face Redford Union in a non-league game at Redford.

Looking at future games on the Salem schedule, the Rocks will be pinning themselves for a newly scheduled game against Flat Northern, the class A high school girls basketball champions. That game will be played on Salem's home court on Tuesday, Oct. 23.

## Devlin takes closest to pin honor in Hole-in-one contest

After all the shots were taken in Canton Township's hole-in-one contest, Tom Devlin of Livonia was the closest to the pin with a fine shot of 1'6". Jim Cambs was second with a 2'24" effort and Thomas Cookson had the third best shot, 2'4". Betty Williams of Canton had the closest shot of the women golfers with a fine 21'5" nine iron.

The 105-yard hole proved to be a fine test for all the golfers as most golfers used nine irons or wedges. Many golfers tried several times for an ace, but Devlin used his best effort on his first try on Friday, satisfied the shot would hold up all weekend. Many tried on Saturday and Sunday, but Devlin's shot proved too tough to beat.

**"Two-Party Budget Service may help you save money on your phone bill."**

Two-Party Budget Service is especially designed for people with fixed incomes, such as retirees. For a low monthly charge\* you would share a two-party line and have an allowance of 44 local calls a month. Extra local calls you make are only 5.1¢ each. This is about the lowest-cost phone service in the country. If you think Two-Party Budget Service might be what you need, just call your Michigan Bell Business Office and talk to a service representative about it.

\*Plus rural zone charges where applicable.

Michigan Bell... people who enjoy serving people.

The 124 members of the Rotary Club of Plymouth depended on volunteers once again to serve more than 16,000 chicken dinners at this month's Fall Festival.

Without the volunteer help, says Rotarian Robert Sparling, the task would be impossible. This year, 70 swimmers from the Plymouth-Canton areas were among the 139 volunteers who registered on "Chicken Sunday" to help.

"Not only do Rotarians appreciate the physical help, but also the willing enthusiasm that lifted the spirits when bodies weakened," Sparling said.

"Rotarians and the community join in thanking these volunteers who truly are 'the best of Plymouth.'"

# Canton, Salem runners open with tri-meet

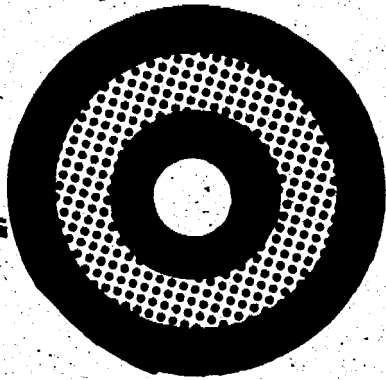

BY MIKE HENSHAW  
The Canton and Salem cross country teams both opened their seasons in a three team meet with Stevenson Tuesday and competed in the Schoolcraft invitational meet Saturday.  
Stevenson soundly defeated the Plymouth schools in the opener, totaling 21 points. Canton took second with 53 followed by Salem at 56. Stevenson's Rich Dubias placed first with a time of 16:43. Salem co-captain Paul Hess was second, coming in at 16:47. Canton's top runner was Mike Talaga who came

in fifth at 17:18.  
Canton's four other scorers were Dan Inlous (9), Steve West (10), Randy Hennells (14), and Dan McGlenn (15). For Salem it was Jeff Haertel (8), Chris Whittaker (13), Marc Litalien (16), and Brian Hendrickson (17).  
Canton's first-year girl's team also competed in a tri-meet Tuesday, taking on Stevenson and Novi.  
Geri Shuffieldt was first across the line for the Chiefs with a sixth-place time of 23:23.  
At the Schoolcraft Invitational, Canton

came in ninth out of a field of 18. Salem, who PG lost the services of top runner Hess with a leg 17 injury, came in 17. Northville took top honors with an impressive score of 58.  
Top placers for Canton were Talaga (18) 17:01, West (25), and Inlous (36). For the Rocks, Haertel came in 38th and John Wall 59th.  
"Both the guys and the girls did a fine job," said Canton Coach Jim Hayes. "The kids are working hard. All I ask for is an improvement each week, and so far our times show it."

# Salem netters start season in good form

BY BETTY DeLANO

The Salem girls tennis team opened its season last week by dominating two of its first three contenders. The Salem squad opened with a 7-0 victory over Livonia Churchill on Tuesday, followed that with a 4-3 loss to Livonia Stevenson on Thursday and bounced back on Friday with a 7-0 smear over Redford Thurston.

"We should have beaten Stevenson," claimed Salem assistant coach Judy Braun. "Both Kathy (Horton) and Renee (Braun) had beaten their opponents in tournaments over the summer and were capable of beating them again. I'm going to try and get a rematch against them since we have an open date because of Allen Park not having a team."

Although Horton, who plays first singles for the Rocks, was not playing up to her full potential according to Braun, she beat a Thurston opponent Danita Weber on Friday 6-1, 6-0. Horton had lost to Stevenson 6-2, 6-3 after beating Churchill in the season opener 6-0, 6-0.

Other Salem scores against Thurston included second singles Carol Hathaway who defeated Lori Engel 6-0, 6-1, third singles Betsy Moon defeated Donna Patrick 6-0, 6-0 and fourth singles Braun had an equally easy time with Julie Urbanas, defeating her 6-0, 6-0.

The first doubles team of Carol Gellespie and Sandra Hathaway defeated Karen Hayes and Sharon Porter 6-0, 6-1 and second doubles Vickie Sterling and Lynn Hathaway defeated Barb Patrick and Cindy Moliassa 6-1, 6-1. Third doubles Beth Baker and Kathy Weber beat Lori Pirello and Margaret Karnes 6-1, 6-0.

Against Stevenson the Rocks' three wins came from all three doubles pairs. Gellespie and Hathaway won their match 6-2, 6-4; Sterling and Hathaway upset their opponents 7-5, 6-1 and Baker and Weber won 6-4, 6-3.

Starting the season with Gellespie in the fourth singles spot and Braun teaming up with Hathaway, the Rocks managed to give up only six games in their smear over Churchill.

"I'm pretty pleased with the way the team is playing," said Coach Braun. "Even though some of the players aren't playing to their full potential we're playing well as a team."

Holding a present 2-1 record, the Rocks take on Ann Arbor Huron at Huron Friday at 3:30 p.m. On Monday the Salem netters will play their first Suburban Eight League match against the Bulldogs of Livonia Bentley at Bentley. The Bentley match starts at 3:30 p.m.

EVEN WITH her eyes closed Salem's number one singles player Kathy Horton has no trouble getting the ball over the net. Horton beat her Redford Thurston opponent Friday 6-1, 6-0 helping the Rocks to a 2-1 season record.

## Canton basketball

The Canton girls basketball team came through in the final period against Redford Thurston Tuesday to add another win to its now 2-1 record.

The Chief's Jill Peterson sank two free throws during the final minutes to give the Canton squad a two point lead that gave way to the 61-59 win.

Peterson added 24 points in all to the Canton score and was followed by Jean Timlin with 12 points.

Having fouls act as the main problem early in the game, the Chiefs wound up trailing 15-10 after the first period and 31-24 at the half. During the third period the Chiefs defense was put into effect and the score became tied at 45-45.

## Salem swimming

Members of the Salem girls swim team took revenge on Farmington Harrison Tuesday night, 102-70 after the Rocks had lost to the Hawks during last year's season.

Coming off a loss in the opening meet against West Bloomfield 116-56, the Salem swimmers started to show improvement against Harrison that should continue throughout the year according to Salem coach Chuck Olson.

swimmers that came in with winning times against the Harrison squad were Sharon Ross in both the 200 and 500 yard free style events, Terri Eudy in the 200 yard individual medley and the 100 yard free-style, Renee Lakatos in the 100 yard backstroke and Croeen Cabadas in the 100 yard breast stroke.

The team of Linda Wochna, Croeen Cabadas, Sue Evans and Julie Cabadas combined their talents in the 200 yard medley for first place with a time of 2:10:05.

## Salem basketball

A bit of competition was finally handed out to the Salem girls basketball team Tuesday night from Dearborn Fordson, even though the Rocks managed to hide it behind a 22 point margin, 68-46.

Leading the Salem attack was senior Patty Weidman with 24 points, seven blocked shots and 10 rebounds. Nan Horwood followed Weidman in most earned points with 10 and Cheryl and Jeanine Sobkow and Eileen Moore each added eight points to the Rock's final score.

## SPORT SHACKS

EXCLUSIVE FRANCHISES NOW AVAILABLE IN MICHIGAN.

Join the Multi-billion dollar sporting goods industry with a SPORT SHACK franchise.

Start your business right in your home, part-time or full-time and open a SPORT SHACK store.

\$1500 minimum franchise fee depending on population of area.

Over 600 Sport Shack franchise owners in 40 states are part of a system that:

- Doesn't require Inventory

# Plymouthite does well for Notre Dame cheer squad

BY CRAIG BRASS

It's a hell hole for opposing teams. Michigan Stadium, with 90,000-plus Wolverine partisans screaming down your back as Notre Dame sets for the opening kick-off. It's your first game in an Irish uniform and your heart pounds along with the kick-returner on the goal line.

You've been preparing all week for the Michigan game. But you've seen no films. You've read no scouting reports. You've been practicing mounts and trying to figure out how to bring an Irish response over the roar of the Michigan fans, which must outnumber you nine to one.

"To be truthful, we didn't get a great concentrated effort from our fans, but what can you expect when you have one fan to every eight or nine of theirs," said Steve Pasley, first-year cheerleader at Notre Dame from Plymouth.

"I was pretty loose on Saturday. The pep rallies on Thursday and Friday got my jitters out," said a laryngitic Pasley from his dorm at Notre Dame. Notre Dame-held rallies on the steps beneath the Golden Dome on Thursday night and at Fairlane Manor in Dearborn Friday night.

Pasley first got interested in cheering during his freshman year at Notre Dame, admitting that there wasn't a whole lot to cheer about at Canton football and basketball games during his years there. "A friend down the hall asked me to go along to try-outs with him during my freshman year. I didn't make it, but last spring I tried again and made this year's squad as a junior."

Pasley was a four-letter winner for Canton's tennis team and No. 1 singles player during his senior season. "I tried playing tennis here, but I wasn't impressed with their system. I wanted to be involved and I thought cheerleading was as good as anything," Pasley said.

With practices lasting up to two hours each night and the games on the weekends, Pasley has found cheerleading time-consuming. "We try to work everything around each of our schedules. There's only 12 of us plus the leprechaun, so it usually works out that no one misses classes, although I did miss my Friday's to go to the Michigan game.

"It really isn't hard work, it's sort of like a party, you like to go, but sometimes it conflicts with something more important," Pasley said.

His family, Dr., Mrs., Tom and Mark (minus sister Joan who is at MSU), got a healthy taste of the squad over the weekend when all of them stayed at the Pasley home Friday night. "They're all wonderful kids," commented Mrs. Pasley, "a little different than his friends from home though."

Although it does take up time and bottle-necks weekends, Pasley can't complain about the benefits. The squad will travel to Denver, Tennessee and Tokyo, when Notre Dame plays Miami of Florida as guests of Japan. With that, along with possible added trips with the basketball team, one can't help but wonder if Pasley joined because Notre Dame offers a better "see the world" package than the Army.

## NOW! Photo Curiosities!

Now you can even add to your curiosity's impact by using a photograph. It's simple:

1. BRING IN (or mail) a photo -- it's best if it's a black and white, but a good color photo will work -- with up to 10 words of copy before NOON, MONDAY before the Wednesday of publication.
2. PAY THE LOW COST OF \$5 which includes the photo and the copy. (You can save 70¢ by using a carrier receipt.)
3. OBSERVE THESE RULES: no commercial, real estate or automotive messages, you must supply a photo of suitable quality and content (the Crier publisher reserves the right to reject photos of unsuitable content).

## Curiosities
