**\$400,000  
goal**

The Plymouth Community Fund United Way officially kicked off its 1986-87 campaign Thursday, and announced a goal of \$400,000 -- \$15,000 more than last year's campaign.

As part of the campaign kickoff, Fund campaign Chairperson Duke Morrow accepted a donation from Ford - Sheldon Road plant for \$5,500.

The kickoff dinner was emceed by Fred Hill, who read several testimonials to the success of the Community Fund. Morrow agreed, adding, "Everyone in this room has been touched by these agencies," funded through the Community Fund.

Marcia Buhl will serve as Vice-Chairperson for this year's campaign. Serving as division chairpersons for the campaign are: Industry - Frank Materko; Business - Chuck Lang; Professional - Russ Hoisington; Education - Carol Rudio and Judy Stone; Government - Kris Rautio; Clubs and Foundations - Greg Furman; and Residential - Esther Powell.

Agencies the Plymouth Community Fund United Way assists include: American Red Cross Southeastern Michigan Chapter; Big Brothers/Big Sisters; Detroit Area Council of Boy Scouts of America; Huron Valley Girl Scout Council; Growth Works; First Step; Plymouth Community Council on Aging; Plymouth Salvation Army; Senior Citizens Club of Plymouth; Visiting Nurses Association; Plymouth Community Family YMCA; Michigan Cancer Foundation; Plymouth Dental Fund; Plymouth Family Service; and Plymouth Opportunity House.

Also, the Community Fund contributes to the United Way of Michigan, which consists of 23 state and national agencies which provide direct and indirect human care services to Michigan citizens.

To contribute, send a check to: Plymouth Community Fund United Way, 595 Forest St., P.O. Box 356, Plymouth, MI 48170-0356; or call 453-6879 for more information.

Donations are tax-deductible.

### Truck fire doused

A construction truck fire last Friday at 763 S. Mill in Plymouth was the result of a hydraulic leak in the engine, Plymouth fire officials said. The fire was put out in

minutes but steam from the truck continued to pour out of the cab for a long time. (Crier photo by Chris Boyd)

## One killed, 2 injured in accidents

A Canton man was killed Monday, and a South Lyon man is listed in critical condition today following two separate accidents Monday morning in Plymouth Township.

Frank Baldwin was killed early Monday when the car he was driving smashed into a semi-trailer truck backing out of a service drive, Plymouth Township police said.

Later that morning Roger Allen James, of South Lyon, was critically injured when the van he was repairing was struck from behind by a pickup truck, police said.

Deputy Chief Chip Snider said Baldwin was pronounced dead at the scene by the Wayne County Medical Examiner.

Snider said the accident happened at

5:35 a.m. Monday, during a heavy rain, when the car Baldwin was driving struck the underside of the truck, tearing the top portion of the car off the frame.

Snider said Baldwin died of head injuries.

Police said the rain was a factor in the accident, and that it does not Please see page 11

## Prez hears CEP Band

Today the CEP Marching Band will perform in front of a very special audience.

United States President Ronald Reagan will be the special guest for CEP's Band at Cobo Hall in Detroit today.

Plymouth's band was selected as the "Honor Band" for the President, and will have the honor of being on stage with the Commander in Chief.

The band earned the right to play at the Republican fund raiser, as the defending Michigan State Champion for marching bands in 1984 and 1985.

Included in the songs the band is scheduled to play, with the standard "Hail to the Chief" and "Ruffles and Flourishes," will be "Send in the Clowns" -- which CEP members insist is included in the bands normal routine.

## 2 Canton businesses report armed robberies

BY DAN NESS

Canton police are investigating two armed robberies which occurred on Saturday.

Two employes at Pump and Pantry, 45230 Michigan Ave., were held up by a man with a snub-nosed revolver at approximately 3:20 p.m. Saturday. He escaped with more than \$300 in cash.

The man walked into the store, shoved the handgun into the face of a 17-year-old cashier, and demanded money from him and a co-worker.

The suspect is described by witnesses as being a black male, between 20 and 25 years of age, between 5'5" and 5'9" weighing 150 lbs., with black, shoulder-length curly hair. He was dressed neatly, according to witnesses, in a brown dress shirt and pants.

The suspect fled east on Michigan

Avenue in a red Ford Escort with two other passengers.

The second robbery happened at Arbor Drug, 5880 Sheldon, at about 8:30 p.m..

According to workers there, a man asked the cashier for a pack of cigarettes, then after paying for them, told the woman that he had a gun in his coat pocket. He told the cashier not to move, while he took about \$120 from the cash register, according to police reports.

The suspect is described as being a white male, about 6'2" with dark hair and a dark mustache. He was wearing a blue hooded winter coat, blue-jeans and a dark baseball cap with a red patch on the front.

The suspect fled, and witnesses did not see a car.

### Brooks is Woman of the Year

Mary Brooks, Plymouth Township treasurer, was chosen by the Plymouth Business and Professional Women as its Woman of the Year Sept. 15. Brooks has been Plymouth Twp. treasurer since 1984, and was deputy treasurer since 1972. Brooks recently served as treasurer of the Fall Festival Board of Directors, and was co-chair of the BPW's Bingo Night at Fall Festival. Brooks has also contributed time to St. Kenneth's Parish Council and Woman's Guild, Dunning-Hough Library, Huron Valley Girl Scouts, the Plymouth Community Fund United Way and The Michigan Republican Party. The BPW had five other Woman of the Year nominees -- Sharon Belobraidich, Marda Benson, Mary Kay Frey, Janet Luce and Shirley Spaniel. All nominees "have taken steps beyond their 'comfort zones' of self-need and have served our community well," said Nancy Messerly, of the Plymouth BPW. The criteria for nomination include: outstanding achievement in careers and guidance to young career women, community service and assistance to other women in their advancement.

### End-of-summer reflections

Matt Szndlowski, 11, and Jim O'Donnell, 11, both of Plymouth, stalked the wily trout Saturday at Plymouth Twp. Park during the Jaycees' Fishing Derby. The Jaycees stocked the park's pond with about 150 trout, and there were 40 participants. The Jaycees say they plan to hold another derby next year. (Crier photo by Chris Boyd)

### Dinner for special children

Cafe Bon Homme will present "The Winemaker, The Flautist and The Chef in Three-Part Harmony" on Sunday.

The special event will offer fine foods, wine and music, and will be open to only 50 diners. The proceeds from the program will go to Children's Hospital of Michigan.

A six-course dinner -- featuring Fruits d'Mer en Coquille, Game Consommee en Croute, Chilled Duckling with Raspberry Salad, Poisson en Fillo, Tenderloin aux Chanterelle and White Chocolate Mousse aux Framboises -- will be

served in the Cafe's authentic French setting.

"The Count," winemaker from Schloss Vollrads in Germany, will offer samples of his vineyard's best vintages. Classical music will be provided by members of the Michigan Opera Theater and the Detroit Symphony Orchestra.

The event starts at 6 p.m., and deadline for reservations is Friday. Reservations will be accepted for 50 diners only. Tickets cost \$200 per person. Call for reservations at 453-6260.

# Appeals court upholds City labor verdict

BY T.M. SMITH

The Michigan Court of Appeals has upheld an earlier appeal, and found the City of Plymouth guilty of labor negotiation violations Sept. 11 in Lansing.

The appeals court reaffirmed the decision made last October by the Michigan Employment Relations Commission (MERC), that the city had bargained in bad faith when it introduced to the Plymouth Firefighters Association plans to replace fire department rescue with a private firm.

The City took last year's decision to the a three judge panel of the Michigan Court of Appeals, but in it's judgement the court agreed with last year's MERC ruling.

This decision left the MERC ruling in place, which ordered the city to stop negotiating in bad faith with the union.

# Do chambers carry clout?

## Plymouth

BY T.M. SMITH

In the early days of Plymouth's Chamber of Commerce, it had a reputation as a tough political force, and a stingy fighter for causes it stood behind.

In recent years, Plymouth's chamber has made a concerted effort to return to those glory days and again throw its hat into the political hopper more often.

In 1952, when Plymouth's chamber was officially incorporated, an era was begun by several members whose names might still sound familiar.

Names like Ralph Lorenz, Dean Saxton and Frank Arlen. Men who were in on the early foundation of the Chamber, later formed the Industrial Development Corporation Committee of the Chamber, and often times led the charge on important political issues of the day.

Current Executive Director Linda Anderson is well aware of the history that precedes her.

"I have heard that the first group had quite a lot of influence in Plymouth. They set up the Industrial Committee, and worked on getting business and industry into the city," Anderson said.

But for a period of time, that strong-willed way was lost, Anderson said.

"I really think the Chamber backed off from that way of doing things for a long while. I don't think that has been an activity of the Chamber for a long time," she said.

But Anderson predicts this might be an arc of the pendulum that is due to swing back to a politically active tilt for Plymouth's chamber.

Frank Arlen, one of the original members who signed the first articles of incorporation, and has acted as

analysis

president of the Industrial Development Committee for the past 25 years, believes the strength of the Chamber lies within the membership.

"I think we were strong back then, but we had strong leaders and strong members. We had a good manager and the clout that comes with it," Arlen said.

Anderson believes the current chamber has set a course back in this general direction, and points to renewed interest, increasing numbers in members and dollar figures and more influence as factors.

"In the last two years there has been a strong interest, and the feeling has been stated in our yearly goals that the Chamber needs to make stronger stands on issues."

Two recent indications that these goals are more than pipe dreams, are reflected in concrete results gained by the Chamber in recent months.

Both campaigns were an effort to get back to Plymouth's early strength of attracting promising industrial business to the area.

The first of these examples is the Project Key study the Chamber has a big hand in completing early this summer.

The project was a comprehensive study of the area's CEO's, to determine what industry was pleased and displeases about the government's effectiveness, and quality of life in the area.

The second example of the increased interest in industry was the recent

## Canton

BY DAN NESS

The Canton Chamber of Commerce has come full circle since its inception in 1973.

In that year, a group of Canton businesspersons, led by the late Bart Berg, changed the Industry/Commerce Committee into the Chamber of Commerce. And, one of active in was the revision of Canton's sign ordinance, according to the Chamber's first president, Dr. P.S. Vachher.

Now, 13 years later, the Chamber is reinstating a sign ordinance committee to lobby the township government for proposed changes in the ordinance, which affects businesses greatly.

This may signal a return to a more politically active chamber, after coasting along with little public lobbying of local government.

But, according to another past-president, the Canton Chamber's past deeds are reflected in the present standing of the township's sign ordinance. "The Chamber likes it, the township board likes it and the citizens like it," John Schwartz III said. "That was the doing of the Chamber."

The Chamber has also had a bigger influence on the zoning of property and the structure of ordinances affecting business than appears on the surface, Schwartz said. "So much of this stuff we do in the background," he said. Many differences with the business community and township

government representatives are ironed out in informal settings before any official actions are taken, Schwartz said.

Many of the original members of the Canton Chamber remain as leaders in the local business community -- Bill Brown, Don Korte, Joe Clark, Frank McMurray, Sheldon Wagner -- and that committee's goals continue with the present Chamber's goals.

"I felt that Canton needed come commercial and industrial diversity -- more balance," with the booming residential development of the early '70s, Vachher said. Other goals set forth in 1973 have already been realized, while some remain goals to this day.

The Chamber wanted: balanced growth; a farmers' market; recreational development; a police department; a post office; library services; paving of roads; mass transportation; and the purchase of Mettetal Airport (which was then being looked at by Livonia for possible annexation, according to Vachher). And, listening to Canton business folk, the Chamber is doing everything that has been expected of it.

The bottom line from Canton business is: It's a young chamber of commerce, to go along with a young business community. Given enough time, the chamber will develop along with the businesses in Canton.

"For a new community, they've got a good start," Vachher said, but added, "others are more established, they have more programs, more activity."

"Our chamber is acting more like a chamber now," Schwartz said. "The whole complexion of the chamber has changed. I think it's the right way. As the township gets bigger, with more

## GENERAL TOWNSHIP OF CANTON NOTICE OF GENERAL PRIMARY ELECTION TO THE QUALIFIED ELECTORS

NOTICE IS HEREBY GIVEN THAT A GENERAL PRIMARY ELECTION WILL BE HELD IN THE CHARTER TOWNSHIP OF CANTON, COUNTY OF WAYNE, STATE OF MICHIGAN WITHIN SAID TOWNSHIP ON ...

TUESDAY, AUGUST 5, 1986

AT WHICH TIME THE CANDIDATES FOR THE FOLLOWING OFFICES ARE TO BE VOTED FOR IN WAYNE COUNTY:

- GOVERNOR
- REPRESENTATIVE IN CONGRESS
- STATE SENATOR
- STATE REPRESENTATIVE
- COUNTY EXECUTIVE
- COUNTY COMMISSIONER
- DELEGATES TO COUNTY CONVENTION
- 3 JUDGES OF CIRCUIT COURT — 3rd DISTRICT (FULL TERM — NON-INCUMBENT POSITIONS)
- JUDGE OF DISTRICT COURT — DISTRICT 19 (FULL TERM — DEARBORN ONLY)
- JUDGE OF DISTRICT COURT — DISTRICT 30 (FULL TERM — HIGHLAND PARK ONLY)
- JUDGE OF DISTRICT COURT — DISTRICT 33 (FULL TERM — FLAT ROCK, GIBALTAR, ROCKWOOD, TRENTON, WOODHAVEN, BROWNSTOWN TWP., AND GROSSE ILE TOWNSHIP)
- JUDGE OF DISTRICT COURT — DISTRICT 33 (TO FILL VACANCY-TERM ENDING JANUARY 1, 1991 — FLAT ROCK, GIBALTAR, ROCKWOOD, TRENTON, WOODHAVEN, BROWNSTOWN TWP., AND GROSSE ILE.)
- AND IN CANTON TOWNSHIP ONLY.
- CANTON PUBLIC LIBRARY — MILLAGE INCREASE PROPOSITION

WHEREAS, since the early 1970's the Charter Township of Canton has attempted to obtain additional sanitary sewer capacity by actively participating in all of the projects proposed by Wayne County and the Michigan Department of Natural Resources and

WHEREAS, whenever the County of Wayne requested funds for the planning of a sewer project or contract execution by the Township, Canton Township unfailingly undertook and performed these functions due to breaches of contract and other illegal and improper governmental acts, all of these efforts have not resulted in any additional sewer capacity in the last decade; and

WHEREAS, currently Wayne County has requested that Canton Township execute the proposed Wayne County-Oakland County Construction, Finance and Service Agreement for the North Huron/Rouge Valley Project; and

WHEREAS, after an extensive analysis of the proposed agreement, Canton Township of Canton hereby rejects the proposed Wayne County-Oakland County Construction, Finance and Service Agreement and refuses to participate in the North Huron/Rouge Valley Project for the following reasons:

1. That the cost allocation of the project is totally inequitable and unfair in that Canton Township would be assessed 31.797% of the total project cost, when it would be obtaining less than 6% of the additional sewer capacity generated from the project. Even if the optimistic forecasts for obtaining federal funding for all segments of the project are realized, these costs would be overly burdensome to the citizens of Canton Township.

2. The contract fails to specify the cost allocation set forth by the proposed contract will not be utilized to assess costs and evaluate contributions for the correction of any and all problems caused by or contributed to by the project as suggested in the Township's correspondence to the County of Wayne on June 2, 1986.

3. The contract does not specify that any contract between Wayne County and the City of Detroit concerning the project will provide that all the costs for future combined sewer overflow corrections or other capital improvements within the City of Detroit will be born by the City of Detroit only, and not be considered chargeable to the capital costs of this project as suggested in the Township's correspondence to the County of Wayne on June 2, 1986.

4. The proposed contract fails to provide that the Township's participation in the project is conditional upon the State of Michigan Municipal Bond Authority Financing for all segments of the project as originally suggested in the Township's correspondence to the County of Wayne on June 2, 1986.

5. That the proposed contract fails to provide for any meaningful method of resolving any disputes between the County of Wayne and the Rate Review Committee concerning assessed rates.

6. The contract fails to clearly specify the options available to Canton Township in the event it reaches its maximum amount of allocated discharge before the expiration of the forty (40) year term of the contract.

This certifies that the preceding Resolution was introduced and adopted by unanimous vote of the Board of Trustees for the Charter Township of Canton on the 9th day of September, 1986.

Treasurer Brown commented on the Balloon Festival and the committee meeting.

Moved by Larson, supported by Brown and unanimously carried to adjourn at 11:08 p.m.

# Canton Bd. trims township budget

BY DAN NESS

Canton residents won't be seeing an increase in township millage rates if the Board of Trustees approves the revised 1987 budget.

The board was to have voted on the rates last night.

The millage rates for the general fund, fire department and police department totaled 9.89 mills for this year, and after making cuts, the 1987 budget should also reflect a 9.89 millage rate.

"Most of the items they cut were capital outlay," or equipment and other long-term use items, said John Spencer, Canton finance director. The

board met on Sept. 16 to trim budget items down to the 9.89-mill level.

One mill levied equals \$1 of property tax per \$1,000 of state equalized value (SEV) of property. SEV equals about one-half the property's market value.

Canton residents will see a millage rate of five mills for township general fund, 3.25 mills for police protection, and 1.64 mills for fire protection, if the rates are approved. Both the fire and police protection millages are special assessments set by the board.

The 9.89 mills was trimmed from the 10.4-millage maximum rate, which was set two weeks ago.

Some of the items trimmed from the 1987 (calendar year) budget included the elimination of \$60,000 for tennis courts and another \$60,000 for the paving of Griffin Park parking lot, both from the department of parks and recreation.

The building department and the personnel department also saw cuts in township funding for computers and word processors, but most of the equipment will be funded through federal revenue sharing monies, Spencer said.

Also being picked up by federal revenues is approximately \$72,000 for

patrol cars for the police department.

The township was able to keep the millage rates at 1986 level, in part, because federal revenues were used to fund some budget items, Spencer said. However, federal revenue sharing funds will expire Sept. 30, and those funds have not been set for next year, if they are not eliminated completely.

"A year from now, we won't have those federal revenue sharing monies to go into the budget," Spencer said. Although the township millage rates will stay the same for 1987, Canton residents will be facing tax increases for garbage collection soon, and sewer and water rates will also be increased.

# Parents: Find a better busing method

BY DAN NESS

If they're too young for kindergarten, why do they have to wait for late buses and wait at pick-up points unsupervised?

That's what several parents wanted to know at Monday night's Plymouth-Canton Schools board meeting, regarding the "beginergarten" program, for children too young for kindergarten.

According to some parents of Miller Elementary beginergartners, their four-to-five year old children are on buses for up to an hour before they arrive at Miller because of bus transfer stops.

"We would like to see the schools help out with a direct route," to Miller, said Steve McFall, of Canton. Currently, the bus transporting the

Miller beginergartners stops at Eriksson Elementary, and sometimes at Field Elementary before going to Miller. Their kids are getting to Miller at 9:20 a.m. -- 10 minutes after class begins, parents said.

Parents also said their children get off the bus at Miller and there is no one there to supervise them.

School administrators said there were several reasons for the long bus rides for the youngsters. All 69 P-C Schools buses are being used, so shuttle routes are used to pool groups of kids at one pickup spot, Superintendent John Hoben said. Also, the beginergarten program has been growing, as have other special programs which rely on busing, officials said.

"It's probably one of our fastest-growing programs," said Raymond Hoedel, associate superintendent for

business. Hoedel said that possible partial solutions to the busing problem would be to zone the elementary Talented and Gifted (TAG) student program so that those students would go to several different schools; reduce the number of shuttle bus routes, especially where it affects the beginergarten children; or even move 5th graders to other schools, instead of transferring the younger students around.

The school district will also be getting 10 new buses Nov. 1, according to Hoben.

"We're trying to get by the best we can right now," Hoedel said. His office had received "numerous calls this year," regarding overcrowding and late buses with the beginergarten program, he said.

Parents concerned that there was no supervision at some points along the bus-transfer route were told that playground aides would be watching their children from now on when they get off the bus at Miller.

Trustee Jeanette Wines said there had been problems with the beginergarten program in past years. "Whether it's walking or busing, the parents are becoming quite upset," she said. "I see no reason why these kids couldn't be direct-routed," to Miller.

Other board members agreed that this is a priority problem. "This is their first experience with school, and it's a strong error on our part to make it a negative experience," said Trustee Lester Walker.

The matter was directed to the school administration for study.

## Community Fund kickoff!

**EDITOR'S NOTE:** Fred Hill read the following testimonial at the Plymouth Community Fund United Way campaign kickoff dinner Thursday at the Mayflower Meeting House. The letter is from one area girl who has benefitted from a Community Fund agency.

I am 19 years old. I am also a drug addict and an alcoholic.

I began using almost every day when I was 11. I hung out with people older than me so I could get my drugs easier.

I treated everyone really bad, but most of all myself, during the seven years I used heavily. I hated myself. My disease had progressed so rapidly that in order to afford my drugs I stole and prostituted.

I hung out with guys who would beat me up, just so I could get my drugs.

Drugs made me feel like I could do or be anything I wanted to be. My tolerance got real high. When one drug wouldn't work for me anymore, I'd move on to the next. I drank, smoked pot and hash, did mescaline, acid, speed, cocaine and I tried heroin once. They made me stop feeling - I didn't care about anything or anyone. I did a lot of crazy things and I wanted to forget so I would take more and

more drugs to forget.

Forget my prostituting, the fights with my family, threatening to kill my brothers, two abortions, one miscarriage, five rapes, sexual abuse from my uncle and my cousin, having guns held to my head, knives to my throat, and most of all, wanting to die because I hated myself so much.

My parents put up with a lot from me because they love me. They also put me through four treatment centers and one half-way house. Today, I go to aftercare at Growth Works. They helped me get to where I am today.

I can now honestly say that I love me. I am a good person. They have helped me deal with some everyday and some not-so-everyday problems that come up. They guide me to help me to see what is good for me and what isn't.

When I came into Growth Works, it was hard for me to trust, but today, I am honest and I believe that people aren't all out to hurt me. I can also make the best out of any situation.

My life has made a 180-degree turnaround. I have been sober today for 10 months, and to me, that is a miracle.

## Chamber clout?

### Commerce should occupy position of stature

The Plymouth-Canton Community is served by two chambers of commerce -- the Plymouth Community Chamber, an historic business association, and the Canton Chamber, a relatively young group.

They serve as a viable means for community businessfolks to accomplish needed goals, but are not used as much as they should be.

Both chambers have seen high and low tides of effectiveness based largely upon the strengths of those who volunteer to lead them.

One particular deficiency is the inability for those two particular chambers to work more closely together. Without overlooking the need for each geographic area to develop its own identity, there are no two communities nearby which have such intertwined economies.

These two chambers should work together more on programs.

Another age-old battle, which particularly hits

the Plymouth chamber, are cries of provincialism. The Ann Arbor Road merchants and the Old Village merchants often cry foul that their chamber's efforts are all directed downtown. More often than not, those charges are properly laid in the laps of those making them for not participating enough or for overlooking their fellow merchants in the downtown area.

The chambers have both been more effective politically than they are today -- another sore point. Why shouldn't the chambers have more input and clout? Why don't the township supervisors attend the annual chamber meetings? Obviously, the chambers are not viewed as political representatives of the business communities as they should be.

Let's see the businesses get involved!

Then let's see the chambers occupy the position of stature that they should in The Plymouth-Canton Community.

## Plymouth mail - best creative delivery

### EDITOR:

I've lived in Plymouth all my life. When I was a kid, neighbors down the street would hand deliver our mail, mistakenly placed in a mailbox 20 houses away. It was a nice opportunity to visit friends you only saw once or twice a week.

Seven years ago we bought my parents' house. I guess that gentle old man from 'down the street' has moved, or maybe just retired as a surrogate mail carrier.

I have no quarrel with the 32 times over seven years I've called Master Card in Detroit for duplicate copies of my bill ... I've made some great friends down there. And the full year I didn't receive (and forgot to inquire about) my Township water bill ... liens against one's house are over-rated as reasons

for frenzy. (The Water Department must have inside information. They DO print on the bill that "failure to receive the bill" doesn't absolve you from responsibility).

Friends are always understanding when I finally call them just to see if they've moved and not told me. They think I'd rather call than write when I insist I haven't had a letter in four months.

And someone out there must have prepared his bathroom with my cancelled checks ... MIA's for up to six months at a crack. (We pick them up at the bank now, so if you haven't finished papering that tough area behind the toilet I guess you'll have to break sequential numbers and go with someone else's misplaced records).

I've tried often to get to know that mythological person behind the heavy, gold-leaved door up on Penniman. Once I even spoke with him (I think). He said that there'd been a variety of problems with carriers on my route since the regular man retired (he was a saint, God love him). I don't have the heart to spill the beans on the old gentleman.

As a safeguard I've had a post office box for the past four years. The reassurance was short lived. I've been forwarding the previous box holder's mail for four years. I've even discovered that Pinckney also has a box 318, as well as Pittsburgh, PA.

As I've said, missing bills, letters, IRS records and geography lessons

aside I do take exception finally.

I've been self-employed for the past 11 years. The retail outlets I supply know how creative delivery to Plymouth can be, so they always call to let me know when the checks have been mailed.

It was my mistake, I know, but I let a dealer in Louisiana and a publisher in Virginia slip through the cracks. I didn't let them in on my little secret. So, I'd be very happy to find whoever has in his possession my royalty check from VA and the payment for a

shipment to LA totalling more than \$1000.

I can appreciate that within the past three weeks you may have returned those two items to the system and they currently reside in Podunk.

I love expanding my horizons. If you'd care to share like experiences just write P.O. Box 318, Plymouth, MI. You may not know it but there's a Plymouth, England, Plymouth, Massachusetts, Plymouth, ...you'll find out.

## Where are the Plymouth Twp Board minutes

### EDITOR:

Why were the minutes of Plymouth Township Board meetings discontinued in The Crier? I for one would ask that they be printed.

Residents are entitled to know what is going on -- I read them regularly. This is why I buy the paper. What is the reason?

It cannot be money. Is it political?

## A Second Take

By Bill Marriott

### Turmoil at park approaches boil

It's Monday afternoon at Oak Haven Mobile Home Park, a time when neighbors sit at each other's kitchen tables to share some coffee and gossip.

Linda and Gary Oliver have some friends over tonight to talk about their ongoing eviction battle. Down the street, park manager Dorothy Brammer talks with a couple residents about the ruckus the park has weathered since Rudolf Krieg began "cleaning up" the place.

The Olivers worry they will be the next to be moved out in Krieg's plan to rid his Plymouth Township mobile home park of those he doesn't like.

"There's no laws to protect people in a trailer park like there is for someone renting an apartment," Gary said.

Two blocks away, Brammer is talking about her exasperation with the park's situation. "Rudy (Krieg) wants to update the park, modernize it. He doesn't go around picking on people."

She said she is caught in the middle of a dispute that began last summer with the eviction of Stella LaDow.

LaDow was popular with some neighbors because she worked well with children and because she had been at the park for over 16 years.

She's also a feisty woman. She complained to Krieg about there not being room in the park for children to play. Then about trash being dumped by her trailer. Then about the park's narrow streets.

Then she was told to leave.

People still talk about those days, trying to figure out if LaDow was a noble woman standing up for her rights, a trouble-maker looking for something to find wrong with the park, or just someone who pushed the park's new, hard-line owner too hard.

"(Krieg) does have a bit of a temper," Brammer said. "A little bit - I should say quite a bit."

Gary said his problems began last month. He called fire department, health and DNR officials when noxious, health-threatening fuel oil began leaking from a rusted tank buried beneath his lot.

As Brammer explains, Gary and Krieg fought loudly, pointing fingers at each other and using profanity as they argued about the cost of removing the tanks.

"(Krieg) came into my apartment and asked me if I had any 7-days or 30-days (eviction notices)," she said.

Susan Clark, a resident who had been listening quietly and drinking coffee with Brammer broke in, "The park has good people, who really work hard... and those people who really don't care. And Rudy's getting rid of those."

"Rudy calmed down the problem people," she said, and Brammer smiled and said, "They're afraid of being evicted."

"Rudy is a misunderstood man," Brammer said of her boss. She said eviction notices are served mostly to scare people.

Besides, Brammer said, "they've just had their own way around here for so long...." that it was time for a change.

According to Brammer, Krieg's goals are to get newer trailers into the park. But the park management also seems to want a different kind of people.

"I don't have much sympathy for young people who are half on welfare, the Salvation Army paying their rent," Brammer said.

Were these the "deadbeats" Krieg spoke of?

Brammer said they were, and listed what was wrong with some park residents: they were overweight; they held "24-hour parties;" their children were noisy; their cars were clunkers.

The change, Clark said, is "freaking out" some residents.

Gary Oliver says he doesn't think it's right to be part of that change and will "go for the gusto."

"I'm not getting railroaded. The judge has to tell me I'm in the wrong, and why I'm in the wrong, then I'll pack up my things," he said.

"I'm not giving up until then," he said.

## Crier missed

EDITOR:

The City of Plymouth sponsored a picnic September 15th, for senior citizens from the surrounding area.

There was food, ice cream sundaes, drinks, prizes and entertainment - no charge to seniors.

I was disappointed that The Crier didn't think the event was worth covering. Had it been a Canton event I'm sure it would have been.

# Renegade napper settles for nearest couch

BY DAN NESS

It was either a case of extremely poor sense of direction or one of acute drowsiness, but it resulted in a "scary situation" for a Canton family last weekend.

Canton police were called to a Sheldon Road residence at 4:15 a.m. Sunday morning to arouse a man who had gotten into the house and fallen asleep on a living room couch.

According to a woman who lives at the house, no one in her family knows the man.

"My daughter came into the bedroom and said, 'Mommy, there's someone on our couch,'" the woman said. "I told her she was dreaming, but she said, 'No, go see.'"

Apparently, the man had entered through a bedroom window, taken off his shoes and made himself a bed on the couch. The woman called the

police, who woke the man up "after several minutes," according to the woman. Police described the man as "extremely intoxicated."

When the man woke up, he told police officers he thought he was in his

own house. The man's house, however, is in Chelsea, approximately 27 miles west of the Sheldon Road residence.

The woman said her family would not press charges against the man --

this time. If someone chooses to nap in her house again, "I'd hit 'im in the head with a bat or a frying pan or something," the woman said.

"It's kind of a scary situation to go through," she said.

## Accident victims

Continued from page 1

appear Baldwin was speeding at the time.

"It is my opinion that he was not speeding, but because of the rain it is hard to determine. We did not find any evidence of breaking, so we believe the driver did not see the truck," he said.

Snider said the truck driver was issued a violation for "improper backing procedures."

Baldwin was employed at Detroit Public Schools.

James, 20, of South Lyon, is listed in stable condition at St. Mary Hospital in Livonia following surgery, a hospital spokesperson said.

Police said that James was struck from behind by a pickup truck on the exit ramp of I-275 to Ann Arbor Road in Plymouth Township.

James was at the rear of his van at the time making repairs to his vehicle, when he was struck by the truck which lost control.

Police said the driver lost control because of an unsecure load in the bed of the truck.

Snider said the driver, Gaspar Foto, of Canada, was not ticketed, but

charges are pending.

A Canton man remains hospitalized at Westland Medical Center after he was thrown from his car in a one-car rollover early Friday morning.

Robert Alan Davidson, 27, was driving on an I-275 exit ramp onto westbound Michigan Avenue at about 2:30 a.m. Friday, when he lost control of the car and struck the guardrail, according to Canton police reports. The car tore off about 40 feet of guardrail before breaking through and rolling, coming to rest upside down.

Davidson was thrown 75 feet from the vehicle, according to police.

## Canton P.D. has permits

The Canton Police Department will be handling gun permits for Canton residents instead of the county from now on.

Residents seeking purchase permits, safety inspections or concealed-weapon permits can go to the police department, at 1150 S. Canton Center Rd., Monday through Friday from 8:30 a.m. to 5 p.m.. Call 397-3000 for more information.

## Fighting for your life: learn how to beat alcohol and drugs

a chemical dependency lecture series sponsored by  
Catherine McAuley Health Center's Chemical Dependency Program  
and Office of Health Promotion

A free lecture series on chemical dependency and adolescents will be presented in the Community Room of the Ann Arbor Health Building in downtown Plymouth from 7 to 8 p.m. on consecutive Thursdays from Sept. 25 through Oct. 9. **No pre-registration is required.**

**Sept. 25 What is chemical dependency?** This session defines chemical dependency as a disease and discusses the unique differences between chemical dependency in adolescents and adults. A distinction is made between "normal" adolescents and the chemically dependent adolescent. Signs and symptoms of adolescent chemical dependency are discussed.

**Oct. 2 Doctor, can you help me with my teenagers?** This session describes addiction and physical dependency with an overview of some genetic aspects. Also discussed are physical symptoms as they relate to various drugs, particularly alcohol, marijuana and cocaine.

**Oct. 9 How does substance abuse affect the adolescent and the family?** (two sessions) This session explores many of the questions concerning adolescent alcohol and drug use. The disease concept is reviewed and an explanation of the family's involvement in chemical dependency is offered from an illness perspective. The medical aspect of chemical dependency is also discussed.

**How can I get some help?** Chemical dependency assessment, referral, treatment and follow-up: What can I expect? A discussion of the continuum of care and an introduction to self-help groups is given. Direction is given on how to get the appropriate help for the chemically dependent teenager.

Presenters include Neil Carolan, director of the Catherine McAuley Health Center Chemical Dependency Program; Charles Gehrke, MD, medical director of the Chemical Dependency Program; Kathleen Bishop, family counselor for the Huron Oaks adolescent unit. For more information, please call the Chemical Dependency Program at 572-1300.

The Arbor Health Building is located at 900 West Ann Arbor Trail in downtown Plymouth.

# Decision upheld

Continued from page 3  
problems with the city began, said the union gains little from the decision except knowing they were right.

"We didn't want this to go this far, the issue is moot now, because we have what we want, but the city wanted to appeal it again. We tried to stop the second appeal," Degen said.

What the firefighters wanted, was in part the right to respond first to emergency situations in the city -- which it now does.

But at the time of the bargaining in 1984, a private firm was given the right to respond first for a period of time.

## Canton chamber grows

Continued from page 3  
business, you just know that the Chamber will reflect this."

Canton's new Chamber director, Joan Bolek, says one of her biggest challenges is convincing businesses that joining the Chamber is worthwhile. "Some might think it isn't worth it, they don't know that the little plaque in the window may cause people to come in," Bolek said. "I guess some people just don't realize the importance of being in a chamber."

In time, the Canton Chamber may be able to hire a recruiter to visit businesses, Bolek said. As Vachher notes, many larger chambers have full-time positions for persons to recruit businesses.

Bolek's priority goal however, is in the numbers and the activity of the Chamber's members. "I'd like to see the membership grow and see more involvement by the members," Bolek said. She is happy with the diversity of membership the Canton Chamber now has, she said.

"We have doctors, lawyers, restaurants, manufacturing... you name it, we probably have at least one that's a member," Bolek said. The employe size of each member organization ranges from "one person to American Yazaki," Bolek said.

But, does a bigger membership mean the Chamber will have more political clout in its dealings?

That all depends on if the business community gets along with the township government officials, according to Schwartz. He remembers the days in the late '70s when township hall was filled with business people

The firefighters have since gained back that right, which Degen says will be very hard for the city to take away a second time.

"If they try to take it away again, they have to show they approached us and bargained in good faith," Degen.

Although a third appeal is possible, Degen believes the city will not try and appeal to the State Supreme Court.

"They have to appeal the last decision within 28 days, and I just don't think they will. If they city tries to appeal again it will just be ridiculous," Degen said.

concerned with the township's ordinances. Chamber members attended several "hot and heavy meetings," Schwartz said, when the topic in discussion was "restrictive" business ordinances.

When then-Supervisor Robert Greenstein proposed ordinances to allow township officials to inspect businesses to see if they were reporting all personal property taxes, the business community reacted. "Every business person in the township was there, up in arms," Schwartz describes one meeting.

Since the late '70s, relations between the Chamber and township officials has become relatively tame, and as Schwartz noted, many issues are resolved for the most part before they ever get to a board meeting.

Former Chamber director Connie Koers said the Chamber has always been letting the township officials know how it feels. "I think the Chamber has been a good sounding board between business and township officials," she said.

One of the areas the Chamber has affected is in cutting red tape for new businesses, making it more affordable for a business to relocate in Canton, Koers said.

The Chamber's sign ordinance committee is soliciting input from businesses now, to see what changes are desired in the current sign ordinance, which it helped form.

The outcome of this most recent campaign by Canton's biggest business organization will point to the direction the Chamber is going.

## Plymouth chamber changes

Continued from page 3  
completions of an Economic Development Brochure by the Chamber and other agencies which will serve as a tool to attract new industry to Plymouth.

"When I came here it seemed like the Chamber was predominantly retail, and concentrated on doing tabloids," Anderson said. "There was not a lot going on with industry or economic development -- but that has changed," she said.

One of these changes is in the executive board Anderson said. Because of the strong stand of the board she said there is more ability for members to become liaisons for the committees of the board.

A more concrete indicator that Plymouth's chamber continues to

head in the right direction is the fact that members and dollar figures continue to increase at a healthy pace.

In 1982, when Anderson first came aboard as director of the Chamber she said the budget was in the neighborhood of \$42,000 a year.

For the past year, the budget was well over \$100,000 she said.

Membership has also grown from around 240 members in '82 to almost 370 this year.

"The growth of any chamber fluctuates, because retail is ever-changing," Anderson said.

But to rise steadily has to be a good sign.

The big question is, will this growth in budget and membership help the Chamber?

### John and Melissa McLaughlin home

This "upright-wing style" house at 600 Ridge Rd. was built between 1850-70 by Robert Houston. The house remained in the Houston family until the 1930s, when Henry Ford bought it as part of his Cherry Hill factory development. In 1940, Henry Hawk bought the house, and turned it into a double flat for renting to his hired farm hands. The house was a double flat until 1978, when the McLaughlins bought it.

**Introducing the "Grand Opening" of the first California Concept Figure Salon in Michigan**

People across the nation are discovering the benefits of exercising on the toning tables now available at Chris's California Concept Figure Salon located at 8515 N. Lilley Rd.

in the Golden Gate Shopping Center (just S. of Joy Rd. — across from Mettetal Airport)

The exercise machines offer an effective alternative to strenuous exercise. The progressive resistance to muscle movement and gravity makes for quick results and increased motivation. Pictured is our waist twister that raises and lowers each leg alternately 570 times in 8 minutes.

**WAIST TWISTER**

A workout consists of 8 minutes on each of the six exercise tables for a 48 minute total workout equal to 7 hours of traditional exercise without the sweat, stress or strain — the reason for this being the isolated muscle movement.

## Plymouth Fife and Drum on the road

The Plymouth Fife and Drum Corps recently completed an Eastern tour throughout Canada, Vermont and New York. The week long tour during August saw the Corps perform in several forts in Ontario, Montreal and a major Fife and Drum Muster in Vermont.

The trip began with a performance at Fort Henry at the mouth of the St. Lawrence River and Lake Ontario.

The next stop on the trip was Fort David M. Stewart in Montreal.

The Corps then moved on for the big stop of the trip in Vermont, for a Muster with 25 other Fife and Drum Corps from around the United States.

The day began with a parade of all the units through town. The Plymouth Corps was reported to surprise many people because of its large numbers (50) and the relatively young age of the group (between 12-18 years old), but the Plymouth Corps held its own during the Muster.

After the Muster the group performed several more times in New York and Ontario before heading for home tired, but satisfied with the trip.

The Plymouth Fife and Drum Corps is a non-profit organization supported by donations and fundraisers.

The Plymouth Corps spent the better part of the week in their dress uniforms, performing for many groups in Canada, and Eastern States.

Join "Bingo" (Ryan Slavin) and the "Kid" (Shannon Silve) and the Plymouth Park Players Friday Sept. 26 for the production of "Harry and Sylvia" at CEP. This will be a Dessert Theatre production, with a variety of delights available before the show. (Crier photo by Chris Boyd)

## Class of 1936 meet for 50-year reunion

About 60 members of the Plymouth High School class of 1936 compared notes and renewed friendships Sept. 6 as they met for their 50-year reunion.

"We weren't a terribly close-knit group," said organizer Jeanette Bauman-Schryer, noting that their last reunion was 25 years ago.

That's why she was surprised to see most of the people she was able to contact at the weekend meeting, she said. People from as far away as Texas, California, Pennsylvania and Florida came to the reunion, Bauman-Schryer said.

Alumnus, David Gates was the keynote speaker, reminding his classmates that when they graduated, scotch tape, fast food, ball-point pens and automatic transmissions didn't exist.

The 1936 Plythean yearbook said Gates was a lettered athlete and yearbook staffer.

Bauman-Schryer said that three teachers, now in their 80s, also came to the reunion.

"We didn't waste a lot of time comparing our careers," she said. "We mainly renewed friendships."

## WINNER OF THE WEEK

Many school crossing guards, such as Rebecca Wilson (pictured here at the Penniman Avenue/Sheldon Road intersection) work to help keep the community's school children safe. We salute our Plymouth-Canton Schools crossing guards as Winners of the Week for their efforts in school safety.

(Winner of the Week is selected by The Crier Editorial Staff without knowledge of the sponsor. Nominations for this honor may be submitted to The Crier Editorial Staff.)

# tell it to Phyllis

The 1986-87 school year at MSU begins this week. In some ways it was easier taking the kid back to school this year than it was last year, when it was her first year. The hard part is realizing that it won't be long before she lives away from home on a permanent basis.

So far I've discovered I haven't lost a daughter, I've gained a car and telephone. I had forgotten how nice it was to have a car whenever you wanted it. The amazing fact is that I can drive forever (well, at least a week or two) on a tank of gas.

As for the phone, I picked it up a couple of times and listened to the dial tone to make sure it was working. The thing rang constantly all summer and now the only time it rings is when the kid is on the other end of the line.

Now I finally have the time to do all those things I've been putting off all summer "Because the kid was home." It is amazing how many times I used that excuse. When the kids are around I like to spend time talking or doing things with them. Whenever I was home during the summer, one or the other of the kids was home. All this adds up to mean I didn't do a thing around the house all summer and now I've run out of excuses.

It is so quiet around the house and I'm not sure I will ever be able to get used to it. How can I go to sleep at night if I don't have the kid sitting on the foot of my bed, telling me to stay awake and listen to her?

Now that she's back in school, the water bill will drop considerably and the phone bill will soar. Just about the time I get the house in shape and start to get used to the quietness, it will be time for winter break and the kid will be home for the holidays.

Good luck kid, I hope your sophomore year is the best ever.

Travel TALK FROM Emily's World TRAVEL, LTD.

Emily Guettler

**HILTON HEAD ISLAND**

If you're an avid tennis-on-TV watcher, you have undoubtedly seen championship matches from the Harbour Town Racquet Club. More TV tournaments have taken place there than at any resort club in the world. The World Invitational Tennis Classic; the CBS Tournament of Champions; and the NBC/Family Circle Cup matches have all been played at the Harbour Town Club.

It's located on a colorful storybook gem called Hilton Head Island in South Carolina. Pirates and cotton planters used to roam the wide beaches where vacationers now swim, frolic, sunbathe, and ride bicycles. (The sand is firm enough!)

Other sports besides tennis (45 courts), include golf (11 courses), and some really fine fishing. Hilton Head is one of three top Atlantic blue marlin hotspots. Those who like the sport of eating will relish the fresh caught seafood in the restaurants. Plan a vacation at Hilton Head Island in South Carolina ... it's one of the REALLY new "in" spots!

Canton's Lynn Horvath has moved into the No. 1 singles position for the Chiefs this season, and has done well for herself. Monday she beat her North Farmington opponent. (Crier photo by Chris Boyd)

## Netters win

BY JANET ARMSTRONG

When Lisa Hayes graduated last year and went on to play varsity tennis at Eastern Michigan, she left an open No.1 singles spot on the Canton girls tennis team. Lynn Horvath was to be the new No.1 tennis player for Canton.

Although Horvath may have had a difficult time making the transition in the beginning of the season, she proved she is worthy of the spot Monday against a strong North Farmington opponent.

Horvath won the match 2 sets to 1.

Also scoring victories for the Chiefs was Jennifer Croll No. 2 singles, Tina Heath No.3, and Pam Penland at the No. 4 spot. Canton won the overall match 5-2 in the league matchup.

The Chiefs No.2 doubles team of Sherry Bajer, and Alissa Huth were also victorious.

"It was a good hard fought match, it was nice to see Lynn (Horvath) and the team play so hard and so well," said Carol Michaels, Canton's girls varsity tennis coach.

Canton also had an impressive day last Saturday at the John Glenn Tennis Invitational. Canton took first-place at the tournament for the third straight year.

The No.2 doubles team of Tina Heath and Michelle Khurana, and the No.3 doubles team of Pam Penland and Sandy Bajer all received medals.

Canton started the season with five wins in a row then lost two tough matches to Salem and Northville. With the Chiefs victory Monday put their record to 6-2 on the year.

BY MARTY TUNGATE

The Canton soccer team lost to a bigger stronger Churchill team Monday night.

The Chiefs got off to a bad start. Their passing was extremely poor, and the offense could only generate three shots on goal in the first half.

Luckily for the Chiefs the Chargers started off cold as well. The Chargers blew a number of chances to pull away from the Chiefs, but just could not put it together.

Not taking anything away from Canton goalie Marty Adamian and the Canton defense, who kept the Chiefs in the contest, but the Chargers just did not capitalize on many scoring opportunities.

By halftime the Chargers started turning it on, and managed to score twice on Canton to take a 2-0 lead into the intermission.

The Chiefs started off the second half looking just as poor as the first half -- bad passing, missed kicks, and an offense that lacked luster.

But Churchill could not come up with the knock-out punch, which gave the Chiefs one last shot.

The Chargers had stretched their lead to 4-0 late in the game, then on a fine offensive play Steve Rudelic scored for the Chiefs.

With time running out the Chiefs started to believe in themselves and launched another aggressive offensive

## PCA soccer off to strong start

BY JILL SCHAUFLE

"Off to a strong start" were the words used from one fan Friday night after Plymouth Christian soccer team returned home with a win of 6-2 against Huron Valley Lutheran.

Because they are a young team, with only three seniors, thoughts this summer pointed to a weak team. The team, however, seems set on proving this theory wrong, as PCA's record now stands at 4-0 on the season. Huron Valley's record fell to 2-3.

Despite the fact that PCA's leading

scorer, Jeff Campbell, a freshman who started as center-forward will be out for the rest of the season with a broken ankle from the previous game, the team did not get discouraged.

They realized they needed to pick up the slack and rely on other players for scoring. Four players shared the six goals scored for PCA's win:

Senior Mark Printy led the team kicking in two of the six goals. Senior Steve Wendle added one of his own to the total score.

Junior Mark Daines scored two

more for Plymouth Christian and junior Jeff VanWyk scored the final goal, racking up a total of six for their victory.

Brian Davies, a sophomore playing fullback was an important factor in Friday's win as he displayed fine defensive skills, making Huron Valley fight for it's goals.

Coach Del Wensley, previous coach of Intercity Christian, graduate and four-year varsity soccer player for Spring Arbor College, is new to the program this year at Plymouth Christian.

"We have a young team," Wensley said, "But they are willing to learn new skills, they play as a team with a lot of passing, these are two of the most important things."

When asked of his strategy before playing a game, it was of winning caliber, explaining that he never walks into a game thinking down, but expects to win, and motivates his team for a win.

"I am carefully concerned about how we play," Wensley said, "So far our team is looking good!"

### Champs

Bootleggers Too captured 7th place recently in the national softball modified Championship in Meadville, PA. Brian Murphey of Plymouth pitched all six games, winning four of them. Garry Novak of Plymouth led the team in hitting with a .417 average.

## sports roundup

### SALEM

**FOOTBALL** -- The Rocks finally got their first taste of victory Friday night. The Rocks rolled over W.L. Central 42-6. The defense of W.L. Central just could not handle the Salem wishbone attack, as the Rocks rushed for over 300 yards.

**GIRLS' BASKETBALL** -- Salem walked by Farmington 69-21. Dena Head scored 25 points to lead the Rocks, with help from Jessica Handley who threw in 14 points of her own. Saturday the Rocks have their toughest test so far this year when they'll face Mercy, which is ranked No. 6 in the state.

**GIRLS' CROSS COUNTRY** -- The runners competed in the Schoolcraft Invitational over the weekend, and did "quite well" according to Athletic Director Gary Balconi. They finished a strong second.

**BOYS' CROSS COUNTRY** -- The boys' team did not place as high as the girls team, but finished a respectable 5th, in the Schoolcraft Inv't.

**BOYS' SOCCER** -- The Rocks recovered nicely after their loss to number-one-ranked Churchill, to beat Farmington 4-1. Ted Hanosh had two of the Rocks four goals, while Mike Zaretti, and Randy Balconi chipped in the other two. Salem meets next-door rival Canton, tonight at 7 p.m. (Salem will be the home team).

**GIRLS' TENNIS** -- The netters coasted to another victory, beating Harrison 6-1, to boost their record to

9-0. Salem coach Judy Braun is looking for more big things to come from this year's team, "perhaps the state title," says Braun.

### CANTON

**GIRLS BASKETBALL** -- Canton beat Livonia Churchill 63-19 last week, with Tory Barger leading the Chief scoring attack with 18 points. Canton now stands at 3-3 on the year.

**GIRLS CROSS COUNTRY** - The striders out ran Livonia Churchill in conference play last week, winning by a 23-32 score.

**BOYS CROSS COUNTRY** - The boys thinclads also beat Churchill to the finish line, winning the meet 24-33. Al Byrnes finished first for Canton, coming in second in the meet overall.

**GIRLS TENNIS** - The netters captured first in the John Glenn Invitational over the weekend, and also beat North Farmington 5-2 on Monday.

**FOOTBALL** - The Chiefs suffered their first loss of the season against Walled Lake Western 14-7, last Friday. They now stand at 2-1 on the year. Joel Goebal scored the lone touchdown for Canton.

**GIRLS SWIMMING** - The tankers beat Belleville in Canton's pool last week by a 93-76 score, it was the first duel meet of the season for the Chiefs, and puts their record at 1-0 on the year.

## Canton soccer

Continued from page 30

Pat Frederick provided the excitement with a wide open shot on the goal bringing the score to 4-2.

Although time ran out the Chiefs, they started to look like a tough team to beat. Which is something they have not shown so far this season.

Head Coach Mike Morgan thought his team played a tough hard fought second half. Morgan let the team have Tuesday off from practice in preparation for tonight's big rival game with neighbor Salem.

"The seasons too long, and the kids are running themselves to death, they need a break," said Morgan.

Ken Johnson, Salem's head coach and Morgan believe tonight's game has a lot of pride riding on it.

"The kids are excited and ready to take on their neighbors," said Johnson. "Although its a non-league game, it means a lot to me and the kids," said Morgan.

Salem beat the Chiefs in their first meeting this year, but the Chiefs are a different team.

## Junior football results

The Plymouth-Canton Steeler junior football teams dropped two of three games over the weekend against the Ypsilanti Braves.

The junior varsity squad escaped with a victory, while the freshman and varsity both fell short in their bid for wins.

The loss was the first of the year for the varsity, who now hold a record of 2-1 for the season.

Ypsilanti held on to a 14-12 victory, even though the Steelers were able to cash in on touchdowns from Jonathan Brand and Liam Rentz.

The JV victory, a 10-0 blanking, was the result of scores by Lam Pham, and a safety by Joey Lopez and Shawn McGarry.

The freshman fell 19-6, with the only Steeler score coming from a Jeff Lamb touchdown.
