Current economy stands in the way

Municipal Mettetal takeover unlikely

BY DAN BODENE

Mettetal Airport apparently has a slim chance of becoming a municipally-owned facility.

That's the word lately from officials of Canton and the City and Township of Plymouth. All say present economics just

about rule out buying the airport from owners Robert and Marvin Mettetal.

Although Tom Reed of the Michigan Aeronautics Administration says Mettetal Airport is included as part of both state and federal long-range airport system plans, he concedes that a persistent

problem with privately owned airports is keeping them upgraded to current standards.

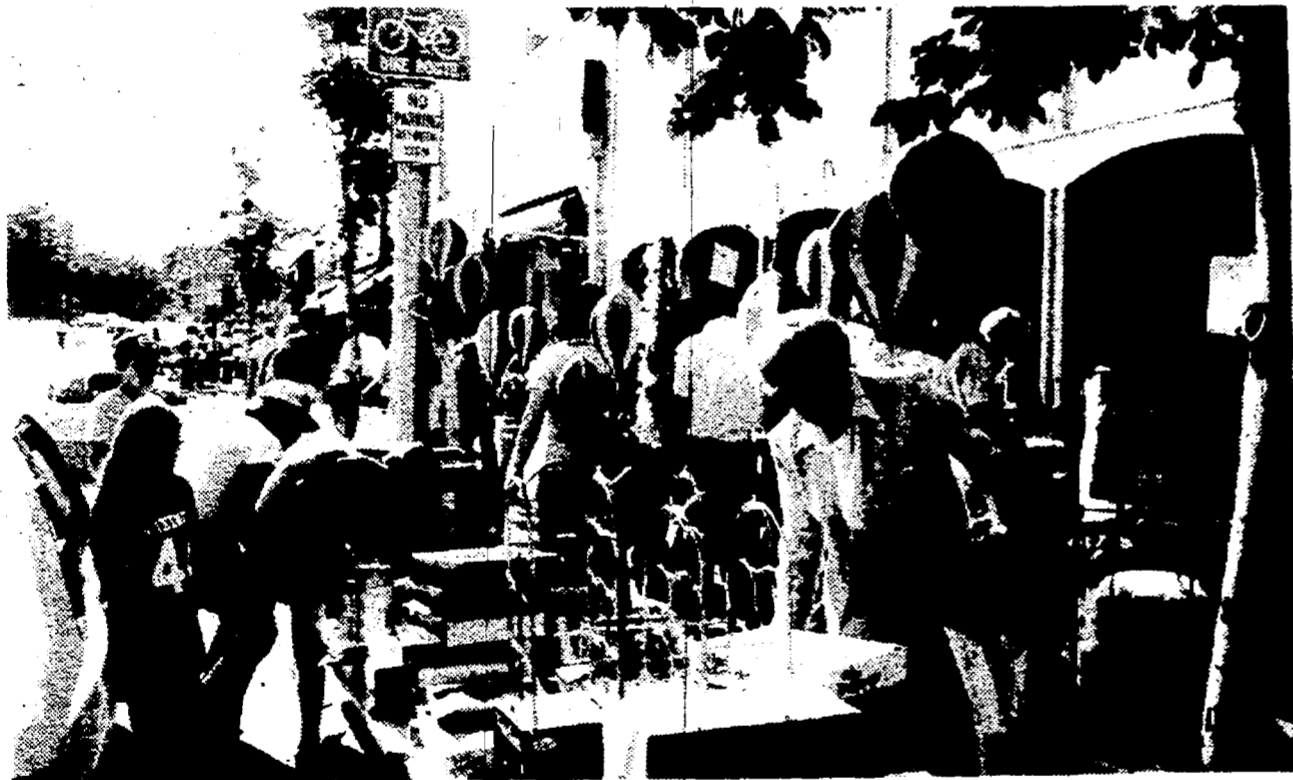

Reed says municipally owned airports have a slight advantage because they can apply for grants administered under state and federal Aviation Trust Funds. The funds draw their revenues from taxes on aviation fuel and tires and airline tickets, he said.

Supervisor Jim Poole of Canton, where Mettetal Airport is located, said township plans to purchase the airport were discussed in 1975 when a feasibility study

was commissioned. "I think now it might be viable if we get an industrial corridor at the I-275 and Haggerty area -- there's no question the landing strip could be used by many people doing business. But there's not enough to justify it now."

The feasibility study, conducted in 1974-75 by R. Dixon Speas Associates, an aviation consultant, examined 20-year needs of the facility including runway length, hangars, terminals and ecological impact on the surrounding area. The study also dealt with the history of the

City DPW employes finally get contract okay

BY KEN VOYLES

Plymouth City Commissioners authorized Mayor Mary Childs, City Manager Henry Graper Jr. and City Clerk Gordon Limburg to ratify a new contract with city Department of Public Works employes at Monday's regular commission meeting.

Employes of the DPW had voted 9-3

Thursday to ratify the new agreement with the city, thus ending a three-month-old deadlock.

The Teamsters Local 214 bargaining team recommended acceptance of the latest city offer after last Wednesday's bargaining session. The local's contract

Canton board approves beefing up police force

BY DICK BROWN

Canton Township will have more police out on the beat.

At last Tuesday night's meeting township trustees voted to add 8 patrolmen by moving 8 police cadets to the patrolman level.

According to Mike Gorman, Canton Township Finance Director, the move will cost \$22,190 for the remainder of this fiscal year. Gorman also said in his report that there are sufficient monies to cover the additional expense but that he would be appearing before the board in August seeking several budget adjustments.

The move from cadet status to patrolman status represents a healthy pay raise for the eight cadets.

Three of them will be coming from Cadet III step and will be receiving a boost in pay of \$5,152. Four of the promotions will come from Cadet II step and will have their paychecks increased by \$4,865. One of the cadets will be moving to patrolman rank from Cadet I step which will bring him an increase of \$2,862.

All will receive \$18,319 per year as patrolmen.

Police Chief Jerry Cox, in building his case for putting more patrolmen on the

roads, presented graphs showing that the total number of patrolling hours for the department in the last 12 months has decreased while there has been an increase in the number of calls for police service. At the same time, according to his records, there has been a decrease in the number of arrests and an increase in the amount of reports written.

Chief Cox, in his assessment report, pointed out that the department is recording more work in calls for service and handling of the reports while at the same time having fewer reserve and parttime personnel available.

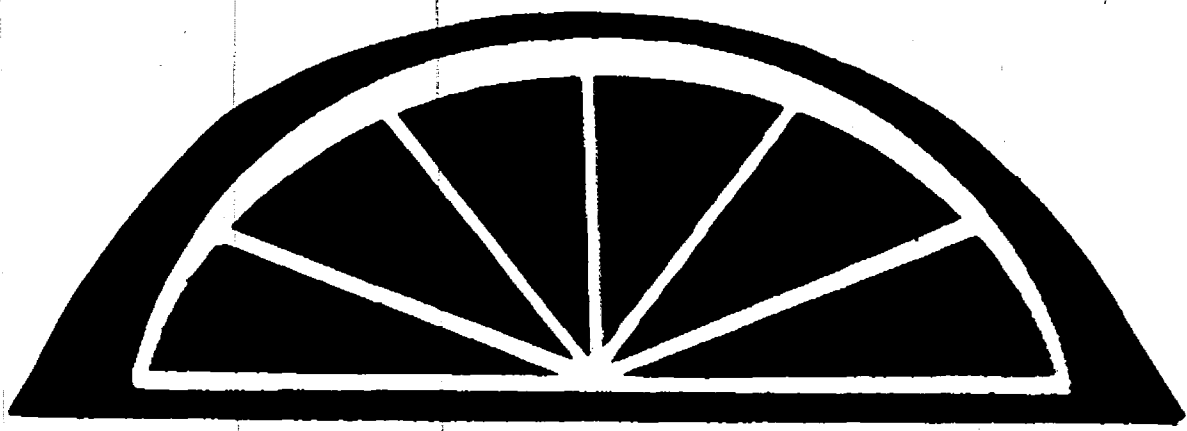

After approving moving the eight cadets to patrolman status, the trustees also requested that the personnel director and the finance director, along with Chief Cox, take a look at adding administrative help in the police department for the paper work to allow more patrolling time for uniformed officers.

Bad crash--no injuries

THIS ACCIDENT OCCURRED in Plymouth Township, at Northern and Mayville, Thursday afternoon. Craig Champagne, 17, of 37820 Westwood in Westland was southbound on Northern traveling at a high rate of speed, according to several witnesses when he came up to the Mayville intersection and collided

with the car of Clara Denny, 57, of 1028 Rowley in Ypsilanti. Champagne's car, in the foreground, spun around and crashed along a ditch south of the intersection. He was cited for careless driving, according to a Plymouth Police report. There were no injuries. (Crier photo by Ken Voyles)

Canton votes against violations bureau

BY DICK BROWN

Those who pick up traffic tickets in Canton township starting in September will have to settle the fines in Plymouth instead of the Canton Municipal Building.

At last Tuesday's township board meeting trustees voted against establishing a violations bureau in Canton.

Traffic tickets written in Canton have been payable in a district court facility in the basement of the Canton Municipal Building. When the new consolidated courthouse on Plymouth Road is opened sometime in September the Canton facility will be closed.

The new consolidated court facility in Plymouth will serve Plymouth, Canton and Northville Townships and the cities of Plymouth and Northville.

Canton's decision to not establish a violations bureau means that Canton will be the only one of the five participating communities not to have such a bureau. The decision came on a unanimous vote after 35th District Court Administrator

George Wiland appeared before the board to ask if Canton wanted to have its own violations bureau.

Wiland pointed out that having its own violations bureau, besides providing a convenience for Canton traffic offenders, would provide immediate revenues for the township. By not collecting the fines, the township will receive the money from the Plymouth court on a monthly basis.

Canton Treasurer Maria Falkiewicz argued that she was understaffed as it is and that adding fine collections would not be wise at this point.

The trustees, in voting against the measure, did not rule out the possibility that the township might opt for its own violations bureau at a future time.

In other district court-related action the Canton trustees voted 5-2 to raise the township's supplemental salary portion for District Judges Dunbar Davis and James Garber.

"Judges salaries are set by a state compensation board," Wiland said. "The state pays about 56 percent of judges

salaries with the local units adding a supplement based on court usage."

According to Wiland the two judges are currently making \$49,925 each. In September their salaries will jump to \$53,240 and in January will rise to \$60,720.

Trustees Loren Bennett and Carol Bodenmiller voted against increasing Canton's contributions, pointing out that though judges work hard and handle a big case load, the raises are too much.

The other participants in the joint district court operation have all approved the supplement salary for the judges.

Wiland reported to the board that there is a strong possibility that the state will take over responsibility for all judges' compensation in the next five years.

Coast Guard Band to make music

Tonight at 8 p.m. the 45-piece U.S. Coast Guard "Preimer" Band will play in Plymouth's Kellogg Park.

Among the band's selections will be its theme song "Semper Paratus," Leonard Bernstein's "Candide," Gustav Holst's "Second Suite," Henry Fillmore's march, "Klaxon," Malcolm Arnold's "Four Scottish Dances," and Mendelssohn's "Overture for Band." The group will also play a variety of other selections.

Plymouth officer fires revolver at fleeing youths

BY KEN VOYLES

Plymouth Police officer Tom Bowling fired a warning shot at three youths early Friday morning after one of them had assaulted officer Tom Zedan, according to a police report.

Despite the shot the three suspects got away. However, they later turned themselves in to police.

Charged were Rob Erps, 17, of 1397 Sheridan, Plymouth and Rick Horstead, 17, 7509 Provincial, Canton. Erps will be charged with assault and larceny under a \$100, while Horstead will be charged with larceny under \$100, according to police. Charges will be brought against the youths through city ordinances, according to Lt. Dan Carpenter.

A third youth with the pair when the incident occurred will not be charged.

Zedan had been in pursuit of the two suspects at approximately 2 a.m. Friday after they fled Lawson's Party Store at 885 Penniman. The pair had allegedly taken a 12-pack of beer and four sandwiches and were headed for the Tonquish Creek when police arrived at the store.

Zedan caught up with the youths in the brush along the creek near the Tonquish Creek Manor. When the pair appeared from the bush along with the third suspect Zedan told the youths to back up against a wall and that they were under arrest.

At that time Zedan drew his pistol. The suspects turned on Zedan and rushed past him in an attempt to escape. Erps pushed Zedan as he ran by, according to police, and Zedan was knocked over a 10-foot embankment into the creek. As he hit the creek bed his handgun accidentally went off, said police.

Officer Bowling heard the shot as he approached the area from another direction. He saw the youths fleeing and shouted for them to halt before firing a warning shot. They continued to flee, said police.

Police added that Bowling had no way of knowing whether Zedan had fired at the suspects or had been fired upon.

Bowling then went to help Zedan from the creek. Zedan received bruises and a possible shoulder injury during the fall.

When the officers returned to Lawson's the complainant at the store said she recognized the car driven by one of the youths. She then identified the vehicle. It was parked on Penniman Avenue.

While police were inspecting the car before towing it, Erps approached and gave himself up. The other two youths also gave themselves up to police later in the morning.

Canton trustees reject union request

If Canton police lieutenants and sergeants want to be represented in their bargaining by the Michigan Fraternal Order of Police, they will have to go the election route.

At last Tuesday night's Canton Township Board meeting trustees rejected a request from Eljay Bowron, field representative from the FOP, for voluntary recognition of the FOP. The vote was 6-1 with Trustee Steve Larson the only one to vote in favor of recognition.

Trustee Robert Padgett pointed out in

the discussion that even though 75 percent of the sergeants and lieutenants in the Canton police department were reported as requesting FOP representation, other members involved should have the right to express themselves at the voting booth.

Bowron's letter requesting voluntary recognition pointed out that if voluntary recognition wasn't granted, the FOP would file a petition for election with the Michigan State Employment Relations Commission.

By City Commissioners

Pinball ordinance again delayed

BY KEN VOYLES

What started out as an emergency ordinance presented for Plymouth City Commissioners is dragging into a long study session for the city administration.

Commissioners decided Monday night to table their decision concerning a proposed ordinance to regulate and license electronic amusement devices within the city until further discussion with members of the Southeast Michigan Game Owners Association and a cost study could be completed.

The original ordinance was read at the July 20 meeting of the commission but due to critical comment on several of the clauses, including the license fee, the city administration made several changes.

It was rewritten, with the changes, for its second reading at the Monday meeting, but opposition to the com-

missioners decision to stay with the \$200 license fee for each machine drew reaction from representatives of SMGOA.

The commissioners had considered a \$100 fee plus \$25 for transfer of machines within the city, but decided to stay with \$200.

City Manager Henry Graper Jr. was directed to prepare a study to be ready for the Aug. 17 regular meeting that would detail the cost the city would incur to license and police the arcade-type machines so that a fair license charge could be agreed upon.

Commissioner Mark Wehmeyer moved to table the motion. "We should table this until the city can put together a study showing our costs. This is something we don't want to make a profit on."

The proposed ordinance is designed to limit the number of electronic machines

in a given business in the city to seven. It would also prohibit hours of operation from 2:30 to 7 a.m. and would prohibit such machines within 300 feet of a school.

In related action, Plymouth Township Board of Trustees approved the first reading of a similar ordinance that would license electronic machines in the township at their July 28 meeting.

The township's ordinance is similar to the city's, including a \$200 license fee, but would not prohibit a machine's use after 2:30 a.m. Also there would be no restriction on the number of machines in any one area.

Supervisor Maurice Breen said the justification for the ordinance and the large license fee comes from the expense currently needed to police areas where arcade-type machines cause crowds to loiter and create disturbances.

airport, socio-economic concerns, aircraft operations and financial feasibility of municipal purchase.

Reed said the conclusion of the study was that Canton should buy the airport, for use in general utility operations. A general utility airport, Reed said, is one with a 3,600 to 4,000 foot runway servicing propeller-driven aircraft weighing under 12,500 pounds.

Since Mettetal's runway is only 2,550 feet long, the study recommended Canton acquire land to allow the runway to be

lengthened to Federal Aviation Administration standards.

"Money is tight, interest rates are high," said Poole. "We can't go out and buy these things now in anticipation of things three to five years in the future."

Supervisor Maurice Breen said although the proposal for Plymouth Township to buy the airport was discussed several years ago, it was rejected. "We're just not geared for it," he said. "We've just never taken a positive step on this. It's a Canton facility."

City Manager Henry Graper, Jr. said Plymouth also examined buying Mettetal in the late 1960s or early 1970s, but the prospects of finding funds for its purchase were bleak.

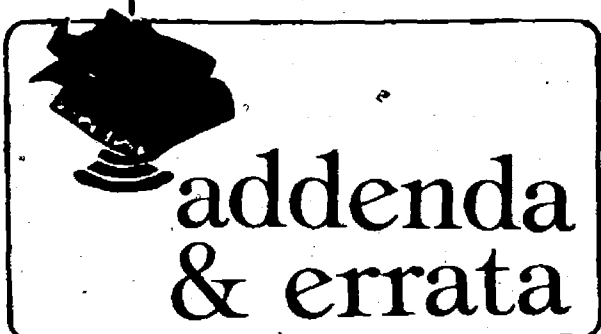

"If Mettetal was a regional airport and really serviced a business area and there was nothing else available, then there might be (federal and state) funds to buy it," Graper added. "If we wanted to buy it now, it might be seven years before there were funds."

Birmingham man dies in Plymouth crash

A Birmingham man was killed early Friday morning when the car he was driving slammed into a bridge abutment at I-696 and Haggerty Roads.

Jeffrey J. Blank, 18, was killed and an unidentified passenger injured when the car hit the abutment at approximately 4:20 a.m., according to State Police. No other details were available, said police, although they theorize Blank may have fallen asleep at the wheel. No other vehicle was involved in the mishap.

Blank was a business administration student at Miami University in Oxford, Ohio, and was a guitarist with the university's Jazz Ensemble.

In last week's Opinion Pages of The Crier Canton English teacher David Seeman drew a little flack over a grammatical error in his letter concerning an English conference he had attended.

The blame should be shifted from Seeman to The Crier staff. The error came about because of the lack of a comma in setting the type for the letter.

Last week's photos of the Growthworks program at the Pretty Lake Adventure Area were taken by Alison Pappin in addition to Paul Chamberlain. The Crier regrets the omission.

Plymouth City Manager Henry Graper Jr. and City Engineer Kenneth West met with Wayne County Road Commissioners two weeks ago and not with Wayne County Board of Commissioners as reported in a story in the July 29 issue of The Community Crier.

Canton Country Festival offers fun for everyone

Canton Township's big week is here. The Canton Country Festival will draw thousands of Canton residents and outsiders to the week end festivities loaded with fun and games for all ages.

A festival of the magnitude of the one planned by Canton doesn't just happen—and it definitely doesn't just happen overnight. It takes a full year of planning, hours and hours of time dedicated to a community happening by many people.

This year the Canton Country Festival, which started out a few years ago as a Chamber of Commerce project, was taken over by a non-profit festival corporation. Those involved in this year's planning aimed at making the Canton Festival bigger and better than ever. If the scope of this year's program of activities is any indication, they have succeeded.

Every community is composed of three groups—the planners, the doers and those remaining people who enjoy the fruits of the ideas and actions of the first two groups.

This week Canton Township will have something for all three groups to shout about. Canton people should be proud of the efforts put forth for this year's Country Festival.

In particular, a vote of thanks should go to those dedicated, hard workers who put in many hours to provide a wholesome program of activities involving all elements of the community.

Durability and resiliency have just got to be the dominant attribute of Mr. and Mrs. Average American—particularly if he or she goes through the same ritual with the same results as I did Monday morning.

Stumbling out of bed at 6 a.m., the usual time, I went through the shaving ritual, cutting the chops in the process.

Then came the morning bout with the automatic coffee maker which evidently had both nostrils plugged. Then came the bout with the morning Brand X daily with these items catching the eye.

The nation's air controllers were going out on strike.

Over on Detroit's southwest side, four teenagers were killed in a fire bombing incident over a neighborhood squabble.

There there was the exciting news that the U.S. labor chief would not be cracking down on indicted Teamster Chief Roy Lee Williams. That was matched on the other side of the front page with a story on a state legislator from Detroit who was reported as not concerned over a charge of bribery and fraud being brought by the federal government, although his constituents might be a little concerned.

There was also a story on another Irish hunger striker expiring, a story on the "definite possibility" that another batch of convicts serving time will be given early release, a bronze turtle had been stolen from Belle Isle, Russian naval units were making a show of strength, Poland was again heating up, dengue fever was cropping up in Cuba, oil companies are going to get tough on credit cards and all the news stories about drowning and car crashes as Michigan people sought fun in the sun over a hot summer week end.

Then it was off for the office and two railroad blockades at Mill Street and Main street while I was sweating out whether I had enough gas to get to the nearest gas station.

While waiting for the trains to pass there was the radio news that repeated what I had read and added dire forecasts of auto production, high interest rates, school districts on the verge of failure, slow car sales, unemployment and inflation.

As if that were not enough, I was faced with a drive to downtown Detroit for a news briefing about the proposed county charter on a morning when all other drivers on I-96 seemed determined to fulfill a death wish, if not on themselves, at least on me.

On the trip downtown, I caught the sports news and an interview with a pro baseball player who didn't know how he was going to make it on his inflated salary.

By this time of the morning I was ready to head back to bed to wait for the ultimate Apocalypse which was sure to bring the destruction of mankind at least by the 12 o'clock news broadcast.

But—demonstrating the resiliency and fortitude required by us peons, and with a friendly wave to a three-year-old peering from the back window of a speeding car which zoomed by, I decided to stick with life in America for yet another day.

When the Northville Residency Training Center announced it was going to put a group foster care home in Plymouth several months ago there was bitter reaction by city residents.

Neither city officials nor residents who would have to live near the home were informed of its potential use prior to the seeking of a building permit. There was no discussion beforehand and little input from the residency center. It was a case of being dumped on by the state, residents complained.

In an attempt to keep both government officials and residents informed of any future foster homes in Plymouth Township, officials from the center went before the township board of trustees at their last regular meeting.

Supervisor Maurice Breen had written a letter to Lynda Starwas, director of the center, relating the experiences of city residents and their complaints.

Breen didn't want the same thing to happen in the township. Starwas said at the meeting that the center is totally willing to have community meetings on any future homes that the center might find for the township.

"We are willing to discuss this with township officials and residents," she said.

"This indicates some change in your prior practice," Breen said in reply. "We needed to know whether there was a placement in progress in the township."

Starwas told the trustees, also, that they would be informed of any potential foster homes in the township before an application for a building permit would be sought.

Currently there is only one group home in the township and that is designed for children, said Starwas.

City commissioners shouldn't waste time on pinball ordinance

EDITOR:

Plymouth city commissioners must have something more important to do than to spend long hours and many hours of administration time getting all exorcised over electronic games.

How about spending some time on such issues as Mill Street repairs, Tonquish Creek water quality, the blockading of streets by the railroad, lowering taxes, cutting the fat out of the city's staff and the many other real problems being experienced by the people of Plymouth?

Somehow, I can't believe that pinball machines warrant the time and effort—or is it those fat license fees you are really interested in?

Come on Commissioners, Let's get serious for a change.

GENE PIPPINS

It started raining again today. At least it's Monday.

I really can't complain too much in this case, because contrary to traditional Michigan weather the downpour did not begin on Friday at approximately 15 minutes to 5 p.m. and last until Sunday's 11 p.m. news. Thank you, Mother Nature, it was a splendid weekend indeed.

We also could use the moisture. Growing things need water to prosper, which in a roundabout way leads me to a complaint.

If they can put a man on the moon, why can't they invent a weed that dies when it's watered? All the ones we have now just grow.

OK, so I said it. I have no compassion for weeds. And Euell Gibbons passed away some time ago, so at least I won't get any threatening letters from him - Euell undoubtedly could produce a weed that could cure cancer if cooked properly.

I write this with aching fingers, arms, legs and back, the result of hours of coolie labor last night in The Crier garden, plot Two North, Bodene et al, proprietors.

All I'm growing is flowers and squash - and weeds. Turn my back for a few days,

and the weeds take over, too.

In the first few weeks of the garden this summer I had to ask Phyllis Redfern which were weeds and which were keepers. She wasn't sure on a few, so instead of a potentially disastrous judgement call we let everything go. Then we picked whatever was tallest, because they were sure to be the weeds.

The strategy worked.

Now, at least I'll have something to show for my green thumb (after last night it's brown and calloused) if I can just keep the weeds from returning. Which is like trying to keep the tide from returning. Are weeds like teeth? Are they stacked underground, so when you pull one another rises to the surface?

We even put a pink flamingo in back to scare them off, but now even it is overgrown.

Well, when I first moved to this state everyone said, "If you don't like Michigan weather, wait ten minutes. It'll change." By the end of the week (now that it's August) I don't think I'll have so much of a weed problem.

They don't grow so well in snow.

Hulsing staff supports camp

EDITOR:

We the undersigned staff of Hulsing School, wish to express our support for the retention of sixth grade camp for Plymouth-Canton students.

A camp experience offers learning opportunities which are different from those of the regular classroom. It provides a chance to teach such topics as survival skills, water safety and appreciation of nature. Science education is enhanced through investigations of the surrounding environment.

Especially valuable is the opportunity

to work and live cooperatively with others for a week, something many children might not otherwise experience. Camp gives younger elementary students something special to anticipate. As one fifth grader expressed it, "Usually what we learn is all in books. Camp would give us a chance to try out some of the things we've learned."

We urge you to give our future sixth grade students this chance.

Extends Canton invitation

EDITOR:

On behalf of the Canton Country Festival Board and myself, we would like to invite each of you in the Plymouth-Canton Community to come to Canton Township Griffin Park located at Cherry Hill and Canton Center Roads for three days of fun and excitement Aug. 7, 8 and 9.

The Festival begins Friday at 4 p.m. with the Jaycees "Steak Out", followed by an evening of dancing under the stars with a well known live band.

Saturday you can have breakfast served to you by the Canton Rotary from 7 a.m. to 1 p.m.

Over 100 entries have signed up for the five-mile run starting at 10 a.m. Then festival goers will be able to watch the huge 75-unit parade scheduled to go at 11 a.m.

The Cow Chip Fling is at 2 p.m. and then comes the pet show at 4 p.m. and also at 4 p.m. the Canton Firefighters start their spaghetti dinner, serving until 8 p.m.

A big thank you is in order for the Canton United Council of Churches for taking time to plan a church service at 8 a.m. Sunday morning at the park. Please plan to join us in prayer as this is the first time for the Plymouth-Canton community to worship together.

At noon we again have the opportunity to enjoy the well known chicken barbecue dinner the Canton Chamber of Commerce so expertly prepares for us each year.

These are just a few of the many events going on during the three days, not to mention the Muscular Dystrophy Softball Tournament and others. The many non-profit organizations operating booths and live entertainment that the whole family can enjoy are also to be thanked.

Again, you are invited and encouraged to bring your family and friends to the Canton Country Festival for three days of fun and games. We do hope you will share in our celebration.

6th Graders should have the camping experience

EDITOR:

It seems the class of 1981-1982 sixth graders has been considered for various changes this entire year.

First, some schools were to be switched to a "45-15" schedule due to overcrowding; many interested parents attended meetings and found their input held very little weight since there were no desirable alternatives. Then suddenly the decision was reversed for some schools, and the months of concern for many became unnecessary.

Next we learned that some sixth grade classes were to be retained in the elementary schools; neighboring friends have been separated when some have been arbitrarily separated to attend

Middle Schools and others have been left behind.

Finally, we had to believe, via community newspapers, that alternatives were being considered to retain sixth grade camp. Because parents did not realize the need to band together to plead our case for not eliminating this long-awaited sixth grade experience, we soon learned that this year's sixth graders once again are penalized by a school board's decision.

We were amazed by one school board member's comment that because parents had not been vocal about sixth grade camp, apparently it was not a priority. We know of no future sixth grade parents who were even asked for an opinion.

If being vocal is the only way our wishes are to be possibly considered, we are volunteering to head a petition drive to obtain signatures of other concerned parents who feel as we do.

Sixth grade students should not be denied the opportunity to have an educational camp experience.

What a shame that just because next year's class of sixth graders is the largest to pass through the Plymouth schools they must suffer through boundary changes and program eliminations.

Please, there are children's needs to be considered when policies and decisions are being made. Just ask future sixth graders how they feel!

City commission needs to take look at charter

The City Commission still has time to consider some basic changes in its structure to put before voters on the November ballot.

City officials have often lamented about certain provisions in the city charter yet have not in recent years suggested any changes. The last charter review group some years back proposed no real substantive changes.

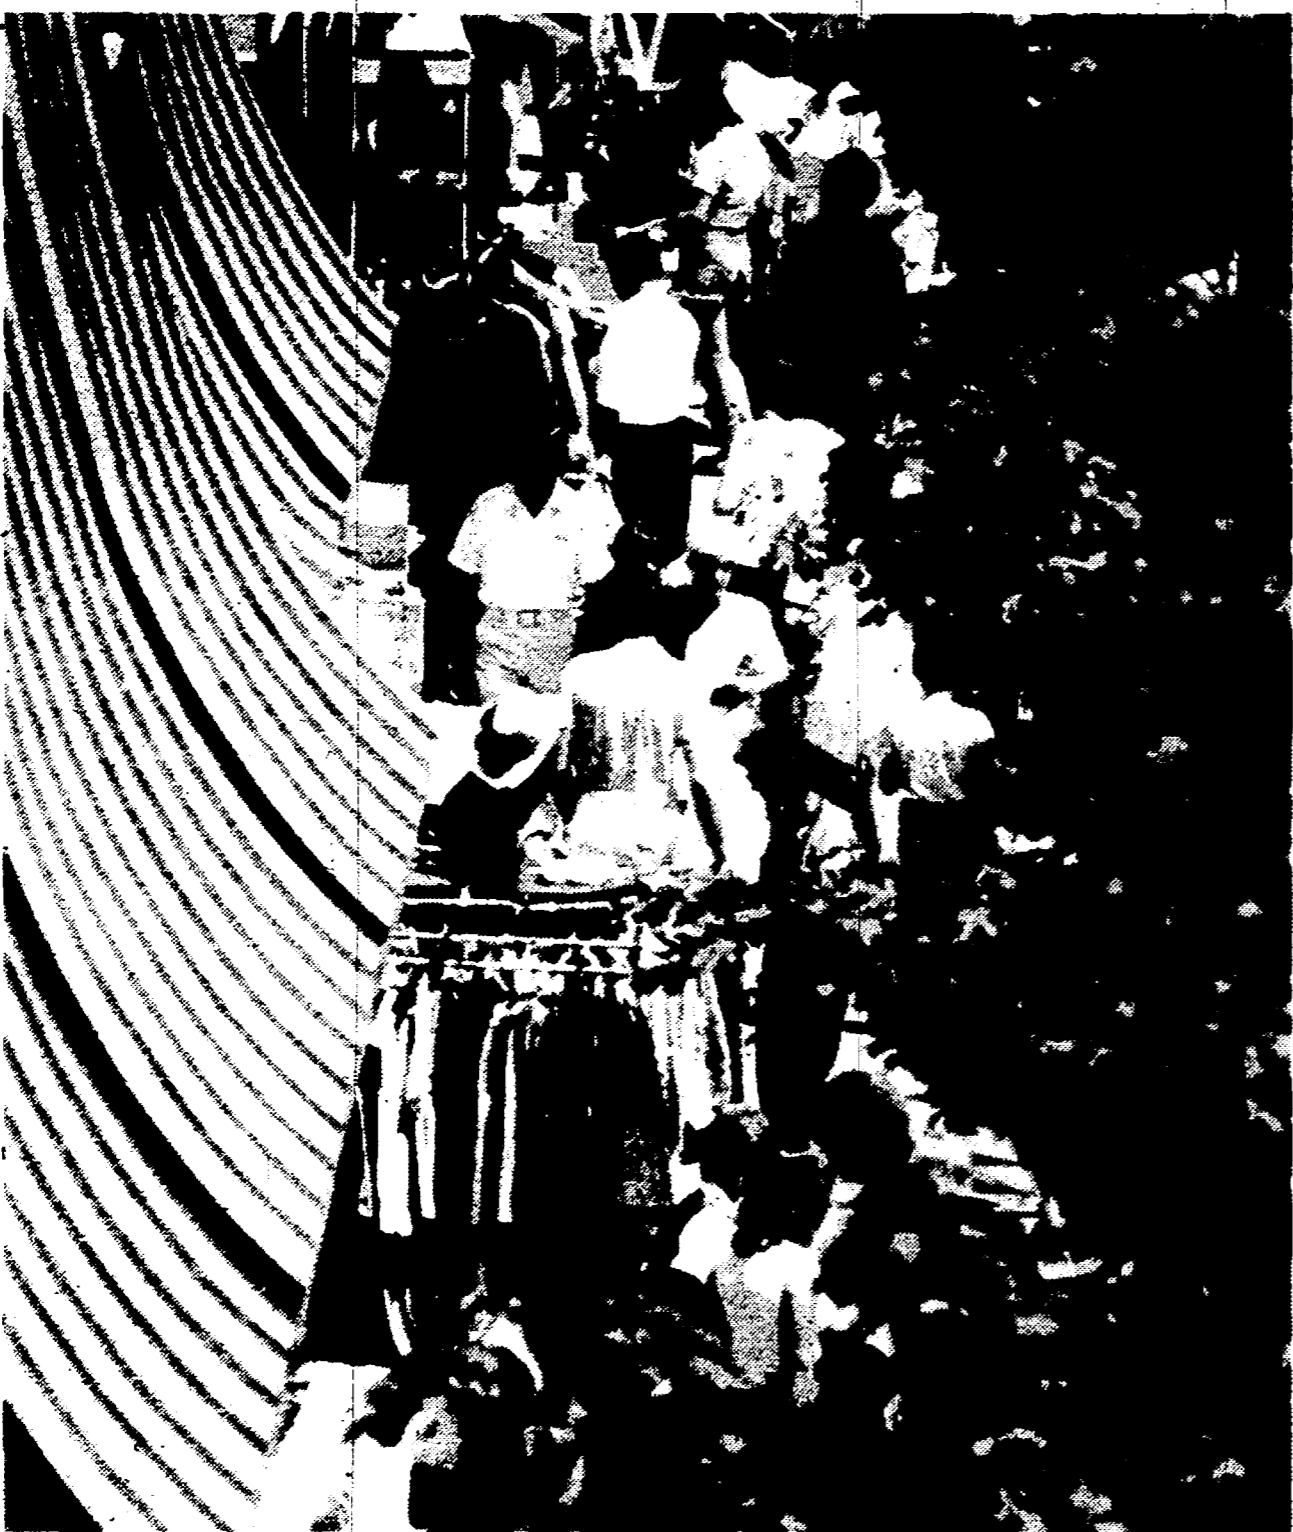

Certainly the charter has some excellent provisions. One of those is the limitation on successive terms for city commissioners. While that sometimes means good commissioners must bow out, it also insures fresh ideas and approaches.

But the charter contains at least one clause that should be rescinded.

If the city commission wants to continue tearing down that wall between Plymouth Township, it could ask voters to amend the charter and allow city department heads to live in the township or the city. Currently they must reside in the city and that has, in the past, given potential department heads second thoughts on taking the job.

Many officials have complained about that provision. If they don't like it, they have their chance to change it or other charter provisions.

THE COMMUNITY CRIER

A bird's eye view

EVEN FROM ABOVE, the Plymouth Sidewalk Sales proceedings look crowded. Contrary to last year's sales, when rain forced a return engagement, this year's event was blessed with beautiful weather which helped contribute, in part, to the throngs of shoppers who attended the bargain-hunter's bazaar. Merrill Lynch says thanks

Merrill Lynch is happy to be in Plymouth.

The company, more properly identified as Merrill, Lynch, Pierce, Fenner and Smith, Inc., recently celebrated its second anniversary in Plymouth at its offices in the Markham Building on North Main at the railroad tracks.

According to manager Ernest Moegelin, "We would like to thank Plymouth for our total acceptance by the community. We're looking at growth in the coming years, with the community - it seems like we've already grown with the town."

Moegelin says Merrill Lynch's establishment in Plymouth came about originally in a corporate-wide move to locate offices out of the metropolitan centers and into urban areas. "In that respect, our office has become a model for others," he adds. "It's one of the most successful urban offices in the country."

The Plymouth office, he says, did not import brokers from other areas. Employees were recruited mostly from Plymouth, Canton and Livonia. The office decor was also shaped to fit Plymouth, says Moegelin. "We've gotten many comments on the decor and layout."

Even with business steadily increasing over two years, growth has been painless for the company. "Our expansion has been phenomenal," says Moegelin. "We not only have attracted new business, but have retained old customers from the metropolitan centers, too. We have had

none of the problems with expansion that were anticipated.

"On behalf of the company, we would just like to say thanks to the community."

Cars and Concepts of Brighton, a specialty vehicle manufacturer, will present Auto Expo '81 on Aug. 15, featuring the DeLorean sports car as well as antiques, street rods and custom cars.

The event, held at the corporate offices at 12500 E. Grand River (4 miles east of Brighton), will last from 9 a.m. until midnight and will offer live music and food and drink, including a beer tent. A new sunroof will also be given away.

For more information, or to display a vehicle at no charge, call 227-1400 and ask for Diane.

Opening a month-long engagement at The Miller in the Plymouth Hilton is "Fantasy," five talented musicians with a repertoire spanning the evergreens of yesteryear to the Top 40 of today.

With Lori King on vocals, the band includes leader Mike Piccalo on bass, Kerry Lundquist on keyboards, Don Lyle on guitar and Fred Wolfe on drums.

The Miller is located in the Hilton at 14706 Northville Rd., Plymouth Township. For more information, call 459-4500.

A new addition to the business community is Energy Connection, 1049 S. Main, which opened July 7.

Complaint reply is due

Attorney Albert L. Lieberman, representing Thaddeus Lepkowski and Plymouth Aero Company, Inc., was expected to file a written answer today to a complaint against Plymouth Aero filed recently by Mettetal Airport.

Plymouth Aero, a flight service company, leases various facilities from the airport.

Lieberman is scheduled to appear in 35th District Court before Judge Dunbar Davis to answer the complaint, filed on June 26 by attorney James P. Ryan, which seeks to evict Plymouth Aero from its tenancy at Mettetal Airport in the hangar, administration and school buildings.

Airport partners Robert and Marvin Mettetal are also seeking money damages of "reasonable fee for occupancy," plus taxes, utilities, court costs and attorney

fees.

At a short meeting with Davis last Wednesday, Ryan asked that amounts payable under the lease be held in escrow pending the outcome of the jury trial requested by Lieberman.

Lieberman contended what was sought in the case was actually a validation of an eviction, because, he said, Plymouth Aero had already been locked out of its facilities.

Davis said although he felt the escrow account was "kind of silly" because the airport had already taken possession of the facilities, he would consider a motion if it was filed.

Davis may also conduct pre-trial proceedings today, and set a date for jury selection.

Credit where credit is due

If Canton's new postoffice becomes a reality in the near future, a great deal of the credit should go to Congressman William Ford and his staff, according to Canton Township Supervisor Jim Poole.

A couple of weeks ago Poole received word that a postoffice to serve Canton was a distinct possibility. The U. S. Postal Service has authorized a survey to determine the volume of incoming and outgoing mail as the first step toward determining the feasibility of establishing a separate Canton postoffice. Currently Canton mail is worked by Westland, Plymouth and Wayne postoffices.

Poole said, "Last January, representatives of Cong. Ford's office indicated an interest in assisting me when I told them that a community of close to 50,000 people deserved their own postoffice."

"Congressman Ford started pushing for a Canton postoffice right away," Poole added.

Poole went on to point out that while there have been no final decisions, the prospects of a postal facility in the township appear favorable but that where it will be located and whether it will be placed in an existing building, in a new building constructed for the postoffice or in a new building constructed for the postoffice and leased to the postoffice have yet to be determined.

Pioneer Middle School students under the direction of Frank Brosnan's industrial arts class recently helped the Plymouth Community Chamber of Commerce build three large sandwich board signs.

The Chamber will use the signs for promotional activities, as well as lend them to area merchants.

The home of the Plymouth Community Chamber of Commerce recently got a new face-lift, as members of the Plymouth Jaycees pitched in to paint the structure, located at 188 N. Main.

Chamber housing committee members, who made renovation recommendations, included Don Bidwell, Jim Jabara, Bill Robinson (who supplied paint and materials), Oscar Hertz and Bill Saxton. Ann Wallace, the Chamber interior decorator, selected the interior colors, while Robert Dean, a private painter, supervised its application.

Kaye named as branch manager at Detroit Bank

Richard A. Kaye of Plymouth was recently named to a branch manager position in the Detroit Bank and Trust, according to Detroitbank corporation chairman Rodkey Craighead.

Kaye joined the bank in 1966 as an administrative trainee after graduating from Eastern Michigan University that year with a business degree. He has held several positions with the firm since that time.

Commission increases parking violations fines

Parking ticket violations are going to cost more in Plymouth.

City Commissioners approved an increase in violation charges at their regular meeting Monday.

Currently, when drivers receive parking tickets in the city they are given 48 hours to pay a \$2 charge. After that the charge was \$5 for both overtime parking and prohibited parking areas.

With the passing of the resolution the charge will be \$10 for overtime parking, \$7 for prohibited parking and \$25 for recovering an impounded vehicle.

In a related resolution, commissioners voted to increase the cost for businesses to obtain parking credits in the city from \$2,250 to \$2,817.

City Manager Henry Graper Jr. said

that increase is still less than half of the face value of a city parking credit.

This is the first increase called for since 1979. The reason for the increase, said Graper, is the need for parking credits by the developers of 555 Forest, formerly Napoleon's.

According to Graper, the developers will need between 50-70 parking credits to meet city requirements. Graper said the city will use monies received for parking credits to purchase or lease additional parking facilities in the city.

The city is looking into two lots, one on Wing Street, the other near the Plymouth Community Federal Credit Union, for possible development of parking areas to be used by the new development at 555 Forest, he added.

Plymouth puts vest pocket park on auction block

The City of Plymouth is currently accepting offers for Vest Pocket Park on Harvey Street in the central business district.

The city, according to City Manager Henry Graper Jr. is looking for a minimal bid of \$40,000 for the piece of property, which could accommodate a building of 4-5,000 square feet.

The park was originally used in conjunction with the now defunct Plymouth Parks and Recreation

Playground program which provided leaders and activities for several city parks including Vest Pocket.

Graper said the park was not used enough to justify the cost of keeping it up so the city has been accepting bids for over two months.

Once the city has all the bids it wants, said Graper, the City Commission will determine the sincerity and ability of each application and choose the offer that will see the best property developed.

DPW contract is approved

Cont. from pg. 1

ran out July 1 with an extension to July 19.

The new contract is not radically different from the one presented by the city July 16 which called for 4.5 per cent wage increases every six months through two years. That offer was rejected by DPW workers.

Under the new agreement employees will receive an 8.5 wage increase in the first two years of the three-year deal with reopening of negotiations in the third year.

Employees will also get an additional personal day in the first year and an increase in longevity pay from \$35 after

five years to \$40, retroactive to the first year of their employment. There is a \$600 cap on longevity pay.

Also, the city will provide additional uniforms to DPW workers, up to five uniform changes per week. The city will also pay for the initial issue and reasonable replacement of all safety items related to DPW work functions.

"We feel this is a very good contract," said Graper, who added that the DPW workers had not fared as well as other city employees in the past years in terms of salary increases.

The total cost of the contract for the city will be between \$22-25,000, for the first year, said Graper.

CRUISING IN FORMATION during this year's Plymouth Jaycee Fourth of July Parade, members of the Canton Corvette Club show their class with fiberglass. The club always stresses safety and appreciation of the machines; street racing is strictly forbidden. (Crier photo by Robert Cameron)

Canton club corrals classy cars

"It's respect for the car that brings us together," says Jason Mall, president of the Canton Corvette Club.

The Corvette Club got started in November 1980, when Mall and Rick Serra, current treasurer, got together and decided to form a club. It now consists of the owners of the eight cars which were seen in the 1981 Fourth of July Parade, plus three new members, who were voted in July 14.

The Canton Corvette Club is open to

anyone living in western Wayne County who owns a Corvette and is at least 21 years old. All new members must be sponsored by a current member, and be voted in by the membership.

The club meets once a month, and participates as a club in activities like the Plymouth Fourth of July Parade and the Canton Country Festival Parade.

The oldest 'Vette in the club is a 1959 model, owned by Serra. Mall owns a 1979, which is the latest model in the

club.

"A Corvette is the last true American sports car," said Mall. "It's high performance, and temperamental, there's no doubt about that. When you drive a Corvette, it makes you feel younger."

Serra's 1959 'Vette cost \$3,000 new, and is now worth \$13,000. "Corvettes are a good investment," said Mall. "You can't lose anything on it."

When you own a Corvette, Mall says, you have to keep it maintained yourself.

One of the advantages of belonging to a club is you meet more people who can work on Corvettes, and you can share your talents, he added.

"It cost me \$20 to tune-up my 'Vette," said Mall. "It would have cost me \$150-\$175 to have it done in the shop."

Another advantage point of a 'Vette is from where you sit. Mall said it is one of the safest cars on the road. "It's almost like a cage, if you roll over, you've got good support."

The club is not interested in hotrodders, said Mall. There is plenty of power behind a 'Vette for those who want to use it, but that's not what the club is all about, he said.

To show their brotherhood, Corvette owners wave as they pass each other on the road. Mall said this is done to acknowledge the car. Also, when they pass a group of Corvettes, they blare their horn.

Another quirk of Corvette owners is the way they park their cars. "Don't ask me why Corvette owners always back in, they just do," said Mall. "Another thing you'll notice is, if there is a row of Corvettes, each one backs up a little further than the one before, that is to accentuate the cars."

They are on a membership drive, and are seeking mature and responsible Corvette owners. "We don't want hotrodders," said Mall. Members must have a good driving record, and respect the car.

"Only one member of the club is unmarried," said Mall. "and the average age is 25-30. We didn't plan it that way, it just happened."

Mary West, one of the new members in the club, saw the Corvettes in the Fourth of July Parade and "I ran up and asked them how I could join. I've owned seven Corvettes, and I wanted to join the club." She's owned so many because she says "they're a good investment, they're American, and they're fun to drive."

Some of our friends laughed when a co-worker and I said we were going up north for a week end. Joyce and I are well known for our unbalanced sense of direction and our ability to get lost. We studied the map, made reservations in advance and ordered tickets for the Young American show we planned to see.

Friday night we dashed home from work, jumped in the car and were on our way. It was great, the map and the road signs both agreed so we knew we were headed in the right direction. I admit to making one little goof and getting off at a wrong exit, but that was quickly corrected. We arrived in Petsokay before midnight and found the motel without any problem. Talk about being proud, we couldn't wait to tell our dear friends who didn't have any confidence in us.

Then the fun began. The owner of the motel calmly stood behind the desk and told us there must be some mix up. He had a room for us Friday night but not Saturday night. He then proceeded to tell us that because of sailboat races that week end, there wasn't a room available anywhere in the area. It was a good thing he was standing behind a desk at that point.

You've heard the story about no room at the inn, well let me tell you these people didn't even have a pillow or blanket to offer. I wish I had thought to ask if they had any hay for us to sleep on.

Too tired to argue anymore, we took the room Friday night and decided to worry about Saturday when we got to it. Another couple (who were brave enough to follow us up there) offered to let us sleep on the floor in their room. After two years of trying to get a week end away from the kids, all they wanted was to share their room with two crazy women.

While driving around town the next day, we saw a vacancy sign and rushed into the motel office to check it out. We were greeted by a very stately woman who after looking us over, wanted to know how many people were going to be sharing the room. We explained it was for the two of us, to which she replied, "we have no vacancies." It was clear what she thought of us, and we left before I told her what I thought of her.

Mary, the friend we were visiting came up with the perfect solution -- we spent the night in the college dorm with the Young American group. (Don't anyone tell my mom I spent the night in a co-ed dorm.) The kids were great and their show, "Jesus Christ Superstar" was better than most professional plays I've seen.

The week end was fun, only next year I think we'll make reservations at the dorm and not fight for a motel room.

Paul Swantek of Plymouth will be featured in a Viola recital Sunday, Aug. 9 at 3p.m. at Geneva United Presbyterian Church in Canton. He will be accompanied by pianist, Pauline Martin. Presented on the program will be works by Shubert, Dittersdorf and several other composers.

A recent Canton High School honors graduate, he has been active in the Plymouth Symphony Orchestra, Plymouth and Livonia Youth Symphonies, Michigan Youth Arts Festival Honors Orchestra, PCEP Orchestra and String Ensemble. He recently received the Plymouth Community Arts Council J.W. Hulce Award, which will be used toward tuition to Boston University this fall.

Gary Sieber, son of Ray and Florence Sieber of N. Holbrook in Plymouth, graduated with high honors from the University of Notre Dame, College of Arts and Letters. He was presented the Paul Neville Journalism Award, and was elected to membership in the Honor Academic Society of Phi Beta Kappa.

Mary Breen has been named assistant principal at Stevenson High School in Livonia.

The first Forbing family reunion was held Saturday, July 25 at Plymouth Township Park. About 200 people attended, with some arriving from as far away as Oklahoma and Florida, as well as northern Michigan and the Detroit Metropolitan area.

With a family of this size (317 blood relatives), it is no longer possible to invite all the family to weddings, graduations, etc. and many had not seen each other in 15 years, said family member Carl Glass.

Corn eaters to get good workout

ONE OF THE HIGHLIGHTS of the Canton Fall Festival which draws lots of contestants is the corn eating contest. These people obviously enjoyed eating

corn on the cob for speed and accuracy at last year's festival.

Sports of all kinds will be offered

Athletes and sports fans will have lots going for them at the Canton Country Festival.

The opening games in the Muscular Dystrophy softball tournament are scheduled to get underway Friday night at 6 p.m. The softball tourney will continue on Saturday morning starting at 9 a.m. with the finals set for 11:45 a.m. on

Sunday.

For the joggers and runners there is the 5-mile Canton Country Festival run set for 10 a.m. Saturday.

At 1 p.m. Sunday the Red Wings Softball team will take on the tournament all-stars. This game will be followed by a game between Canton Township officials and the Little Caesar's women's softball team at 2 p.m.

At 4 p.m. on Sunday the Canton Township Fire Department defending champions will take on members of Canton community organizations in a tug of war.

Also on tap in the sports department is an 18-hole golf tournament to be played at Fellows Creek Golf Course starting at 11 a.m.

Canton churches to have union service at Griffin Park

A new dimension of the Canton Country Festival this year will be the community worship service set for Sunday morning 10:30 a.m. on Aug. 9.

It will be held at Griffin Park, the site of Country Festival activities, at corner of Canton Center and Cherry Hill Roads.

The informal outdoor service will include representatives from several area churches in leadership roles. The Rev. Ken Gruebel of Geneva Presbyterian Church will deliver the message, entitled "Leaders, Eggheads, Movers, Workers, Critics, Instigators and Helpers."

Other Canton churches represented will be Canton Free Methodist, St. John Neumann Roman Catholic, Christ the Good Shepherd Lutheran, Canton Calvary Assembly of God and Faith Community Church.

Festival-goers are invited to rise early on Sunday and begin the day's activities with this Sunday morning church service.

Trustees to be pie-d

One of the more unusual highlights of the Canton Country Fest, but one that promises to be well-attended, is the "Pie in Face" event.

Each member of the township Board of Trustees volunteered months ago to take a pie in the kisser, during the annual WSDP radio auction.

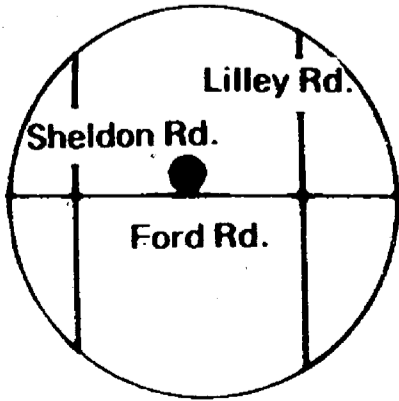

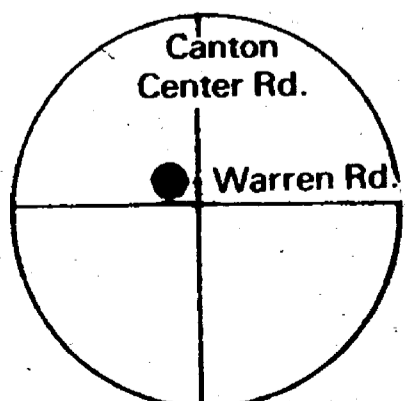

Pies will be thrown Sunday, August 9 at Griffin Park between the double-header of township celebrities versus Little Caesars slow-pitch champs.

4-H SPECIAL HORSE PROJECT AWARDS

Melissa Elliot Trophy
This award is given with hope that it will be an incentive for the youngsters in the small sized pony project to continue and improve the project. Mr. and Mrs. Elliot gave this trophy in sincere appreciation

for the pleasant years which their daughter spent in 4-H, and the priceless experience and the learning opportunity which she had. It is their hope that others too may share the same experience their daughter has had. This award goes to the high-point youth showing a small grade pony.

James Cunliffe Memorial Plaques
These awards, in memory of Mr. James Cunliffe, are awarded to the senior 4-H girls with highest rosettes in Registered Quarter horse Western Horsemanship and Registered Other breeds Western Horsemanship. Each plaque will have the winning girl's name engraved on it.

Jim Fisher Plaque
This award goes to the senior 4-H boy with the highest ribbon in his Western Pleasure class, excluding Registered Quarter horse. The winner's name will be engraved on the plaque. This plaque, donated by the Taylor Rangers members past and present, is in memory of Jim Fisher, 21 years of age when killed in combat in Vietnam on March 20, 1968, while serving with the U.S. Army. Flap jack time at Canton Festival

ONE OF MEMBERS of the Canton Rotary club makes pancakes for the Rotary pancake breakfast, another long standing tradition at the festival.

Knife and fork athletes can perform at festival

For the gourmet diners and plain old knife and fork athletes, this year's Canton Country Festival should provide a week end of high calorie eating.

On Friday night between 4 p.m. and 8 p.m. the Canton Jaycees will have a big Steak-Out.

Saturday morning the Canton Rotary Club will be serving their pancake breakfast at 7 a.m. and will continue serving until 1 p.m.

Then at 4 p.m. the Canton Fire Department takes over with a big

spaghetti dinner which will be served until 8 p.m.

On Sunday the Canton Chamber of Commerce takes over the cooking chores with a chicken barbecue which will run from noon until 8 p.m.

For festival goers who want to snack between meals, they can enter the corn eating contest scheduled for Saturday afternoon at 2 p.m. or stand near the targets in the pie throwing contest for township officials scheduled for 3:30 p.m. on Saturday.

Let there be music!

For the music lover, there will be plenty going on at the Canton Country Festival. Friday night the Canton Jaycees will sponsor a dance under the gazebo at Griffin Park.

The Canton Wheels Square Dancers will be performing Saturday at the park from 12:45 p.m. to 1:30 p.m. Starting Saturday at 5:30 p.m. the Timberline Band will be providing blue grass and country music until 6:45 p.m. and then Cirrus will take over with a concert

running from 7 p.m. to 7:30 p.m.

On Sunday at 1:30 p.m. Canton's own Kitchen Band will provide an hour-long concert and from 2:30 p.m. to 3:30 p.m. Banjos of Michigan will provide entertainment. They will be followed by a second performance by the Canton Wheels Square Dancers at 3:45.

More music will be provided at 4:30 p.m. by the Skyline Singers and at 5:10 the Musketeers High School Band will perform.

Independent religious survey conducted

Wayne Brown recently conducted a survey in Plymouth's Kellogg Park, resulting, he says, in statistics which show

people who believe in life after death and that spiritual things are more important than physical things are more likely to be under 30 years of age.

Brown conducted the independent survey earlier last month, interviewing 57 individuals with a list of seven questions.

Of the people interviewed who were under 30 years old, he says, 96 per cent said they believed in life after death. Sixty per cent of the 30 to 60 years age group also said yes, while 20 per cent of the over 60 years segment affirmed the belief.

Asking if they knew where they would go after death, Brown said 48 per cent of the under 30 years respondents said they knew, while 20 per cent of the 30 to 60

segment said they knew. None of the over 60 group interviewed said they knew where they would go after death.

Other questions asked, all of which Brown said showed a higher number of affirmative answers from the under 30 age group, included whether respondents' beliefs were according to those in the Bible; whether or not we are living in the lost generation; whether Jesus Christ will return; and if Jesus Christ was the only way to God.

Brown called the results of the survey "important, challenging and thought-provoking," interpreted with passages from Scripture. "Take a good look at these questions," he added. "Where do you stand?"

Saints edge Dearborn in soccer contest

The Sportventure Saints, Plymouth-Canton's entry in the Great Lakes Womens Soccer League, could be renamed the "Cardiac Kids" after their heart stopping, 2-1 victory over Dearborn Calypso Sunday evening.

Trailing 1-0 at halftime the Saints took advantage of some nifty teamwork to eke out the league win.

Veronica Guerin's quick pass put Stephanie Hancock in the clear and Hancock buried a shot into Dearborn's goal to knot the score 1-1 10 minutes into the second half.

With 16 minutes left in the game, a shot by Hancock was blocked by the

Dearborn goalie, but Brenda Nunez picked up the rebound and fed it to Charlene Mrekvicska who blasted the ball home for the game winner.

The Saints are now 5-3-1 in GLWSL play. They travel to Ferndale this Sunday.

24-0 Caesars bow out of district tournament

BY JAY KEENAN

The Canton Caesars' unblemished record came to a sudden end over the weekend, as did their summer season.

Coach Fred Crissey's squad, which collected 24 wins and no losses in the Redford Adray Connie Mack League, bowed out of the American Amateur Baseball Congress (AABC) district playoffs in Pontiac with a pair of setbacks to Grosse Pointe Woods.

Canton was finally ousted from the double-elimination tournament on Saturday, losing to Grosse Pointe, 5-2.

After trailing Woods, 5-0, going into the final stanza, the Caesars made a last ditch effort to tally a come from behind win.

Steve Schumacher started things for Canton when he was hit by a pitch. Mike Wall came in to run.

Darin Weise then hit a bunt single and Mike Fifer reached base after beating out an infield hit. He went to second on the play, after a wild throw by the shortstop, and Schumacher came in to score.

Steve Johnson drew a walk to load the bases and Scott Bricker drove in Canton's second run with an infield single, but Grosse Pointe managed to strike out the

next Caesars batter and then execute a tailor-made doubleplay to close the door at two runs.

Pitcher Dan Funkhouser started for Canton and suffered the loss. Jamie Chilcoff also pitched for Canton.

On Friday, the Caesars split a pair of games, losing the opener to Grosse Pointe on a controversial call, 6-5, and winning the nightcap over Pontiac Century 21, 13-8.

In the first game, the Caesars turned an apparent doubleplay in the ninth inning with one out and runners on first and second. The first base umpire, however ruled that Caesars first baseman Jeff Stemberger pulled his foot off the bag.

Moments later Stemberger tried to catch the Woods runner who was trying to score from second base in a rundown, but the runner escaped the trap.

"The runner headed for first was obviously out by several steps," said Crissey of the controversial call.

Dan Smith pitched the first five innings for Canton and was relieved by Chilcoff. Smith came back in the game with one out in the ninth, when the play at first occurred.

Braves smash Red Sox

The Braves defeated the Red Sox, 26-0, in the championship game of the G-Senior League playoffs of the Plymouth-Canton Junior Baseball Association over the weekend.

The Braves knocked off the Phillies 8-1 to reach the finals, while the Red Sox defeated the Tigers 16-12.

In the first round, the Braves beat the Orioles, 14-7, the Phillies bested the Pirates, 3-2, the Red Sox beat the Angels, 8-4, and the Tigers knocked off the Dodgers 8-4.

G-Junior All-Stars win tourney

For the third consecutive year a Plymouth-Canton All-Star girls softball team from the Plymouth-Canton Junior Baseball Association's G-Junior League, has won the Southgate Tournament.

This year the PCJBA sent three teams to last weekend's six-team all-star tournament.

Plymouth-Canton Teams 1 and 2 drew a bye in the first round while Team 3 faced Huron Township in a slugging dual that Team 3 won, 19-16, advancing the team to round two.

Round two action saw Team 1 overwhelm Southgate Team 2, 18-3, while Plymouth-Canton Teams 2 and 3 faced each other.

Team 2 came away with the victory, 18-10, setting up an all Plymouth-Canton finale.

Due to unplayable fields on the Sunday of the championship game in Southgate, the tournament was moved to Plymouth-Canton's home field where Team 1 and 2 battled for the title.

The game was tied through three innings before Team 1's bats came alive to spark their 12-3 victory over Team 2.

The G-Senior League (15 and under) also sent an All-Star squad to the Southgate Tournament for their age group that weekend.

The Plymouth-Canton All-Stars defeated Huron Township 10-9 in the championship game to win the tourney crown.

Plymouth-Canton fell behind 9-5 by the top of the sixth inning, but rallied for four runs including Pam McBride's three-run blast.

Cheryl Viele provided the All-Stars with the victory in the bottom of the eighth inning when she smacked a bases loaded single.

Plymouth pitchers were Karen Schultz, Michelle Martinez and Monika Benedict.

In Plymouth-Canton's other game, Schultz pitched the entire contest and the All-Stars won 8-6 over host Southgate.

Members of the Braves included Sue Carlson, Stephanie Grzesik, Pamela Hannibal, Pam Hodge, Marie Ivon, Dawn Johnson, Carrie Medrick, Julie Meterko, Pam McBride, Ann Marie Roberts, Kim Rward, Linda Sarafian, Karen Schultz and Kelly Schultz.

Young Elks knocked out of AABC playoffs

BY JAY KEENAN

Plymouth Salem Elks of the Redford Adray Connie Mack League, were knocked out in the early round of the American Amateur Baseball Congress (AABC) Tournament in Flint, Friday.

"We're a young ball club and the experience was excellent for them," said Salem coach Ron Riedel, who's team did not have a graduated senior or college freshman among its members. "Several of these teams we were playing had first year college ball players."

Salem, which finished third in the Connie Mack League, was ousted out of the double-elimination district tourney after an 11-3 loss to Ann Arbor Wendy's on Friday.

Wendy's took a 5-3 lead into the sixth inning of the game before exploding for six runs in that frame.

Pete Steyeart and Todd Riedel combined for three hits to pace Salem. John McDowell hurled three and one third innings to suffer the loss.

On Thursday, the Elks overcame a 7-3 deficit going into the sixth frame and went on to win a nine inning battle over Birmingham Hazel Park, 9-8.

Hazel Park jumped off to 1-0 lead in the top of the first, but Salem struck back in the bottom half of the inning when Mick Madsen drilled a triple up the left centerfield power alley scoring Riedel. Madsen then came home on a passed ball.

Hazel Park, however, picked up five runs in the second inning and one in the fifth to take a 7-3 lead.

The Elks cut the lead to 7-6 in the bottom of the fifth frame.

With the bases loaded John Blanchard

hit into a force play at second base to drive in Madsen, and Steyeart pushed across Salem's fifth run when he also hit into a force play, driving in Joe Humphries.

Relief pitcher Bill Culver then drilled a single to right field and Ken Vermeulen reached base when a routine fly ball was dropped in centerfield, scoring another Salem run.

The Elks tied the score in the bottom of the seventh when Humphries singled home Riedel.

Hazel Park pulled ahead again, 8-7, in the top of the ninth, but Salem did not give up.

Madsen led off the bottom of the frame with a single and Humphries followed with another single that fell out of the reach of the Hazel Park leftfielder. Madsen slid safely into third base and

Hazel Park's third baseman fired to second in an attempt to nail Humphries, but the throw went wild and Madsen scored. That tied it 8-8.

After Dave Slavin drew an intentional pass, the Hazel Park pitcher balked on the first pitch to Blanchard allowing Salem's game winning run to cross the plate.

Earlier in the day, the Elks fell to Flint Bob Smith's Carpet, 10-4, for their first loss in the tourney.

Craiger team to host World Series

Canton Craiger will host the National Amateur Baseball Federation World Series for sophomore division (ages 17-22) starting tomorrow and running through Sunday.

Seven teams from across the country will compete in the double elimination event. Besides Canton, and Detroit, there will be teams from the Midwest Region, Maryland Region, New York New Jersey Region, Pennsylvania Region, and Illinois Region.

The opening ceremonies will be held tomorrow at 9 a.m. at Canton High School baseball diamond. The first game will begin at 10:30 a.m. and involve host Craiger against an opponent to be decided tonight when the tourney draw is conducted.

Other Thursday games will be played at 1:30 p.m. and 4 p.m. at Canton. At 7:30 p.m. that night the Mayflower Hotel and the Northwest Suburban Baseball Federation will host a corn roast for all participants at the Mayflower Meeting House. The roast is open to the public and costs \$4.

On Friday, two rounds will be played with games at Canton and Salem High diamonds. Games will continue on Saturday with the finals set for noon on Sunday at Canton High.

Cost is \$1 and includes admission for a full day's set of games and a program.

This is the first time Michigan has ever hosted the NABF World Series, according to Craiger coach Dr. Gerald Ebmeyer.

Craiger wins McDonalds Invitational

Canton Craiger won the McDonalds Invitational Baseball Tournament in Kingston, Ont. over the weekend edging Huron Park in the championship contest, 17-4.

The game was stopped after five innings because of the mercy rule.

Tim Michalik led the offense for Craiger with a pair of triples, while Mark Bennett chipped in two hits. Michalik also started on the pitching mound for Canton and got the victory.

In the semi-finals Craiger whipped Kingston Township, 9-3. Don Graham was the winning pitcher, giving up two hits.

Mike McKinney smashed a two-run homer for the winners.

Prior to that win, Craiger downed Novi, 8-5. Canton rallied for four runs in the sixth inning after trailing, 5-4.

Tim Collins triggered the four-run rally with a leadoff solo home run.
